DANIELS CONFIDENT 3 YEARS PROGRAM WILL GO THROUGH

ANNAPOLIS, Md., Feb. 1.—"We shall not build against any nation, but so long as this republic needs a navy we must have one for our own protection and to preserve the peace of the world, that will be powerful, strong and modern," declared Secretary of the Navy Daniels in an address Friday afternoon at the graduation exercises of the last naval reserve class, United States naval academy. After expressing confidence that congress would authorize his three-building program for a greater navy, Secretary Daniels voiced the belief that the league of nations "will bring about such a friendship and understanding among all nations as will ultimately cause a reduction in armament and a consequent decrease of expenditures for naval strength. "But so long as America needs a navy," he reiterated, "we should build the types of ships which will keep it ahead of any other navy in the world."

FARMERS WANT OWN VOICE

AMERICAN FARM BUREAUS TO BUILD UP ORGANIZATION

National Convention at Ithaca, N. Y., February 12th and 13th to Start Action.

American farm bureaus now swing into national action.

A convention at Ithaca, N. Y., on February 12 and 13 is scheduled to carry out the county farm bureau idea and organize a national association. Delegates from a score of states will be in attendance.

Several state organization of county farm bureaus have been perfected. Now the national organization.

The county farm bureaus as operated in Iowa and other central states have organized into district and state organizations for the purpose of handling farm problems in a business-like way.

The farm bureau movement is headed in every county by officers and committees representing the county unit. Every bureau has a county agricultural agent, whose salary is paid jointly from the Smith-Lever bill and county funds.

The Smith-Lever bill provides that the federal government shall provide a portion of the funds needed to pay for the county agricultural agents' salaries.

The membership fee of the farmers of \$5 a year and county funds make up the balance needed to finance the farm bureau movement. Ten per cent of the farmers' membership fee is used to finance the state and national organization.

It is predicted that the meeting in Ithaca will result in mobilizing the farm bureau movement into a big, broad way to the end that farm business will hereafter be conducted along big business lines and farmers will have a channel through which all farm problems and questions may be ably handled. When national questions come up there will be duly accredited representatives to present the farmers' side of every question.

The membership fee of the farmers varies in some of the states, but the farmers are contributing their share in the support of the farm bureau movement.

The organization is non-political and readily co-operates with all agencies interested in agriculture.

The organization is non-political and readily co-operates with all agencies interested in agriculture.

TROOPS ENFORCE ORDER AT PEN

LEAVENWORTH, Kans., Feb. 1.—

The second battalion of the Forty-ninth infantry was placed on guard at the United States disciplinary barracks following a "strike" there late yesterday by approximately 2000 prisoners. The soldiers were ordered to shoot to kill if any attempt was made to break through the guard or cause a demonstration. Yesterday morning the man who had refused to work on Thursday were still confined to their cells, having again refused to resume work.

The trouble is thought to have developed over the honorable discharge of a number of conscientious objectors.

Colonel Rice, commandant, stated he had the situation well in hand and expects to end the mutiny by Sunday.

GERMAN TROOPS WILL BE SENT TO BREMEN

PARIS, Feb. 1.—The Berlin government has decided to send troops to Bremen to maintain order. The first contingents already have arrived in Bremen.

Gustav Noske, head of the government's bureau of defensive measures, justified the measure on the ground that the situation at Bremen cannot be endured. He said a small minority was seeking to impose domination by violence.

He added that the troops sent to Bremen would not fire a shot unless the Spartacists first offered violence.

MANY NOTABLES FOR PEACE MEETING

GATHERING AT PORTLAND IN FEBRUARY TO GAIN SUPPORT FOR LEAGUE OF NATIONS.

PORTLAND, Jan. 31.—Thousands of prominent men and women identified with the important business and public affairs of Washington, Oregon and Idaho, have been invited by William Howard Taft, former president of the United States and now president of League to Enforce Peace, to attend the North-western League of Nations convention which will be held at the Municipal auditorium in Portland, February 16 and 17. Former President Taft will attend the convention in person and be one of the chief speakers. Others will be Dr. Henry van Dyke, formerly minister to the Netherlands; Frank Walsh, former joint chairman of the war labor board; President A. Lawrence Lowell of Harvard, and Mrs. Phillip North Moore of St. Louis, president of the National Council of Women.

