LITTLE LA GRANDE RUSSIAN RAILWAY
Said That Not One Per Cent Population Is in Favor of Bolshevism.
STOCKHOLM, March 18.—Spandee of the Associated Passenger traffic on Russian railways has ceased ostensibly because of spread of spotted typhus but because there are no locomotives spare and because there is shortage of fuel, according to the former editor of the Grand Rjetch. Thanks to having he has just managed to Petrograd which he said was perate straits.
'At the Putloff Works, where 15,000 men were employed, a very few are now to be seen. Mr. Hessen to the Associated 'Sabotage prevails. Locomotives not be repaired nor constructed only one of the Bolsheviks have at four million rubles.
'In Petrograd a piece of bread costs four rubles, bread twenty a pound, meat thirty, sugar and butter the same. Maxim Gorkov, novelist, has at his disposal 100,000 rubles for printing books supporting authors and tutors, books can be printed as long as it is five rubles a pound.
'Why the Bolshevik regime fallen puzzles everyone, part the Bolsheviks themselves. For time they have expected to and prepared to quit, but something happened that is their chances. Last autumn Perm was taken by the Czech armed forces threatened from Ukraine and the Narva and warships approached in the Bay everyone was sure it was the beginning of the end. And then, instead the invitation to Princess Islay hands once more. Journal men seem to have a special interest in the Hot Lake institution. Fred Lockley came along a few weeks ago and proceeded to make his home there for a short time; then came Frank Irvine, editor of the Journal; and La Grande's former city manager is out there today, setting the moss soaked off after a long stay in the woods.

WANTS CITY TO PAY FOR ERROR

GEORGE LYMAN STUNG ON PURCHASE OF LOT
Commissioners Grant Request for Rebate of Penalties and Get Full Payment.
The gentlemen of the board of city commissioners had a very quiet evening at their regular meeting last night. Dr. Brownson, president of the board, was absent, and but little business came up for consideration. Commissioner McKennon filled the chair in the absence of the president.
Application from George Lyman for the cancellation of certain street improvement costs assessed against a lot which he has recently purchased, was not favorably regarded. Before buying the lot Mr. Lyman had been told at the city office that the city had certain claims against it. After buying it he was informed that a mistake had been made and that the assessments were considerably larger than he had been told. He thought he should not be made to pay for the city's mistake, and while the commissioners agreed with him to a certain extent, they said they knew of no provision in the city ordinances which would allow them to make Mr. Lyman a rebate of the amount in question. The matter was left over for another week for investigation by the city attorney and the city manager.
Notice was served on the board of the application of the Eastern Oregon Light and Power Company for permission to increase their rates and abolish the discount they have been giving for prompt cash payments. The board decided that there was no action for the city to take in regard to this application. Notice was also given that the trial of the water rights case, which has been pending for a long time, will be heard in the circuit court July 1st.
Resolutions authorizing building of certain sidewalks were held up because they lacked full description of the properties affected. This will be included and the resolutions brought up again next week.
Street improvements, in the way of grading, on Walnut street were authorized by a resolution. The street will be graded from the north line of Washington to the north line of Main street.
S. R. Haworth appeared with a request that the city accept payment in full of the street improvement costs against his property less the amount of the penalties which have been added. The original assessments amounted to about \$876 and the penalties to \$46. The commissioner favored the request and instructed the city manager to make settlement with Mr. Haworth for the amount offered. This matter concluding the business of the evening, a motion of adjournment was passed.

FAST GAME AT 'Y' LAST NIGHT

METHODIST AND PRESBYTERIANS HAVE EVEN GAME
M. I. A. Bunch Too Rough and Too Heavy for Baptists' Aggregation.
Two fast games of basket ball were staged last night at the Y. M. C. A. between the Methodists and Presbyterians and the M. I. A. and Baptists. The games were the hardest fought of any played this season although the scores of the games were 28 to 16 in favor of the Methodists and 37 to 8 for the M. I. A.
For the first five minutes of the Presbyterian-Methodist game neither team was able to score and then the stalwart Methodist bunch got their eye on the basket and forged ahead. At the close of the first half the score was 6 to 12 in favor of the Methodists. Kivett and Proctor got working together better in the second half and for a time tied the Methodist score but Jack Wright, captain of the M. I. A. team, would not have it that way and proceeded to make enough baskets to get his team out of danger. Cramer the fast guard for the Methodists sneaked up twice and dropped the ball in the basket. The work of Lynch at guard was mighty good, for he was following the ball all the time and fighting every minute of the game.
Although the Baptists were defeated badly 8 to 37, they played a hard game throughout the contest with the heavier M. I. A. team. This game was much rougher than the preceding game and because of the inability of a few of the players to hold their temper the game was called off three minutes before the end of the final period.
The M. I. A. team was able to hold the lead throughout the game, although for the first five minutes the Baptists outplayed them. Koneynon and Thieson at forward and Heidenreich playing center did fine work for the Baptists. There is in fact, no team in the league that has made such fine strides for team work as the Baptists. Mose Lyman, Brandt and Bean played exceptionally well for the M. I. A.
The next games of the league will be played next Wednesday night when the Methodists and M. I. A. teams come together for their last contest. The game will probably be the best game of the tournament because both teams are so evenly matched. The last time these teams clashed the score was a tie at the end of the playing period. The Baptists will take on the Presbyterians.
The standing of the teams is as follows:
M. I. A. 8 0 1000
Methodist 5 2 714
Presbyterian 3 4 423
Baptist 0 8 000
His Tribute.
Hans was on a visit to his grandfather's farm, and for the first time saw a lot of bees making honey. After looking at them with deep interest for a few moments he said: "Well, I must say they is certainly a wonderful lot of little quimda."
Observer advertising will bring results.
