STARKKEY PRAIRIE FOR SALE

We have a couple of good improved farms in Starkey Prairie for sale, at practically grazing land price.

ADJOINING CITY LIMITS

Ten acres for sale at a bargain, and on the best of terms. Can rent it for this season.

NEAR PALMER MILL

Three nice properties in that locality for sale. Easy terms.

NEAR EUGENE

Fine farm a short distance from the city of Eugene can be traded for property here.

55 ACRES SANDRIDGE

All in fall wheat; purchaser would get owner's share this fall. Nicely located on a main road; no buildings; can be bought right. Share of crop will pay a splendid interest.

SECURITY LAND & SAVINGS CO., La Grande, Oregon. 4-27-3t

20-ACRE HOME

This is just a short distance from the City Park. This property is well improved and all under cultivation and will cost $8000. It will take about $5000 to handle the owner's interest. Some personal property goes with it and he might consider some town property if properly located, and priced at the right figure.

When you consider the value of the improvements on this place and the personal property that will be thrown in, it will bring the land down to less than $200 an acre.

No land in that vicinity can be bought at any such a price. It will require some cash, but this is a bargain and well worth considering. There will be a fine crop taken off this year and the crops will take care of the payments coming later.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

Farmer Votes in Congress

KILL FLIES AND SAVE LIVES

"Kill at once every fly you can find and burn his body.

"The killing of just one fly now means there will be millions and trillions less next summer.

"Attend at once to the removal and proper disposal of refuse and filth accumulations that will facilitate the breeding of disease-germ-carrying flies.

"Clean up your own premises; see and insist that your neighbors do likewise.

"Especially clean 'out-of-the-way places,' and every nook and cranny.

"Flies will not go where there is nothing to eat, and their principal diet is too filthy to mention.

"The fly is the tie that binds the unhealthy to the healthy!"

"The fly has no equal as a germ 'carrier'; as many as five hundred million germs have been found in and on the body of a single fly.

"It is definitely known that the fly is the 'carrier' of germs of typhoid fever; it is widely believed that it is also the 'carrier' of other diseases, including possibly infantile paralysis.

"The very presence of a fly is a single notification that a housekeeper is uncleanly and inefficient.

"Do not wait until the insects begin to pester; anticipate the annoyance.

"April, May and June are the best months to conduct an anti-fly campaign.

"The farming and suburban districts provide ideal breeding places, and the new-born flies do not remain at their birthplace, but migrate using railroads and other means of transportation to towns and cities.

"Your friends and members of the family now in the service should be reminded of the danger of the house fly in camps and co-operate with their superiors for the elimination of this deadly pest.

"Receipts for Killing Flies

"The United States government makes the following suggestion for the destruction of house flies: Formalydehyde and sodium salicylate are the two best fly poisons. Both are superior to arsenic. They have their advantages for household use. They are not a poison to children; they are convenient to handle, their dilutions are simple, and they attract flies.

Preparation of Solutions

A formaldehyde solution of approximately the correct strength may be made by adding three teaspoonfuls of the concentrated formaldehyde solution, commercially known as formalin, to a pint of water. Similarly, the proper concentration of sodium salicylate may be obtained by dissolving three teaspoonfuls of the pure chemical (a powder) to a pint of water.

"An ordinary, thin-walled drinking glass is filled or partially filled with the solution. A saucer or small plate, in which is placed a piece of white blotting paper cut the size of the dish, is put bottom up over the glass. The whole is then quickly inverted, a match placed under the edge of the glass, and the container is ready for use. As the solution dries out of the saucer the liquid seal at the edge of the glass is broken and more liquid flows into the lower receptacle. Thus the paper is always kept moist.

"Other Simple Preventives

"Any odor pleasing to man is offensive to the fly and vice versa, and will drive them away.

"Take five cents' worth of oil of lavender, mix it with the same quantity of water, put it in a common glass atomizer and spray it around the rooms where flies are. In the dining room spray it lavishly, even on the table linen. The odor is very disagreeable to flies but refreshing to most people.

"Geraniums, mignonette, heliotrope and white clover are offensive to flies. They especially dislike the odor of honeysuckle and hop blossoms.

"According to a French scientist flies have intense hatred for the color blue. Rooms decorated in blue will help keep out the flies.

"Mix together one tablespoonful of cream, one of ground black pepper and one of brown sugar. This mixture is poisonous to flies. Put in a saucer, darken the room except one window and in that set the saucer.

"To clear the house of flies, burn pyrethrum powder. This stupefies the flies, but they must be swept up and burned.

Receipts for Stable, Barns and Out-of-Doors

"Borax is especially valuable around farms and out-of-doors. One pound of borax to twelve bushels of manure will be found desirable as a poison without injuring its manurial qualities or farm stock. Scatter the borax over the manure and sprinkle with water.

"Lye, chloride of lime, or copperas (sulphate of iron) disolved in water, crude carbolic acid, or any kind of disinfectant may be used in vaults."

In 1918 Sir Arthur Garrod proved that in gout (also true in rheumatism) there is deficient elimination on the part of the kidneys and the poisons within are not thrown off.

Prof. H. Strauss attributes a gouty attack to the heaping up of poisons where there is an abundance of uric acid which is precipitated in the joints and sheaths, setting up inflammation. Before the attack of gout or rheumatism there is sometimes headache, or what is thought to be neuralgia, or rheumatic conditions, such as lumbago, pain in the back of the neck, or sciatica. As Prof. Strauss says, "The excretion of uric acid we are able to effect by exciting diuresis." Drink copiously of water, six or eight glasses per day, hot water before meals, and obtain Anuric tablets, double strength, for 60 cts., at the nearest drug store and take them three times a day. If you want a trial package send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

"Anuric" (anti-uric) is a recent discovery of Dr. Pierce and much more potent than lithia, for it will dissolve uric acid as hot tea dissolves sugar.

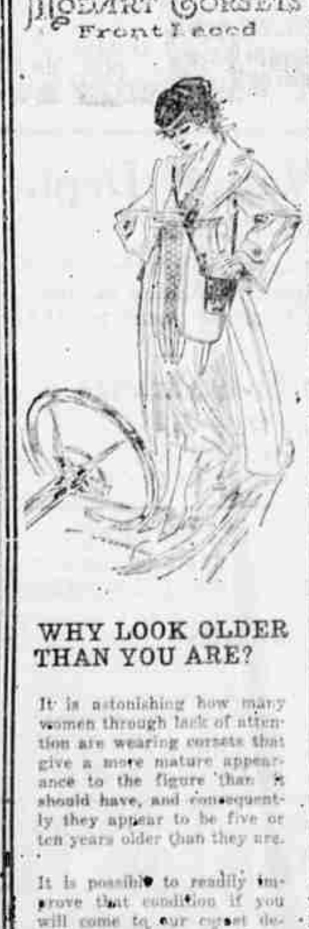
MODART CORSETS Front Laced



WHY LOOK OLDER THAN YOU ARE?

It is astonishing how many women through lack of attention are wearing corsets that give a more mature appearance to the figure than it should have, and consequently they appear to be five or ten years older than they are.

It is possible to readily improve that condition if you will come to our corset department and get a trial fitting of the MODART front laced corset.
