Social and Personal

Mrs. A. Lauer of Perry is a visitor in La Grande today.

J. E. Anderson left this morning for Baker City on business.

John Hodgins went to Baker City on a business trip this morning.

Mr. and Mrs. W. F. Maxfield of Joseph are guests at the Foley today.

Judge Knowles left this morning for Enterprise to sign some court orders.

H. F. Kelley of Washburn, Washington, is in La Grande today on business.

Sylvia Holmes, who has been in La Grande for a few days returned to Hot Lake this morning.

Lieutenant Simpson who has been in La Grande several days on business left for Boise this morning.

H. C. Grady returned this morning from San Francisco, where he was called a few days ago on account of the illness of his son, Harold. He reports him very much improved.

Chester Hamneck of Enterprise passed through La Grande this morning enroute to Enterprise. Mr. Hamneck has been at Camp Lewis and is now home on discharge.

C. E. Cochran, assistant counsel for the O. W. R. R. & N., passed through La Grande this morning, accompanied by Mrs. Cochran, on their way to Portland from Washington, D. C., where they have been the past month.

H. S. LYCEUM NUMBER.
The next number on the High School Lyceum Course will be held the evening of Friday, January 31, when a musical program by the Three Parnells will be presented.

BOY INJURED.
Palmer Byrketi, 16-year-old son of Mrs. G. Byrketi, was injured yesterday morning when a baseball, thrown by another boy with whom he was playing, struck him in the eye. Thinking that serious injury to the eye might result, he was taken to a special in Portland last night, but his friends were glad to learn today that the sight of the eye would not be affected.

GILBERT-VANDERMEULEN.
Miss Edna Vandermeulen and Harry Gilbert, both of La Grande, were married by a justice of the peace in this city yesterday. They will make their home here, where they have many friends who wish them well in their married life.

CITY ATTORNEY RESIGNS.
J. D. Slater, city attorney, has handed in his resignation to the city manager, the same to take effect February 1st. The Observer understands that the resignation has not yet been accepted. The city pays its attorney the sum of \$300 each year, and it is considered by some that it will be difficult to fill the position again for this remuneration.

Periwinkles Cultivated.
Along the coast of Brittany periwinkles are grown for market in shallow water, in beds floored with boards and fenced with wire net. The beds are filled and emptied by the tides, which bring abundant food. When 15 months old the mollusks are big enough to be harvested, a fair yield being ten tons to the acre.

BRIGADE CALLED TO SMALL FIRES.
An alarm from the residence of J. D. Haines was rung up to the city brigade Saturday evening, a blaze having started from a defective fuse. The call was promptly answered, and the fire was extinguished before damage of any consequence had been done.
Another little fire occurred Sunday at the Dearlove residence corner of Depot and X streets. A carpet was slightly burned by the fire there, but no other loss resulted.

BOHNENKAMP CO. ADDS IMPORTANT NEW EQUIPMENT.
In keeping with their policy of being able to give their customers the best of service on tires the W. H. Bohnenkamp Co. are installing a large hydraulic press for the purpose of putting on and taking off the solid tires that are used on auto trucks. Most of the trucks now being put out are equipped with tires which are pressed onto the rim by enormous pressure. In the past it has been necessary to either send the wheels to Portland for mounting tires or make use of a demountable type tire at a considerable increase of expense. With the new equipment here it will no longer be necessary to do this. A stock of solid tires will also be carried at all times.

WHITMORE-DAY.
Mrs. Josie Day and William Whitmore were united in marriage Sunday at 1 p. m. at the Christian parsonage in La Grande.
The services were read by Rev. Robert H. Coker in the presence of Mrs. Willis Sargent, Mrs. Paul Young, Mrs. E. M. Foster and Master Thomas Ruckman.
The bride was dressed in cream silk and made a pleasing appearance.
After the ceremony the party was given a wedding dinner at the home of Mrs. Isabel Murray, 1316 W. avenue, where Mr. and Mrs. Don Ruckman and baby Jane Sargent joined them.
The groom has a home in Imbler for his bride, where they expect to live. They have a host of friends to wish them a prosperous and happy life.

BUTTER CHEAPER HERE.
Butter prices took a tumble here this morning, and family financiers will rejoice to learn that it went all the way from 70 to 60 cents, thus following the Portland market. It is hoped that the price will continue on the downward path and that the cost of other commodities will soon follow suit.

Columbus' Three Vessels.
The Santa Maria was one of the three vessels with which Columbus set out for America from Palos, Spain, August 3, 1492. She was a good-sized out, ninety feet long, carrying sixty-six seamen. She was decked all over, and had four masts—two with square sails and two with lateen sails. The other vessels were smaller, and without decks, and they were all provided for a year.

Hun Palindrome.
The longest single-word palindromes in the English language are said to be "reviver" and "rotator," each containing seven letters. A friend of ours has discovered one of nine letters, viz., "dettanated," which may or may not be in the dictionaries. The Germans, however, have a palindrome of no less than thirteen letters, "reliefpeller," meaning relief columns.—Boston Transcript.

Ever Think of It?
Electricity can run through very slender wires. And the energies of living grace can enter the life through the medium of a very unfinished creed.—Christian Herald.

Appealed to Novelists.
Fully a score of novels have been written round the case of Lesurques, who was wrongfully executed in France for the robbery of the Lyons mail and the murder of the courier; the real criminal was one named Duboseq, to whom Lesurques bore a striking resemblance. The crime also formed the subject of several stage dramas; in one of them Sir Henry Irving scored a success in the dual part of Lesurques-Duboseq.

Novel Bean Huller.
An ingenious gardener has discovered that beans can be hulled with a clothes wringer. If the tension between the rollers is slightly loosened the beans will fall out of their pods without being broken.

Young Financier.
Newell entered his father's study one day much excited and out of breath. "Oh, papa," he said, "a man out in the street has some pigeons for sale, and I just lack 24 cents of having enough to buy one. Won't you give me that much?" As the father handed over the desired amount he asked now much the pigeons were worth. As the small boy hurried away he shouted back: "Twenty-five cents."
