SHARK MONROE ONE OF BILL HART'S FINEST PICTURES

There is little doubt that the popular verdict on William S. Hart's splendid new photoplay, "Shark Monroe," which is to be displayed at the Arcade theatre tomorrow and Saturday will acclaim it one of the finest pictures in which he has yet been seen. In this production Mr. Hart discards the chaps of the frontiersman and is seen as a typical skipper of a sealing schooner on the Alaskan coast.

Monroe is a savage man whose reputation extends far and wide. He meets a beautiful young woman in strange circumstances one night and takes her and her despatched brother to Alaska. He learns to love her with passionate fervor and when she goes to Balsam City and falls into the hands of a notorious trafficker in women, Monroe follows and saves her in one of the most impressive situations ever disclosed in any motion picture.

Monroe is the center of many highly interesting scenes of this powerful story. How he wins the girl's love by his bravery, after he had slain the man who sought to dishonor her, is told in scenes that are vibrant with thrills and heart appeal. Mr. Hart directed this photoplay under the supervision of Mr. Ince and his support is highly capable. His leading woman is Katherine MacDonald, one of the most charming of screen actresses, Joe Singleton, Berthold Sprotte, Geo. McDaniel and others.

What Are The Six-Year Molars?

WHEN the child is about six years of age the first permanent molars appear. There are four of these—two in the upper jaw and two in the lower. They come in after all the temporary teeth have been lost, but appear just back of the last temporary molar on each side and in each jaw. They are very often mistaken for temporary teeth and are frequently lost. It is a mistake to imagine that a tooth coming in is a temporary one, especially in the upper jaw. If anything goes wrong with them they should be removed by a dentist.

If any of the six-year molars are allowed to be lost, by decay or by accident, it is a loss which cannot be repaired. Nothing can ever be done in the future which will permanently replace the lost molar after it has been removed.

These four permanent molars do most of the chewing for a period of five years. They keep the jaws apart while other teeth mature and take their normal places in the jaw. Their loss is not necessary and is a loss which is very important and is the first permanent loss of six-year molars.

Social and Personal

Rev. Otto, Baptist field missionary, returned this morning from a brief business visit to Baker.

A news stand has been erected in the O. W. depot here this week. The proprietors are the Gray News agency.

Mr. and Mrs. E. W. Rumble of Portland, spent Wednesday visiting at the home of Mr. and Mrs. F. L. Lilly.

Mrs. E. P. Messman left this morning for Portland, where she will spend a few days visiting her friend, Mrs. Jessie M. Honeyman.

F. L. Meyers, of the La Grande National Bank, left last night for Portland on bank business. He expects to return tomorrow.

H. W. Peat of Baker, just returned from overseas service, stopped off here for a couple of days this week and visited at the R. Allen home.

Miss May Lilly, of Joseph, who was operated upon in the Grande Ronde hospital about a week ago, was able this morning to return to her home.

Mrs. L. E. Miller, of Chicago, mother of Mrs. R. J. Kitcher of this city, arrived this week to spend a month visiting at the Kitcher home.

Eugene Holmes, a former well known Walla Walla county man, who now resides in Portland, is visiting this week at the home of his brother, P. J. Holmes, in this city.

Mr. and Mrs. John Speckhart and daughter, Miss Bertha, and Mr. and Mrs. Herbert Speckhart arrived home this morning on No. 17 from a five weeks' visit to the home of Mr. Speckhart's father at Quincy, Ill.

Adrian Escott, who had been training for some time at the Mare Island navy yard at San Francisco, went through this morning on his way to the home of his uncle at Prongue.

Miss Gladys Amey and Mr. Jean Amey, who had been visiting for a few days at the home of W. W. Fowler in La Grande, returned this morning to their home at Enterprise.

R. J. Green left this morning for Elgin, the heavy snow fall having caused him to turn his attention for a day or two from legal matters here to the welfare of his stock on his Minam ranch.

Lawrence Shibley, the man who installed the chlorination plants recently purchased by the city of La Grande for the purification of the Grande Ronde river water, was in town yesterday. Mr. Shibley had been working on a project at Ontario, but he left last night to return to his San Francisco headquarters.

Mrs. Oscar Hopper, who has been a patient in the Grande Ronde hospital for some time, is reported to

day to be slowly improving in health. Mrs. Hopper underwent a critical operation a short time ago and her condition since that time had been very low. Many friends in this city will be glad to hear that she is on the way to recovery.

