### PARENT-TEACHERS' ASSOCIATION WILL MEET FRIDAY

The Central Parent-Teachers' Association will resume activities by meeting Friday afternoon, Jan. 31, at 3 o'clock in the Central building. "The Ideal Parent" will be discussed by Miss Mettler, and "The Ideal Teacher," by Mrs. H. J. Ritter. Together with music, this promises to be interesting. Since this is the first program of the year, all parents are urged to make an effort to be present. The various committees have been appointed and at work for some time, and at this time the programs as planned for the year will be outlined by the program committee.

The musical program will include a vocal solo by Miss Florence Lynch.

### BOIL DRINKING WATER

Owing to the shortage of water at Beaver creek it is now necessary to get part of the supply from the Grande Ronde river. All water needed for drinking purposes should be boiled as a precaution against germs or contamination. While the conditions at the river are much improved over former years, there being now little or no chance for contamination from the meat company's plant, the city health board urges boiling of drinking water as a precautionary measure.

### BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to take any more lives in the name of calomel. His efforts to banish it brought out these little olive-colored tablets. These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't irritate the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to take Dr. Edwards' Olive Tablets in its place. Most headaches, "dullness" and that lax feeling come from constipation and a diseased liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" a clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

### MAKING OTHER FOLKS HAPPY That is the Mission in Life of the Parnells.

For many years The Parnells have been among the most popular entertainers of the platform, filling an average of two hundred and fifty engagements yearly. Both are pianists, readers and impersonators, in addition to being splendid singers, saxophone and cello soloists. With this unusual combination of talents they are enabled to present a program which for excellence and versatility surpasses that given by most four-people organizations. To good music is added entertainment of the highest quality. They will soon be here on the Lyceum course and their appearance will be one of the most thoroughly enjoyable events of the season.

### NEW PROPRIETORS OF STATE CAFE DOING GOOD BUSINESS

George Pappalex and R. Johnston, who for a short time past have been conducting the old Doyle cafe under the new name of the State cafe, have made good progress since they bought the business in working up a good patronage. Though the new proprietors came here from Island City they are not unknown in La Grande. Mr. Pappalex was formerly connected with the Paris cafe and the excellent quality of the meals he served his customers at that time is well remembered and gained for him the reputation of being an artist in his line. Mr. Pappalex is handling the same end of the business at the State cafe, and this fact will likely be largely responsible for the success which the new proprietors will undoubtedly attain.

### This Woman Only Weighed 90 Pounds

Takes Tanlac and She Now Weighs 135 Pounds—Condition Was Alarming.

"When my wife began taking Tanlac she only weighed ninety pounds and she now weighs one hundred and thirty-five, giving her an actual gain of forty-five pounds," said Clarence E. Malin, the well-known contractor, living at 815 West Fifty-first street, Seattle, Wash., recently.

Mr. Malin's statement, while indeed remarkable, is by no means exceptional, as thousands of well-known people all over America have testified that they have used the master medicine with the same astonishing and gratifying results.

"Mrs. Malin commenced to fail in strength and go down hill two years ago, just after the birth of our last baby," continued Mr. Malin. "Her appetite was very poor and she would get so weak and dizzy at times that she would have to catch hold of something to keep from falling. The least little thing would bring on one of these dizzy spells. She always suffered in the morning and was hardly ever free from headaches. I have known her to go five or six nights in succession without getting any sound sleep and I don't see how on earth she ever managed to do her housework, as she would have to either sit down or lay down every little while during the day. As I said before, she only weighed ninety pounds and her condition was getting to be alarming."

"She never seemed to be able to get anything to help her, so I got her to take Tanlac and now she is just like a new person and I have never seen her looking better. Her appetite is just fine, she thoroughly enjoys her food and has not had a sign of dizziness since she began taking Tanlac. She sleeps like a child now, is cheerful and happy all the time and her work is not the least trouble to her. "Well, I had been suffering a great deal with rheumatism in my arms and

### ISLAND CITY MAN WINS PROMOTION

Writing to his mother, Mrs. D. D. Deane, of Island City, recently, says that he is feeling fine and besides enjoying plenty of liberty has been promoted to the position of chief electrician, so that he has reason to be in good spirits. The new rank entitles him to a monthly cheque of \$72.50. Mr. Deane is stationed at U. S. Naval Air Station overseas, but he writes that he expects to return to the United States soon.

### LETTER FROM HUGH HULSE
