JOSEPH PEOPLE ENJOY FINE MUSICAL PROGRAM

C. J. SCRIBER RETURNS FROM LA GRANDE—ANOTHER HARD WINDSTORM—HOG SHIPMENT TO PORTLAND.

JOSEPH, Feb. 11.—(Special)—The best musical program heard in Joseph for many months was given in the M. E. church to a large audience last Sunday evening, under the direction of Mrs. F. D. McCully. Vocal and violin solos and beautiful anthems made the evening a big success in every way. Following the music F. H. Gaulke, chairman of the Armenian-Syrian relief committee for Joseph made a stirring talk on this work, in which he announced the coming drive for funds. Rev. J. A. Cook spoke of the centenary movement of the M. E. church.

Mrs. Della Shannon went to Evans Sunday to see her son Joe, who was injured last Friday by having a horse fall upon him. He is said to have sustained several internal injuries, which may prove serious.

C. J. Scriber of Armin, who has been spending the winter in La Grande, came up Saturday to spend a few days in Joseph.

Harold Edgman of Enterprise was a Joseph visitor the last of the week. After spending about seven months on a ranch near Joseph, I. A. Plokey returned to his home in Cullum, Ida.

Another hard wind visited Joseph last Saturday night, but did no damage. Repairs necessitated by the former "blow" are now practically completed in most instances.

Mrs. A. K. Parker of Enterprise spent Sunday with her sister, Mrs. H. S. Gibson of Joseph.

O. E. Gorsline shipped a car of hogs to the Portland market last Saturday.

W. E. Leffel returned Saturday from a business trip to La Grande.

Mrs. J. A. Johnson returned Sunday from La Grande, where she has been visiting her parents.

Gus Schrader arrived last week from Coquille.

After visiting for a short time at Blackbird, Ida, C. R. Bird returned to his home Saturday.

Mrs. Elmer Atkins of Pine Creek passed through Joseph last week on her way to La Grande, where her grandmother is ill.

VENGEANCE WREAKED BY OUTCAST HUSBAND

Terrible vengeance is wreaked by the scorned and outcast husband in "The King of Diamonds," the Vitagraph Blue Ribbon Feature, which will be seen in the Sherry theatre last showing today. Drugged until he appears like a leper, the husband wanders all over the world until he learns of the deception and is cured. Returning, unrecognized, and with vast wealth, he finds his wife and the other man married. First he sweeps away their last dollar in a stock plot. Then he makes the man believe his wife is faithless. Their lives ruined, he throws off his disguise and moved by a new love which impels him to forgiveness, he starts to make restitution, and just in time. Both the objects of his old hatred were about to end their lives. Harry Morey is the husband and others in the case are Betty Blythe, Jean Paige and George Majorani.

The Noose of Death, chapter 11 of the great western story, A Fight for Millions also shown.

World's Oldest University.

The oldest university in the world is at Peking. It is called the "School for the Sons of the Empire." Its antiquity is great, and a grand register consisting of 320 stone tablets is kept to contain the names of 60,000 graduates.

CLOCK AGAIN TO GO AHEAD

DAYLIGHT SAVING PLAN IS TO BE CONTINUED.

Time Pieces Are to Be Set Ahead an Hour on the Last Saturday Night in March.

WASHINGTON, D. C., Feb. 12.—Do not forget to turn the clock one hour ahead when you go to bed on the last Saturday night in March for the Daylight Saving law goes into effect on the last Sunday next month. The National War Garden Commission is getting inquiries from all over the country as to whether this law continues, so to set your mind at rest here is the law: "That at 2 o'clock ante-meridian of the last Sunday in March of each year the standard time of each zone shall be advanced one hour, and at 2 o'clock ante-meridian of the last Sunday in October in each year the standard time of each zone shall, by the retarding of one, be returned to the mean astronomical time of the degree of longitude governing each zone, respectively."

Never mind about the October part of it. The thing to remember is the March end of the programme and thus get started right. Charles Lathrop Pack, president of the National War Garden Commission, gives a great deal of credit for the great war garden record of 1918 to the Daylight Saving law. According to the estimates by the Commission the war garden crop was worth \$555,000,000. This was an increase of 51 per cent over that of 1917.

The Commission's survey showed that 5,285,000 home food producing plots were planted. With 26 working days in each of the seven months you have 182 extra hours of time. If only one gardener worked this extra hour of time in each plot it will be seen that 941,570,000 hours of extra time were added to the country's wealth. Since there are 8,750 hours in a year you find the staggering total of 109,804 years of 24 hour days.

In an eight-hour working day the real advantage is found by multiplying 109,804 by 8, giving 329,409 working, or eight-hour day years. Importance of this extra time cannot be over-estimated in the opinion of Mr. Pack.

"We must help feed the peoples of Europe," says Mr. Pack. "Will you have a part in the great work at hand? Next to the sun the extra hour of daylight is the best friend the victory gardener has. Will you meet the sun half way? Will you be up to take advantage of the health giving garden work in the cool of the morning? Have the spade and the hoe handy and turn the clock ahead one hour on the last Saturday night in March and be ready for the biggest home food producing year the country ever saw."

CONVINCING TESTIMONY.
