The half-a-hundred young folks who attended the Jo-Hi picnic at the foot of the lake last Tuesday evening are the authority for the statement that the affair was a big success in every way.

Many of the Joseph teachers are planning to attend the County Institute which is to be held at Enterprise next Saturday.

Mrs. Maggie Head and two children came in from Elgin recently to visit her father, D. W. Warnock, who is ill.

HELP—WOMEN!

These are the last days of the Victory Loan—the last days of the last Liberty Loan. Yet there are some among us who have not seen the way of duty, whose ears have not heard the call of America.

Herein lies a great opportunity for women workers in the Loan—to search these out, to make their eyes see, and to make their ears hear. The argument of a sweet, noble woman is unanswerable.

Carter Glass, secretary of the treasury, says of woman's work in the Loan:

"Having demonstrated what they could do in time of war, the women of America have been quick to understand that the cessation of hostilities did not end the obligations incurred in actual warfare. It is with evidence that the Government asks every woman of the nation to become a teacher in the Victory Liberty Loan."

No man can refuse to take his share of the Victory Loan when a real woman looks him in the eye and says: "Your mother would want you to."

Every little makes a mickle.

MODART CORSETS
Front Laced

WHY LOOK OLDER THAN YOU ARE?

It is astonishing how many women through lack of attention are wearing corsets that give a more mature appearance to the figure than it should have, and consequently they appear to be five or ten years older than they are.

It is possible to readily improve that condition if you will come to our corset department and get a trial fitting of the MODART front laced corset.

The Invisible Conflict

From the moment of birth—and before—until the hour of death, there is going on within the body a constant conflict, unseen and usually unfelt, between forces that seek to defend, and others that strive to destroy.

Germs that enter from without are attacked and destroyed by the living guardians in the blood, the white blood cells or phagocytes. Poisons generated within seek entrance into the blood and are removed or destroyed by the functions of the intestines, liver and kidneys.

Food waste allowed to stagnate and remain in the intestines, unevacuated, poisons the blood and destroys its power to defend against outside or inside enemies. Such self-poisoning causes over 90% of human illness.

Constipation turns the tide of the invisible conflict against the body in favor of the invaders. Nor does the taking of castor oil, pills, salts, mineral waters, etc., to force the bowels to move enable the

body to defend itself. Not only will the constipation grow worse with the continuance of such remedies but the dose must be constantly increased with an ever-weakening effect.

On the other hand Nujol overcomes constipation and brings about the habit of easy, thorough bowel evacuation at regular intervals, because Nujol is not a drug, does not act like any drug. Nujol brings about a return to Nature's methods by supplying necessary lubrication of the bowel contents, by facilitating intestinal muscular action, by absorbing poisonous matter, and thus securing necessary cleansing of the intestinal canal and protection of the defensive properties of the blood itself.

Get a bottle of Nujol from your druggist today and send coupon for free booklet—"Thirty Feet of Danger."

Warning: Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.
