TALENT OF PUPILS IS DEMONSTRATED

EXHIBIT OF LA GRANDE SCHOOL POSTER WORK PLACED IN PUBLIC LIBRARY.

Poster work of eighth grade pupils of the La Grande schools is now on exhibition at the public library.

About sixty posters designed under the supervision of Miss Blanche Clark, who is in charge of art work in the public schools, have been arranged for examination by parents and the general public. Each one is an original working out of an ornamental library notice, for use in a public library building. Most of the wording was supplied to the students, but the treatment is their own, and shows much individuality. The work is arranged to show the posters from each building separately.

The classes which made the posters were conducted at the Central school by Miss Janet Jones; in Greenwood by Miss Edith Wilson, and in the Riviera building by Miss Edith Bork. Among the names of the children who designed the posters may be noticed many who are frequent patrons of the library. The conception of many of the designs show a remarkably keen appreciation of the meaning and atmosphere of the public library. The wording of the signs include such notices as "Clean Hands Mean Clean Books," "New Magazines at the Public Library," "Books from the Oregon State Library," "Books on Lincoln," "Quiet, Please," "High School Reading," "The Library Will Be Closed Thanksgiving," and similar legends. The exhibit will be open during regular library hours; 1 to 6 and 7 to 9 on week days, and 1:30 to 5:30 on Sunday. The public is invited to view these examples of excellent work being done by the public schools of the city.

FOUR RECRUITS LEAVE FOR NAVY

Two La Grande boys and two Elgin boys left this city this morning on No. 5 for Portland, sent by M. Reelison, chief carpenter's mate, U. S. N., of the Naval recruiting station, Pendleton, who spent a couple of days in La Grande this week. The local boys are Manfred C. Duckett and Clarence M. Tolcama. The Elgin boys are Nicholas J. Weir and Charles H. McMullen. All four of the boys were seventeen years old and secured their parents' consent to their enlistment. The new recruits are rated as apprentice seamen and will be sent immediately to San Francisco for training. In addition to these four, two applicants were considered by Officer Reelison, but they were not able to meet the physical qualifications.

Officer Reelison left this morning to return to Pendleton, but he intends to return for another visit in La Grande in three or four weeks. He declared himself to be well satisfied with the results of his visit here, and states that in the meantime if there are any young men here who wish to learn particulars of service in the navy, they may secure the desired knowledge by writing to him at Pendleton.

Beginning today, the magnificent Cecil B. De Mille production of "The Whispering Chorus," an Arvernt picture in which an unexampled array of cinema players are featured, will be the attraction at the Arcade theatre and continue until Saturday. The stamp of popular approval placed upon this picture in all parts of the country has been most enthusiastic and its presentation at the Arcade theatre promises to prove an epoch in the history of that house. The picture is one of exceptional dramatic power and its heart appeal is unusually compelling. Its theme is of the Zolaesque order of realism and the development of the plot of a high standard of story. Public interest in the presentation equals, if it does not far surpass what shown in any picture at this theatre for many seasons.