Although the peace conference has endorsed the League of Nations, the ratification of the compact will be submitted to the United States senate and it is desired to give the senate evidence that the great body of the American people favor the league as a basis of world peace. For this purpose nine League of Nations conventions are being held. The other convention cities are Boston, New York, Chicago, Minneapolis, San Francisco, Salt Lake City, Kansas City, Mo., and Atlanta, Ga.

At the Portland convention the League of Nations will be discussed from the viewpoint of labor, industry, commerce, international law, religion, women's organizations. The purpose is to show not only the meaning of a League of Nations to civilization and humanity but to every individual.

ARCADE

HAS STRONG ROLE IN "THE HUN WITHIN"

Popular Griffith Player Seen as Patriotic Girl Who Fights Hun Spies

Dorothy Gish, the charming D. W. Griffith actress has a splendid role in "The Hun Within," the superb new special Paramount-Atterast production which will be displayed at the Arcade theatre today. Miss Gish who is recognized as one of the most talented screen players in the country, is seen in this great photoplay as a patriotic American girl who risks her life to foil the dark plots of German spies who are seeking to destroy transports conveying American troops to France.

Miss Gish went to France and England with Mr. Griffith and his producing force some time ago and she with her sister Lillian, a prominent Griffith star, has an important role in "Masters of the World" which is now being shown with immense success in New York. It is said that in "The Hun Within," Miss Gish's role is equally strong and since the story of the picture deals with a subject in which all patriotic American citizens are interested, it has exceptional appeal.

Miss Gish plays the part of a patriotic American girl whose love affair is interrupted by Hun spies who seek to destroy American transports bound for France with troops. She foils this plot in an ingenious way, but not until after she has had thrilling experiences, all of which are calculated to keep the attention of the audience at high tension. The activities of United States Secret Service operatives in dealing with the Hun spy menace, are graphically shown in the photoplay.

The photoplay screen players portray the various roles.

GOODWIN BURIED AT ROXBURY TODAY

FUNERAL SERVICES HELD BY DE WOLF HOPPER, FAMOUS ACTOR AND OLD FRIEND

NEW YORK, Feb. 1.—All that was mortal of Nat Goodwin, the veteran actor, was interred at Roxbury today. DeWolf Hopper, a life-long friend of Goodwin, read the services, in the presence of a delegation from the Lambs' Club. The dead actor's parents arrived this morning from their home in Massachusetts and attended the funeral services.

Goodwin made his professional debut as a newboy in "New York," at Boston, in 1884. The following year found him at the famous Tony Pastor's in New York, from there until his death his great activities were marked by almost uninterrupted successes as star and producer in America, England and Australia.

Goodwin was five times married. His first wife was Eliza Weatherby, a comedy actress who died in 1887. A few years later he married Nellie Baker Pease; in 1898, Maxine Elliott, with whom he appeared in a large number of plays, including several of Shakespeare's; subsequently Miss Edna Goodrich (Bessie Edna Stephens), who was his leading woman for several years, and his most recent wife, Margaret Moreland, the wife of an army lieutenant. Goodwin's country home was at Ocean Park, Santa Monica, Cal.

Goodwin was said to have taken a sixth wife, Georgia Gardiner, of Los Angeles, Cal., who is playing in the company in which Mr. Goodwin was starring at the time of his death. She came to New York a few days ago to arrange for his care here.

HINDENBURG REPORTED TO BE RAISING NEW ARMY

PARIS, Feb. 1.—Reports from Berlin saying that Field Marshal von Hindenburg is raising four army corps for protection of Germany's eastern frontier have attracted considerable attention in military circles here.

If the field marshal were successful in collecting such a body of troops, its existence would upset the present calculations of Germany's armed strength on which the size of the allied army of occupation is to be based.

Net for Smugglers.

A curious method of preventing smuggling instituted by the Italian government is the fixing of a motalle net along the length of the Swiss frontier. The net is of five-mesh steel wire about nine feet high, and there are gateways at different points.
