Mrs. W. J. Church enjoyed the visit Saturday and Sunday of her sister, Miss Cameron, and her niece, Miss Helen Jones of Portland. They were accompanied by Lieut. Hall, also of Portland.

Odd Funeral Customs. Curious funeral customs lingered long in Wales and the border counties. Aubrey tells us of "the stenter," who came to the house of the dead person and for a meal and a fee undertook the responsibility of the guilt of the departed!

City of Memories. The fair city of Comptegne is called by the London Chronicle, "a city of memories, sad and romantic." It was there that Joan of Arc was made prisoner and handed over to the British. It was on the bridge across the river that Louis XVI awaited his bride, the ill-fated Marie Antoinette. It was there that Napoleon made Marie Louise his wife. The first ceremony had been performed, as was the custom, by proxy in Vienna; the civil and religious marriages were to follow in Paris. But the story goes, the ardent emperor, tearing up set programs, drove furiously through a storm, met her at Courcillois and hastened her to her bridal chamber in Comptegne.

CARD-OF THANKS We wish to express the appreciation and sympathy of the friends, given us in our recent bereavement, in the burial of our beloved mother, Mrs. W. E. Marx has the work under way for the removal of the two frame structures which now occupy a part of the site of the new garage to be erected by Julius Roesch on the corner of Adams and Fir streets. A. and will put them through the popular folk dances which are being taught in all the colleges and universities of the United States. "LESS THAN KIN" FINE PLAY FOR WALLACE REID

Of the numerous meritorious photoplays in which Wallace Reid has starred in the last year, none presents a happier mixture of thrills, mystery and laughs than "Less Than Kin," the latest Paramount starring vehicle for Mr. Reid which will be shown at the Arcade theatre today. This is especially true as regards laughs. The first laugh comes when Mr. Reid, as Lewis Vickers, a dare-devil young American, who is temporarily sojourning in Central America because he is "wanted" in the United States for murder, tries to drill a motley Central American army, which is mounted on mules, burros and horses. The difficulties of getting this "worst army in the world," as Mr. Reid calls them during rehearsal, in shape, proves some screamingly funny situations, which will be heartily appreciated by all who see the picture.

ANOTHER TEAM WILL JOIN CHURCH LEAGUE

Not to be out-done and to prove that they are on the job the Christian church will have a basket ball team to contend in the church league. This fact was brought out when E. W. Eastman rushed into the Y. M. C. A. yesterday and said the Christian church would have a humdinger of a team. The following men, Mr. Eastman said, "will represent the Christian church: Harold Taal, center, George Shepherd, forward; Ivan Shepherd, forward; Clyde Bunting, guard; Frank Hardin, guard."

IF THE FARMER STRUCK

City labor just now is exercising its constitutional rights by wholesale refusal to work. And while it is tough on business and embarrassing to city folks, and all that, still about everybody is getting three meals a day, and the babies have their eggs and milk, and had his butter with his cakes, and his three strips of lean bacon.

WILL TEACH LADIES FOLK DANCES AND GIVE CALISTHENICS AT "Y."

Suppose Farmer Jones, 2,000,000 of him, on May, said: "I have been working 16 hours a day, and not more than breaking even. I am not appreciated, I'm going to rest awhile. John, turn the pigs out into the woods."

GETTING RID OF COLDS

The easiest and quickest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be taken not to contract a second cold before you have recovered from the first one, and there is serious danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on—adv.
