

Betty Said She Could Bake

"I knew she never had baked a cake and I was doubtful. But I told her to go ahead.

"She got my treasured Royal Cook Book, my can of Royal Baking Powder and all the fixings—and sailed in.

"Honestly, it was the best cake we ever had, and now I believe anyone who tries can bake anything with

He had been in France eleven months, with the Third Aerial Squadron. His experiences in the air included a tumble last summer from a height of 150 feet, in which he suffered a broken arm and leg that laid him up for three months. After spending a couple of weeks with relatives at Elgin, Mr. and Mrs. Du Bois will go to Spokane, to make their home.

THE BOYS ARE COMING BACK

Every Day Brings Them Nearer to La Grande and Home

Has it ever occurred to you that the home may be lacking in one or more things to make it real comfortable for your boy when he re-enters it?

Does the sitting-room or parlor look real cheerful and cozy? Are there any restful "easy" chairs in either room?

Do you realize that your boy will want to take things easy for a while, after he returns, in order to rest up from the effects of the long and rough trip across the water—and the strenuousness of past duties performed?

Now, More than Ever Before, is it necessary for you to take into consideration the comforts of home and it behooves you to look after this important detail at once, before the boys actually get here. We do not know of a thing that will please any soldier boy more than a cozy and comfortable chair.

Perhaps his room may need fixing up; his bed may need a new mattress, or the floor of the room may need a new rug or carpet. It may be that something is lacking in his room that will add to his comfort—whatever it may be—**WE HAVE IT.**

In our great stock of Furniture, Rugs, Carpets, Stoves and Household Goods, are to be found quite a variety of the different useful articles suitable for the boy's room. We will be glad to help you make a selection as well as give suggestions for the proper way in which to fix up his room.

We are sure that we can be of service to you in this matter and will be most glad to offer suggestions, whether you make a purchase or not.

In order to demonstrate our appreciation of the great services performed by "OUR BOYS," especially to those who are anxious to make their own homes here, we have arranged terms which will make it very easy for them to get whatever they wish at our store on the easiest possible terms.

Proceeds to Be Applied Toward a Public Playground

With a popular demand extant for playgrounds facilities for children of La Grande to utilize during the summer months, the decision of the Ad club athletic committee to give all net proceeds from the Santel-De Court wrestling match to that fund, meets with general approval. Three of the leading civic and educational bodies of the city have asked for the facilities and it is hoped that this match will turn a goodly sum over to that project.

The match, which takes place at the Arcade theatre May 6th prompts Mr. Emahiser, chairman of the committee in charge, to say:

"This promises to be the best exhibition of the mat game that has been put on in La Grande. Both men are aggressive, very skillful and fast. De Court is the heavier man and rugged, probably the stronger of the two. Santel's long experience and wonderful wrestling ability will no doubt offset the difference in weight. Their recent contest at Boise, recognized by sport writers as the fastest Idaho has even seen, is evidence of the class that this match here will be."

When a person buys here he tells his friends and talks about what he bought. You've no doubt often heard some one say, "Oh, I got that at Clint's Clothiers."

We have built up our large business on the strength of what people say about us. To do this we've had to give everybody 100 cents' worth for every dollar. We've had to keep in stock just what people want. And we've asked a little here and there that the people didn't know about.

IT RAISES THE DOUGH

Successful baking is assured when Crescent is used, because it raises first when moisture is added in the mixing bowl, and then again when heat is applied. The result of this double raise is deliciously light, wholesome, and easily digested breads, cakes and biscuits.

Crescent has been the established standard baking powder for a quarter of a century on the Pacific Coast. No better formula has been produced. The Crescent Cook Book is very helpful. Write the Crescent Mfg. Co., Seattle, for a copy. Grocers sell Crescent Baking Powder.
