Could Hardly Have Been Grief. "Jurd Ruckelshaffer's oldest girl got married last night," repeated Captain Johnson of Tumpus Ridge, who was in Tumlinville on a shopping expedition. "Ah! Who was the happy man?" asked the editor of the Torch of Liberty. "Jurd, I reckon. Lenstways, when I rid by his place this morning I seen him standing on his head in a fence corner with his heels waving in the air. And, as Jurd is all of fifty years old, I don't low that grief would drive him to cutting such capers as that."—Kansas City Star.

Backache? Rheumatism? Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new prescription, "Amiric," is bound to give immediate results as it is many times more potent than lithin in ridding the impoverished blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for "Amiric" for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night. Send to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a 10c. trial package. MADRA, CAL.—I recommend Doctor Pierce's Amiric very highly. I have suffered for the last three years with catarrh of the bladder, having voided every remedy I heard of but without relief. I saw Amiric advertised in the paper, and the following man grabbing at a straw I thought I would try it also which I did with great success, as it relieved me almost immediately, before I had taken all of the trial package, and having great confidence in the remedy I immediately sent to the drug store and bought a full-size package. I can say to all suffering from any disease of the kidneys or urea and troubles, try this remedy and suffer no longer. I have great faith in Dr. Pierce's remedies.—S. P. HANSTADT.

U. S. PAYS \$200 TO BRING EACH SOLDIER HOME

Money to Meet Expenses Will Be Raised Partly by Victory Loan

Army authorities have estimated that the average in bringing a soldier from France to his home in the United States will be \$200. To bring the American Expeditionary Forces home will cost the government close to \$600,000,000. Estimates included \$64 to get the soldier from the battlefield or camp in France to a steamer, \$85 to transport him across the Atlantic and \$74 to send the soldier from the port of debarkation in the United States to his civilian home. If it were merely a question of moving a large number of men as individuals the great number would permit combinations of resources that would result in reduced rates for each man. The authorities point out that the A. E. F. is an army and must be brought home as an army. It must bring its baggage and equipment with it. Some Details The whole American transportation system in France cost \$700,000,000. The railroads alone cost \$400,000,000. Part of the huge cost of this system must be charged to the cost of returning the men. That is why the War Department made the apparently high profit rate of \$24 a man to bring a man to a seaport in France. Even with special government rates, it costs Uncle Sam an average equivalent of at least \$40 a man transported to charter ships. This cost must be added to the cost of operating all the ships in use. To run the ships, keep them in repair, maintain their crews, costs an equivalent of \$22 a man transported. That is why the government is paying \$62 a man for every soldier brought back overseas. Navy men say it cost \$75 for every man sent over on a British transport, so \$62 for the return fare is a low estimate. Demobilization Costs To handle the troops on landing, the great embarkation plant at Hoboken and the distributing camps, Upson Mills and Dix, are being used. These enormous building developments, as well as the other cantonments, hospitals, etc., cost \$750,000,000. Now that they are again being put to use to handle the return and demobilization of the soldiers, a part of their cost is very properly charged to the cost of returning the troops to their homes. The Victory Loan is being raised by the government to meet some of these expenses.

FAMOUS FRENCH 75 MM. SHELLS GIVEN AS PRIZES

Upon request of the secretary of war General Pershing has allowed 2000 unserviceable 75 millimeter cartridge cases for distribution of prizes during the Victory Loan drive to be launched April 21. The cases were asked for by the treasury department to stimulate interest in the raising of the \$2,000,000,000 which is the sum asked for by the government. The 75 millimeter rifles are the most famous artillery gun used in the war being especially effective for barrage work.

BLIND CARRIES WOUNDED MAN WITH MESSAGE

Ankles Broken, Soldier Rides on Shoulders of Blind Comrade to Deliver Note The shell burst directly ahead. For a moment in his agony he forgot the document in his pocket that duty had instinctively led him to protect with his now shattered hand. Moreover, he soon learned that both his eyes were gone. Groping about on the ground hoping to discover some means still to deliver the message he touched a man's foot. He, too, was in agony, and he said, "Go easy, there; both my ankles are broken." "They may be broken, but what I want to know is, can you see?" "I can." "Well, then I'll carry you and together we shall deliver the message." If you will carry the message of the Victory Liberty Loan with as much determination the bravery of these two men will have been more worth while.

Do You Sleep Well? To be at his best a man must have sound, refreshing sleep. When wakeful and restless at night he is in no condition for work or business during the day. Wakefulness is often caused by indigestion and constipation and is quickly relieved by Chamberlain's Tablets. Try a dose of these tablets and see how much better you feel with a clear head and good digestion.—adv

A three weeks' supply of Hair Remedy and guaranteed, \$1.00. Hair Remedy Co., Dept. C., Chemical building, Chicago, Ill. 4-7-1f

FRENCH REWARD BRAVE UNITS OF THIRD DIVISION

Decorate Regimental Flag of 30th Infantry with Croix de Guerre with Palm

This is the reward the French gave a regiment of United States regulars who made the name Chateau-Thierry immortal in American history. On the regimental flag of the 30th Infantry, 3rd Division, near Mayon, there hangs today the Croix de Guerre with palm—tribute of the 35th French Army Corps for the magnificent work of the 30th at Chateau-Thierry the night of July 14-15. In addition, Col. E. L. Butts, who commanded the 30th that night to the Bois d'Amont, was given the Croix de Guerre. Colonel Perry is now in command. Three men also were given the French war cross. Maj. Gen. Joseph T. Dickman, former commander of the 3rd Division and now commander of the Third American Army, was present at the ceremony. The 35th Infantry had been decorated previously, as well as the 7th Machine Gun Battalion, which was the first unit of the 3rd Division to reach the bridge at Chateau-Thierry. In the 7th, 29 decorations were awarded, five men being cited at the order of the army. One of the greatest rewards the American people could make to these heroes would be to oversubscribe the Victory Loan.

U-BOAT TO VISIT COAST A captured German submarine now being returned from abroad will visit the principal seaport cities of the Pacific Coast during the Victory Loan drive. If possible the submarine will be taken up some of the rivers to the larger cities so that inland places will have an opportunity of viewing the boat.

If you would be wealthy, think of saving as well as getting. Get ready for the spring garden. Field and garden seeds can be had at the Sawyer-Holmes company.—adv. 3-16-1f
