**PAT FOLEY HOME
FROM CAMP PIKE**

Pat Foley arrived home last night, accompanied by Mrs. Foley and their two young sons. Since last fall Mr. Foley has been at the officers' training school at Camp Pike, Ark. He has received his final discharge and is back home to stay. During Mr. Foley's absence, Mrs. Foley and the children were with relatives at Scranton, Pa. The returned soldier brings the usual amount of experiences in the training camp, of which he had a full share, including a severe siege with the great scourge in which he came out a victor, but only after a long confinement in the hospital. One of his experiences that will be of local interest was an airplane trip with Dean Smith, another La Grande young man, who is an instructor in aviation at Elberts' Field, Arkansas.

Mr. Foley will again assume charge of the Foley hotel, having relinquished the management of the hotel when he was called to the service.

LYCEUM ENTERTAINMENT

The music lovers of La Grande have the opportunity of a rare treat when the Paroels, one of the most important numbers of the Lyceum course, appears at the high school auditorium next Friday evening.

Mr. and Mrs. Parnell are two of the most versatile musical entertainers on the platform today. Their program contains vocal duets and solos, 'cello solos, saxophone solos, readings, and character portrayals. In the latter role Mr. Parnell is an artist. Mrs. Parnell's reading in child dialect are always a source of delight.

Season tickets for the remainder of the course are \$1.75. Reservations may be made Friday at Silverthorn's. Single-admission tickets, 75c, may be secured at the high school Friday evening.

PROGRAM POSTPONED.

The scholarship loan fund program, which was announced to be given tomorrow afternoon by the Neighborhood club, has been postponed to a date which will be announced later.

FOOLS RUN SPY PLOTS.

In his new Paramount photoplay "The Claws of the Hun," Charles Ray foils Hun spies who plot to steal the secret of a high explosive which has been placed in his father's custody by the United States government. **FRENCH SOLDIERS LEAD
IN WORLD'S SACRIFICE**

At the outbreak of the war the population of France was 36 millions and of these 6 millions have been offered on the altar of freedom, thereby leading every other nation. We of America must be very grateful for this and also for an invaluable remedy for stomach, liver and intestinal ailments discovered by the peasants of France, which it is reported has saved many lives in America, prevented thousands of surgical operations and relieved incalculable suffering among its people.

Geo. H. Mayer, for many years a prominent Chicago chemist, imparts the ingredients and sells this remedy under the name of Mayer's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One sold by all druggists.—Adv.

**FRANCE SHORT OF MATCHES.
BACK TO PRIMITIVE WAYS**
PARIS, Jan. 24.—There is a match shortage in France. In some towns it is so acute that fires are kept burning continually in order that people may obtain firebrands. Usually disabled soldiers are placed in charge of these hearths and they have received the official title of "Fire Keepers." They are paid by the towns employing them.
