Children smile when they take
Foley's Honey-Tar
1st. It tastes good.
2nd. It makes them feel good.
3rd. It will turn a distressed, fretful child into a happily smiling one.
Because it is just what children ought to have for feverish colds, coughs, croup, "snuffles" and heavy, wheezy breathing.
It's a healing, soothing, cooling ointment on a feverish, inflamed, itching throat, and it stops coughs quickly. It's good for croup, too.
It contains no morphine, chloroform, or other drug that you would not like to give to young children, and it is just as effective for grown-ups.
