Semi-Annual Banquet of Local Sportsmen Coming This Week

Al. Andrews, secretary of the Wing, Fin and Fleetwood Club, announced this morning that it is the intention of that organization to hold its semi-annual dinner the latter part of this week. The exact day has not been definitely arranged, however, but it will be known within the next couple of days. As the Wing, Fin and Fleetwood club has some 1,400 members among Union county rod and gun enthusiasts, their get-together meetings are affairs of some magnitude.

Mr. Andrews states that the club is expecting the visit of Henry O'Malley, the government inspector of fish hatcheries this week, and they will arrange the day of their feed to suit his arrival. Mr. O'Malley is coming here to visit the hatchery at Minam, for the purpose of making a report to the government concerning the restocking of the streams of Eastern Oregon with blue-black salmon and mountain trout.

CHANGES MADE IN HUNTING SEASONS

Union county sportsmen will be interested to learn that changes in the seasons for hunting blue grouse and deer that are advantageous to the hunters have been made at the recent session of the legislature. The season for blue grouse will open in future August 1st, instead of the 15th, following the recommendation of the Wing, Fin and Fleetwood Club, of this county, that the change be made. The reason for the request was that men who wish to hunt with dogs could not do so under the former ruling, for by the middle of August the grouse go back into the hills, where it is not possible for the dogs to work. The season for blue grouse will close November 10. The season for pheasants remains as before.

The season for shooting deer will open this year September 1st, being later than in the past. This change was brought about by the same influence, and removes the need of the closed season which in former years had been ordered by the governor to continue during the month of August, on account of the extreme dryness during that month and the consequent danger from forest fires.

Mrs. C. C. Dugger, of Boise, is visiting in La Grande at present at the home of her sisters, Mrs. C. W. Peterson and Mrs. Roy Forrester. Mrs. Dugger is on her way to Portland, to join her husband and make her home in the city.

The centenary will utilize the means found most useful government Liberty loan camp. The government "four minute" have their counterpart in "Methodist minute men," an organization of laymen covering the try who deliver pithy addresses.

Forgo, What He Needed.

From the Republican, Mt. Gilliam, O.: The editor had an interesting experience some time ago, when a young gentleman came to this office and asked for a copy of the Morrow County Republican. He scrutinized it carefully when a copy was handed him, and then said: "Now I know! What is it you are looking for?" We inquired, "My wife sent me after a bottle of Chamberlain's Cough Remedy and I forgot the name. I went to several stores and the clerks turned over everything in the line on the shelf except Chamberlain's." I'll try again, and I'll never go home with Chamberlain's Cough Remedy." The Republican would suggest to the proprietors of stores, that they post their clerks, and never let them substitute. Customers lose faith in stores where substituting is permitted, to say nothing of the injustice to makers of good goods and the disappointment of customers.—adv.

LEE TUTTLE RETIRES

Will be succeeded by W. J. Henry as Editor of Elgin Recorder.

The retirement of Lee Tuttle as editor of the Elgin Recorder is announced in connection with the return of W. J. Henry in the last issue of that paper as follows:

W. J. Henry, former editor and owner of The Recorder, arrived home Sunday morning from Louisville, Ky., to which place he was sent for discharge after his arrival at New York. He enlisted in Portland June 4 and was sent to Camp Fremont, where he was made a member of Battery A, of the 83d Field Artillery of the Eighth Division. The brigade trained continuously at Fort Sill, Okla., from July 4 to Oct. 8th, and received all the training necessary before entering a battle. His was the first and only artillery brigade given complete training in this line. He sailed from Camp Mills and landed at Brest, France, Nov. 29th, the day the Kaiser jumped his job and beat it for Holland. Mr. Henry's organization succeeded in getting only 60 miles inland from Brest and remained in France only a little over a month. Returning he landed at New York Jan. 19, being on board the President Grant, which carried back 5,600 men.

The ship on which Mr. Henry crossed to France was the Monongahlan, and old mail carrier that used to run from San Francisco to China and was the first to sink a German submarine after our passenger boats were armed. As a result, the German government offered a reward of \$100,000 for the Monongahlan and \$20,000 reward for the captain. It was once reported that the Monongahlan had met her fate but the report was untrue.

Mr. Henry states that France does not appeal forcibly to him but values his experience in the army. He appears greatly improved in health and is some 25 of 30 pounds heavier.

ETHEL CLAYTON IS SEEN AS THIEF IN HER NEW PICTURE

Beautiful Ethel Clayton will be seen at the Arcade theatre today and tomorrow in her first Paramount photoplay, "The Girl Who Came Back," a picture of "Leah Kleeschna," a famous stage play. Elliott Dexter is leading man and Theodore Roberts is in the cast. The play is one of the strongest, it is said, that has been seen here in a long time. There are emotional moments of the highest type and yet the play has a decidedly uplifting tendency and is anything but morbid.

Miss Clayton has done much important screen work but it is declared that this represents the best that she has ever done. The role is suited to her splendid talents and she has an excellent cast and production. Robert G. Vignola directed and the adaptation is by Bouslah Marie Dix.
