ASSISTANT AT SANATORIUM

DR. PHY HAS SECURED 'HELP'
AT INSTITUTION

Mr. Omer E. Lilley, of Bellevue Hotel, San Francisco, Has Arrived to Take up Work

HOT Lake, March 22.—(Special)—Today is "spring" day, a calendar day, which only comes once a year, but the hot "Spring" at the sanatorium is a perpetual, never failing supply of bounteous nature's gift to the sick and suffering, and apparently its healing properties are gaining popularity. If evidence of the sanatorium's progress is taken into consideration, the big house is practically, nay, really full and overflowing, and the business of the institution has increased so much lately, that Dr. Phy, medical superintendent and manager, has been compelled to obtain the services of an assistant manager, for the multitudinous duties falling to the lot of manager of such a large business, are more than any one man can undertake and hope to achieve and continue to achieve the high merit of accomplishment, always aimed at by Dr. Phy. The doctor has now engaged Mr. Omer E. Lilley, late of the Bellevue Hotel in San Francisco as assistant manager of the Hot Lake Sanatorium. The very nature of the business, if it is to succeed as a healing institution, calls for the one man at the head of affairs to superintend and manage, to be intimately acquainted with each guest and with particular needs and requirements, and so to do this great work, successfully, Dr. Phy obtained Mr. Lilley as his assistant, a gentleman well qualified for the position as the doctor found out while staying at the Bellevue during the time he was in government service at the Letterman General Hospital, San Francisco. Mr. Lilley, accompanied by his wife, arrived here a few days ago and has already entered upon his duties with every prospect of adding to the general improvement of the sanatorium and the well being and comfort of the guests.

The roads in the vicinity of Hot Lake are in rather watery condition at present and auto find great difficulty in negotiating the terrain, not so though, with the sanatorium vehicle, for instead of using the usual auto truck for hauling all kinds of loads, the auto truck has been laid up in the barn and so, the little tractor Dr. Phy bought for pulling the plough, harrow, etc., has been brought out, hitched up to a wagon load and away it chugs chugs through any mud and water up to and two and one-half feet deep; nothing stops it, its got, qualities of a submarine, tank and airship combined or separately. Some machine.

Among the number registered during the first part of this week are the following "out of town" guests: Mr. and Mrs. C. C. Young, Payette, Idaho; W. W. Shires, Mrs. J. B. Carter, Mrs. Claude Basche, Mrs. L. E. Pratt, Baker, Mrs. S. McDaniel, Miss Nora McDaniel, Alice Jones, Miss Spain, Mrs. E. Harris and Miss Eleanor C. Williams of Union; Mrs. T. G. ROMANOS ASSUMES SAME LEAGUE STAND AS WILSON

MADRID, March 21.—Premier Romanos told the Associated Press Thursday that he was a partisan of the league of nations in the "same sense and scope as President Wilson."

"Spain is ready to collaborate with other nations to her utmost ability to establish the league and will make whatever sacrifices are within her power to ensure its success," he declared.
