Wilson Still Improving.

WASHINGTON, April 7.—Paris advices today said that President Wilson is steadily improving, but is still in bed. He will not attend the meetings today. A Paris report says that President Wilson has reached a point so far on the road to recovery that Rear Admiral Grayson, his personal physician, permitted him to receive late Sunday the other American peace commissioners. It was the first time the president has talked to anyone other than Colonel House, Admiral Grayson and the immediate members of his household since he became ill.

The cold from which the president has been suffering appears to have been broken. The fever has disappeared, but the president is still weak and it is not expected that he will leave his room before Tuesday. It is expected, however, that he will be strong enough today to look after some of the details of the peace negotiations, but that he will not be in a condition to attend any of the meetings of the big four until Tuesday.

IMPORTANT SUBJECT IS CONCLUDED

COUNCIL IS IN ACCORD ON THE MATTER OF REPARATION FROM GERMANY

PAYMENTS DISTRIBUTED OVER THIRTY-FIVE YEARS

Rights of Belgium and France Will Receive the First Consideration Which Countries Will Receive the First Payments—Occupation of the Left Bank Abandoned.

(By Associated Press to The Observer) PARIS, April 7.—The council of four on Saturday reached an agreement on the principles of the indemnities and reparations to be paid by Germany and examination of the details will begin immediately, the newspapers say. It is not believed there will be any disagreement as to details, and it is indicated that the text of the financial terms will be finished during the week.

The Echo de Paris says that compromises were effected on all debatable points regarding the sum to be paid at once by Germany and the payments in the future. Against the opposition of the French government, it was agreed, the paper says, to distribute the future payments over a term of thirty-five years. The payments for the next few years were fixed.

The Journal says there are indications that the rights of France and Belgium to prior consideration in the payments by Germany have been recognized. The first German payment, it says, will be 25,000,000,000 francs, of which 5,000,000,000 francs will go to pay for raw materials to insure the resumption of German economic life. France will get 10,000,000,000 francs and Belgium 5,000,000,000 of the first payment. The rest of the indemnity, the paper says, will run over a period of thirty-five years.

Plans for continued occupation of the left bank of the Rhine have been abandoned and the allies will depend upon an economic blockade as the means of pressure on Germany. Final agreement on the Rhine and Saar valley questions will be reached before the end of the week, it is added.

SEEKS AID FOR LABOR OFFICES

ASSISTANT DIRECTOR OF CIVILIAN RELIEF IN CITY

Is on Tour of State Working Up Support to Carry Over the Employment Service.

On a tour of the state of Oregon in an endeavor to get the Red Cross and the United States Employment Service co-operating in the matter of securing employment for discharged soldiers and sailors, Frank E. Manning, assistant director of civilian relief, is a visitor in La Grande today. As soon as it was found out that congress had failed to pass an appropriation for the carrying on of the work of the employment service and that for this reason the branch offices throughout the state were to be discontinued, the Soldiers' and Sailors' Commission of Oregon immediately set aside a certain sum of money to enable the nine employment offices in the state to take care of the soldiers' and sailors' end of the bureau. Mr. Manning was then sent out to see if he could arrange for the communities to carry the civilian end of these offices.

"I have visited Astoria, Salem, Eugene, Marshfield, Medford and Pendleton," says Mr. Manning, "and everywhere I have found public sentiment strongly in favor of continuing the offices for two or three months, or until such time as congress reconvenes and makes the necessary appropriation to continue the work."

PLANS MADE FOR TRAIN'S VISIT HERE

MASS MEETING WILL BE HELD WEDNESDAY EVENING IN M. E. CHURCH.

NOTED PERSONAGES TO BE ON PROGRAM

Local Returned Men Asked to Help Explain Exhibits to the Visitors—Train Will Arrive Here at 4 o'clock Wednesday Afternoon, Remaining Until Midnight.

The visit of the War Trophies exhibit train to La Grande Wednesday afternoon, aside from being one of the most important features of the advertising campaign for the fifth Victory Liberty loan, is expected to be an event of genuine interest and of real educational value. The train will arrive here at 4 o'clock Wednesday afternoon, and visitors will be allowed to pass through the cars from that time on until midnight, when the train is scheduled to leave for the next stopping place.

There will come with the train what is claimed to be the greatest aggregation of soldier speakers ever assembled on the Pacific. There are wounded heroes of the Argonne, St. Mihiel and Verdun, tank gunners and drivers with the Croix de Guerre, Frank Irvine of the Portland Journal, the famous blind orator, is included in the party. There will be a popular and widely known lady soloist, and O. R. Hartwig of Portland, president of the Oregon State Federation of Labor, will also be one of the speakers. These particulars were contained in a telegram received yesterday by E. E. Kiddle, who is county campaign manager for the Victory loan, from Robt. H. Smith, state manager.

Mass Meeting in Evening.

To give the public generally a better opportunity to hear all the speakers than could be had at the train, it has been arranged to hold a mass meeting Wednesday evening at 8 o'clock, in the Methodist church, Fourth street. There will be war tales told by the visiting veterans of the recent conflict, there will be splendid music and inspirational addresses by Mr. Irvine and Mr. Hartwig. The hope is expressed by County Manager Kiddle and by the assistant manager, Mrs. George T. Cochran, that every patriot in the city and community will attend this mass meeting.

Local Veterans Sought.

It is the intention of the local management to arrange for local returned soldiers to be present at the train and add local interest to its visit by explaining to the visitors some of the articles of warfare which will be exhibited. This will considerably relieve the men who are sent with the train and will be a feature that the people of the community will be sure to appreciate. Mr. Kiddle asks that any returned men who will be willing to act in this capacity communicate with him or with Mrs. Cochran.

Labor Man Drawing Card.

It is expected that the presence of O. R. Hartwig, president of the State Federation of Labor, will ensure a large attendance from the ranks of the labor men here. Mr. Hartwig is well known to many here, and is held in high esteem for reasons aside from his position in the Federation of Labor.

City Wants Help

To the city has been delegated the task of arranging for the handling of the crowd at the exhibit train during its stay here. The assistance of local service men for this work is requested by the city manager, who asks that volunteers will communicate with him and appear in uniform Wednesday afternoon. In this connection it is also asked that children and parents with babies visit the train during the afternoon, when the crowd is expected to be smaller than in the evening.