MRS. N. J. UNDERWOOD CLAIMED BY DEATH

Mrs. N. J. Underwood, an aged lady of La Grande, died last night. Her husband was a well-known Grand Army veteran, whose death occurred about three years ago. She leaves two sons in La Grande, John and D. C. Underwood; one son, J. C. Underwood of Weiser, Ida. A daughter, Mrs. J. Thompson, lives in Oklahoma. The remains are now at the Henry undertaking parlors and the funeral announcement will be made tomorrow.

CITY MANAGER MAKES REPORT

I have to submit as reported by the several departments for the week ending March, 1919:

That there were no fires for the week and the fire department was not called. The fire chief has submitted a statement of the cause for various fires during the past year, which should be of interest. It is as follows and was taken with the idea of preventing future fires from the same cause if possible.

Five were caused by defective flues, two by over heated stoves, two by stove being too near walls, six by rubbish and hot ashes, two by oil stoves, one by lightning, eight by dry grass and weeds, one by kettle of burning oil, one by cigarettes and eight from causes unknown.

Two electrical permits were issued and two inspections of wiring made. In the police department there were seven arrests: one state case, one drunkenness, one having liquor, two traffic violations, one boot-legging. Fines collected for the week \$170. The treasurer's report follows:

Water Repts	667.92
Imp. Dist. Int.	44.70
Imp. Dist. Inst.	415.25
Permits	1.50
Licenses	65.00
House Rent	11.00
Recorder's Turnover	144.50
Total	\$1289.88
Disbursements	
Imp. Bonds paid	\$2,484.95
Cont. Warrant	16.20
Imp. Dist. Int.	165.00
Total	\$2,666.15

From the recorder we have fines received \$125.00, one moving picture license and one warrant on literary fund issued. The street and water force were used mostly in cleaning snow from walks and gutters. Some repair work was done on water pipes, one leak on Adams avenue repaired and one stand pipe installed at the fair grounds.

A case of smallpox caused some trouble and apprehension in the

police department last week but was finally disposed of by placing the patient in quarantine in a rural district and securing a nurse to care for him.

Mr. Shibley, of the California Jewel Filter company, and Mr. Kelsey, hydraulic and water supply engineer, of Portland, are here today and we have been going over the water situation with a view to deciding what is best to be done to increase the supply of water from Beaver Creek.

Respectfully submitted,
JOHN COLLIER, Manager.

LESTER WILSON HOME
Lester Wilson, son of Mr. and Mrs. Allan Wilson, of La Grande, arrived this morning from Camp Lewis, where he has recently secured his discharge, after service in France. He was with the 21st division and was returned a short time ago with a casual company.

HUGE HUMAN DOCUMENT

"The Heart of Humanity" is not a war film but a huge human document with the war as a background.

This description of Allen Holubar's newest multiple-reel film, the picture that has given Dorothy Phillips the opportunity of her career for superb acting—an opportunity of which she has made the most—is that of Mr. Holubar himself.

Mr. Holubar objects to having his production, which indubitably expresses the greatest work this master-cinema-dramatist has yet achieved, classed with other war spectacles. It is his contention that "The Heart of Humanity," which soon will present to the world what probably will prove the most poignant tale yet pictorialized of mother love in its relation to the world strife, is above all an exposition of the 75 per cent of all sacrifice and of all service that the women of the world have given to the Cause of Humanity.

"Let me tell you how I got my idea for 'The Heart of Humanity,'" said Mr. Holubar. "When I was making 'The Talk of the Town,' with Miss Phillips as my star, I had an assistant camera boy by name of Crisp, who came to me from France with 24 shrapnel wounds to his body. He told me he was one of a family of five youths who had gone to war from Canada. And the only one to return, by the way. He explained how his mother suffered from heartache and at the brink of death from the agonies of contemplating the fate of his brothers.

"Then I thought to myself how the mother's sufferings would have been alleviated had there been brought home to her the glory of her sacrifice; the beauty of the thought that her boy had died in defense of their sisters and brothers in Belgium and France.

"Her sacrifice showed me the extent of the tragedy of the mothers of America, of Canada and of the world. Then Mrs. Olga Linek Scholl went to work with me on the script of the story. The result is 'The Heart of Humanity.' It will present to the world, I hope, the spirit of the work of the Red Cross, recruited from the mothers and sisters of the civilized countries which have suffered at the hands of the Hun."

"The Heart of Humanity" will be

shown at Arcade theatre on Sunday, Monday and Tuesday and judging from the more than marked success that this production has met with in the large eastern cities, where it has been shown it will be well if the picture fans of La Grande will arrange to attend the matinee performance and avoid the crowds that will undoubtedly come in the evening.
