By raising motor car license fees 50 per cent Oregon would be able to spend \$11,000,000 in 1920 on hard-surfaced roads.

Oregon mineral resources for 1918: gold, \$1,270,200 (decrease \$221,500); silver, \$143,500 (increase \$40,000); copper, \$675,535 (increase \$50,100).

North Portland-New street car line which has been under construction into Peninsula industrial district, is completed and ready for service. The new line enters the district by way of paved Derby street approach to the Interstate bridge and passes along North Portland harbor line, connecting with old line near Live Stock bank.

Ninety-pound steel has been used to meet the heavy demand of this rapidly growing manufacturing center.

Consolidation of city and county governments at Portland opposed by senators and representatives, as it means abolishing hundreds of salaried positions, some of them held by relatives.

Utility commissions should organize on new lines and study out ways and means to get capital to come into western states, build railroads and utilities and see to it that they are money makers.

When Oregon's young walnut groves are in full bearing will rival California's \$3,000,000 crop. Largest grove in Oregon covers about 2000 acres.

Those who would exclude all immigration take a narrow view of national traditions and national needs for development.

U. S. GETS GUNS MADE IN GERMANY

COBLENZ, Jan. 23.—The Krupp plant at Essen began working for the United States government Tuesday. The task undertaken by the Krupp consists of making parts for seventy-two complete cannons, rejected by the American authorities as part of the war material offered by the Germans under the terms of the armistice.

The German commission which has been in Berlin debating the question of the heavy guns turned down by the American authorities, has arrived at Coblenz and reported that eighty cannons have been shipped to the headquarters of the American army of occupation to replace big guns which failed to meet requirements. With the delivery of the parts for the seventy-two cannons and the arrival of the other eighty, the delivery of heavy artillery to the Americans will have been completed. The American allotment called for 152 heavy guns.

FILIPINO IS NATURALIZED

HONOLULU, Jan. 23.—Sergeant Leon Feronda, a Filipino, enlisted in the United States army, was admitted to American citizenship here yesterday by Judge Horace W. Vaughan in the United States District Court, over the objections of S. C. Huber, United States District Attorney. Huber said he would seek to have the citizenship papers cancelled.

Friday Judge Vaughan granted citizenship to a Japanese enlisted man holding this was authorized by an act of congress adopted last year enabling the naturalization of aliens in military service. It was announced by the government proceedings to cancel the certificate in the Japanese case also would be commenced.

It was estimated 750 Japanese here would be eligible to American citizenship if Judge Vaughan's ruling was sustained.

MANY JOINING NATIONAL GUARD

Spirited enlistments are going on in the prospective national guard company being formed in this city. Three times a week enlistments are received and physical examinations given at the office of Dr. R. W. Logan, examining physician.

An average of ten has been put through the tests and finally enlisted during the past few evenings.

INDIANA ALSO PROTESTS RATES

INDIANAPOLIS, Jan. 23.—Governor James P. Goodrich of Indiana on Wednesday placed the resources of his office back of the fight of the Indiana public service commission against the new long-distance telephone rates ordered by Postmaster General Burleson, and issued a statement criticizing government control of wire communication systems and Postmaster General Burleson's act.

The new rates are not being collected in Indiana, because of a temporary restraining order issued by Judge A. B. Anderson of the United States district court.

GOVERNMENT GETS OFFICE VANCOUVER

VANCOUVER, Wash., Jan. 23.—The federal employment office to be established in Vancouver will be located at 313 Main street, recently vacated by the Oregonian agency, which had been there seven years.

William N. Marshall, who will be in charge of the office locally, with two others members of the commission, today decided to take this office. It is a block from where the Portland-Vancouver cars stop and in the same block where all the Vancouver cars loop, including the interurban lines to Sifton and Orchards. Work of preparing the office for use will begin at once.

MANY SHIPS TIED UP IN BUENOS AIRES HARBOR

BUENOS AIRES, January 23.—Nineteen steamships and 13 sailing vessels, aggregating 50,000 tons, are anchored in the harbor, awaiting orders on account of the strike of harbor workers here. They fly the British, French and Italian flags. Several steamers have left Buenos Aires in the last few days for Montevideo, to unload cargoes intended for Buenos Aires.

The former busy port here is deserted, and miles on miles of silent quays, flanked by huge empty elevators are to be seen. The streets surrounding the docks, which are usually jammed with drays, are empty. Almost the only sign of life is small groups of idle men, smoking pipes and spinning yarns in the shade of the warehouses.

LIVE STOCK REPORT

Prices of Lambs on Upward Trend—Cattle Receipts Large.

PORTLAND, Jan. 23.—One hundred and six cars of exceptionally good-looking cattle were received at the Portland union stockyards on Monday and Tuesday, which brought 1700 head of cattle, 115 calves, 3830 hogs and 1000 sheep to the market.

Trading started early Monday morning at the cattle scales with a decided amount of "pep" and by afternoon the majority of the cattle had crossed the scales. There was only a fair demand however, and though the cattle were of good grade the market had been slightly weakened by the over-supply of the previous week and Tuesday afternoon cattle in all grades were quoted at fifty cents to a dollar lower. Best steers were demoralized as the result of the increased numbers and limited outlet. There appeared to be a ready market, however, for best steers with quotations of \$12.00 @ \$13.25. A good many calves went from \$8.50 @ \$13.00.

Hog sales during the past week have been restricted almost entirely to present needs. The market has been in a rather weak condition for the past few days, but Monday morning found an advance of twenty cents for prime hogs. Top quotations were \$16.80 @ \$17.00; with the bulk of sales on Monday and Tuesday \$16.55. A large supply of hogs has been on the market to date giving the market an unhealthy aspect, but trading this week has been running more true to form with slight advances.

In the sheep market lambs are continuing their upward trend in prices and several batches of prime lambs were sold at a top quotation of \$14.50 with a strong, steady demand. Ewes, yearlings and wethers are also being called for with an extremely limited supply. The bulk of the lamb sales the past two days have been made at \$14.00.

Cattle quotations: Best steers, \$11.75 @ \$13.25; good to choice steers, \$10.25 @ \$11.25; medium to good steers, \$8.75 @ \$9.25; fair to good steers, \$7.75 @ \$8.75; common to fair steers, \$6.75 @ \$7.25; choice cows and heifers, \$9.25 @ \$10.25; good to choice cows and heifers, \$8.75 @ \$9.75; medium to good cows and heifers, \$7.50 @ \$8.50; fair to medium cows and heifers, \$5.75 @ \$6.75; comers, \$3.50 @ \$5.00; bulls, \$5.00 @ \$9.00; calves, \$8.50 @ \$13.00; stockers and feeders, \$8.50 @ \$8.50.

Hog quotations: Prime mixed, \$16.80 @ \$17.00; medium mixed, \$16.50 @ \$16.75; rough heavies, \$15.00 @ \$16.00; pigs, \$14.00 @ \$15.25; bulk, \$16.80.

Sheep quotations: Prime lambs, \$13.75 @ \$14.25; fair to medium lambs, \$9.00 @ \$11.00; yearlings, \$10.00 @ \$11.50; wethers, \$9.00 @ \$10.00; ewes, \$6.50 @ \$8.00.
