EASTER SERVICE OF TEMPLARS

ANNUAL EVENT CELEBRATED AT FIRST M. E. CHURCH

Sermon by Rev. N. S. Hawk on Brotherhood Greatly Appreciated by the Sir Knights.

The Easter services held at the Methodist Episcopal church were among the most inspiring and best attended ever held in La Grande. It was the occasion of the Eastern Commandery No. 6 Knights Templar attending in a body one of the churches of the city for special religious services. Sixty-five of the Sir Knights met at their Asylum and marched in a body to the Methodist Episcopal church, where seven hundred people awaited their arrival. The services were unique, inspiring and spiritual.

Rev. Nathaniel Sherman Hawk, pastor of the church preached on the text, St. John 20:19 and 1st Cor. 12:20. His theme was "Brotherhood in Practice, as Based on the Resurrection of Jesus." The Sir Knights pronounced the sermon one of the best ever delivered before them. A synopsis of the sermon follows:

"The Friday's work was done, the stone of the sepulchre was sealed, and the military guard posted. The disciples were somewhere hid away through fear of the enemy. Yet very early in the morning two or three women were seen hurrying toward the sepulchre thinking to annoint the body of Jesus. They had loved Him though his cause looked hopeless; they loved him still. On the way a great difficulty looms up before them, and they ask, 'Who shall roll away the stone?' They knew not that angels were in the garden keeping watch till it should be the hour to speak to the children of men the blessed message heard in heaven when angels were sent to roll away the stone from the empty cave. Heard on earth when women first, then men, were told, 'He is not here,' the word went forth from the quiet garden to the city, on out through Judea, Samaria, Galilee, on and on to far off Britain, dim and legendary in its mists and fogs; and so from continent to continent, even to us who are assembled here this morning comes the same life word ringing forth in sweet clear tones the same precious news, "Christ is risen from the dead and has brought life and immortality to light through the gospel."

"The death of Jesus scattered the disciples, made brotherhood impossible, but in the majestic gospel of Easter tide we are told of the power and glory of brotherhood. Brotherhood is the inevitable result and crowning evidence of true and undefiled Christianity. That makes brotherhood basic essential, desirable, and advantageous.

"A very practical phase of brotherhood is individuality, or personal equation. This is by the Apostle Paul in the 12th chapter of 1st. Cor., viz., in the human body. The hands feet, bile and tongue each have their functions to perform. So has every member of the brotherhood. Uniformity is not necessary. Men do not have to think alike, or look alike in order to be brothers. But there must be unity, though there is variety. We are brothers in enjoyment—high joy is possible only when our fellows rejoice. We are brothers in achievement. This is illustrated in government, business, and property values. Even the bread we eat shows our interdependence. This principle also pertains to personal character. It is impossible to build the virtue of love without having someone to draw upon this love or to reciprocate. So then when we learn to enrich ourselves by enriching others, when we learn to enjoy by sharing the pleasure, this will usher in the Millennium. God hasten the day."

The Sunday school of the Methodist Episcopal church gave an interesting Easter program on Sunday evening. Three hundred and fifty people gathered to enjoy the exercises of the little folks. At the beginning of the services the pastor baptized eleven infants and children. Another opportunity for infant and children baptism will be given on Children's day.

VICTORY SHIP'S VOYAGE

Word has been received by the local marine corps recruiting station, room No. 11, Sommer Building, that the navy department has detailed a large battleship to be known as the Victory ship, on a voyage from San Francisco to New York, leaving San Francisco yesterday, April 21, the opening day of the Liberty drive. The speed of the ship will be determined entirely by the daily subscriptions to the Victory loan. The object will be to bring the ship to New York, which will be the Harbor of Victory, on the date the entire amount of the loan is subscribed.

The government is sure that the men in the service will do more than their share to bring the navy's Victory ship safe to port. These are the terms of the Victory Liberty loan, which opened for subscription today: The total amount for the loan is $4,500,000,000; rate of interest 4 3-4 per cent for partially tax exempt notes which are convertible into 3 3-4 per cent notes entirely tax exempt; notes mature in four years and date from May 20, 1919. No one can afford to neglect this chance of making the soundest possible investment.

For the fourth time Jacksonville was the first district in Jackson county to secure its quota in a Liberty loan drive.
