COBLENZ IS THE GREAT CENTER

American Army of Occupation Find Conveniences in Rhine City. COBLENZ, Germany, March 20.—(By Mail)—Since the beginning of American occupation of Germany the Kalesias of Columbus force has steadily grown until today at Coblenz there is an independent headquarters of the organization with its own complete equipment. The operations beyond the Rhine are under the immediate direction of Fred V. Milan of Minneapolis. He has under his control a force of over 100 secretaries. This quota would be much larger were it possible to obtain men for any one of the 100,000 men now employed in large number are employed in the warehouse and about the clubs in larger capacity. The entire operation of the Army of Occupation is directed from headquarters in Coblenz. The city is therefore a busy area and daily over 1,000 soldiers have enjoyed the liberty of the city. These men come from the far districts of the army, from Treves and the camps situated far on the Rhine or the Moselle. It is a mighty army that the American service organizations must make as comfortable as their means will permit while they await the word to start for home. The men come from the outlying camps in the big fleet of river boats plying the Rhine and Moselle rivers. They are met by men of the nights of Columbus and from their arrival in Coblenz or Treves, the second leave center of the area, they are urged to make the headquarters and club of the organization their homes. At Coblenz the visiting soldiers are billeted in a huge structure formerly known as the Florient Magazine and there is room for 1200 men every night. In this big warehouse nearly 20,000 doughnuts are fried on some days. The entire output of each day is sent to a given soldier unit in the occupied district. At their destination these delicacies are distributed by the head of the nights of Columbus secretaries in each club-house. In Coblenz, before the war there was maintained one of the finest municipal baths in all Germany. The big structure now is in the hands of the Knights of Columbus who are providing every modern bath, needle, shower, tub, medicated or just a plain old fashioned sponge and rub, for over 500 soldiers every hour. At the enlisted men's club there are eight large rooms where every want of the soldier is supplied. There is also an officers' club nearby. Across the Moselle from Coblenz is a large American garrison, the soldiers of which are not permitted to cross the river. Four clubhouses have been established at that post for the enlisted men and a large club has recently been opened for officers. Sherry's—Sunday and Monday—"The Rainbow Trail." 4-22-17, Get ready for the spring garden. Field and garden seeds can be had at the Sawyer-Holmes company.—adv. adv. 3-16-17, MONEY TO LOAN. MODART CORSETS Front Laced

WHY LOOK OLDER THAN YOU ARE?

It is astonishing how many women through lack of attention are wearing corsets that give a more mature appearance to the figure than it should have, and consequently they appear to be five or ten years older than they are.

It is possible to readily improve that condition if you will come to our corset department and get a trial fitting of the MODART front laced corset.

A Coated Tongue? What it Means

A bad breath, coated tongue, bad taste in the mouth, languor and debility, are usually signs that the liver is out of order. PROF. HENRY METER says: "The liver is an organ secondary in importance only to the heart." We can manufacture poisons within our own bodies as a snake's venom. The liver acts as a guard over our well-being, sifting out the cinders and dross from the general circulation. A blockage in the intestines piles a heavy burden upon the liver. If the muckiest are clogged or clogged up, the circulation of the blood becomes poisoned and the system becomes clogged with toxic waste, and we suffer with headache, yellow-coated tongue, and taste in mouth, nausea, or gas, and dyspepsia, languor, debility, or jaundice in or eyes. At such times one should use a pleasant laxative. Such a one is made of Marsh-mallows, leaves of Senna, put into ready-to-use form by Doctor Pierce, nearly fifty years ago, and sold for 25 cents by all druggists as Dr. Pierce's Pleasant Laxative.
