—With such a wealth of varying styles from which to choose, you are assured of correct fitting. Don't miss seeing the newest modes.

HILL'S DEPT STORE

## PLANS OF COMMITTEE COMPLETED

(Continued from Page 1)

places. It was decided by the committee this morning that all stores will be asked to open immediately after the end of the ceremony at the high school, which will be held just after the parade, and to remain open until 1 o'clock.

The program of welcome at the high school, which will be given from the steps of the building, will be as follows:

Band Selections.  
Viola Solo, Dick Lindsay.  
Cornet Solo, Andy Lohay.  
Address, Rev. G. A. Edwards.

The above program will conclude the official welcome for Union county's soldiers, and after that the men will be permitted to seek their own pleasure. For their entertainment during the balance of the day, however, the committee has arranged to have a baseball game at 1 o'clock, with the Cave players opposing the locals. Men in uniform will be admitted free to this game, which is the postponed league match of Sunday, May 11. There will be hand made on the streets and at the baseball grounds, as well. Then at 3 o'clock the street entertainment and dance will begin and will continue until near the time for the departure of the hospital boys on their way to Camp Lewis. It is planned that while the dancers rest occasionally there will be musical selections by the Maskey Club, the Community Chorus and by a male quartet, as well as hand selections. Band music will be furnished for the dancers.

To accommodate visitors from out of town on this day the various churches which have kitchen and dining room facilities will be opened to all who wish to make use of them. Coffee will be provided for those who bring their lunch to these places. The dining room of the Elks' building will also be open to all Elks and their families, and the ladies' room will be open to all the women visitors. The Elks' Club, according to arrangements already announced, will be headquarters for all soldiers all day of the celebration and it is in this place that the returned men from all over the county should report one hour before the time of the train's arrival. The committee wish to emphasize in the minds of all the fact that this celebration is a welcome to all the men of the county who have been in the service, and not alone to the hospital unit.

### DECORATION DAY FLOWERS

Peonies, gladiolus, statice and other flowers, carnations in limited quantities, now available. First come, first served. Never again! Flowers to be secured by 5 o'clock Thursday evening will be sold. Plants for porch boxes, hanging baskets and planters not yet ready. Come to the Greenhouse while the assortment is complete. They won't last long. 5-12-19. SHERRY, Florist.

### LARGE BUILDING PROGRAM

Pittsburgh will spend \$15,000,000 in construction of public works to begin or open, according to a report received by the Department of Labor from Frank J. Polley, a staff member, who is now investigating the various works of the department's policies.

After Mr. Polley has completed an address before the Pittsburgh Chamber of Commerce, including the city council, the practical business men, and the prominent labor leaders, he will undertake the department's program.

There will be no deliveries of big Wellensley, until 11:30 a. m. Tuesday. LA GRANDE DELIVERY COMPANY. 5-12-19.

## Condon to Have a Big Racing Event, Where Real Horses Will Run

Over at Condon, in Gilliam county, the people still have the good old spirit of wanting to see horses run. Accordingly they have set June 11, 12 and 13 for the big racing event of the interior country, and posters arrived in La Grande telling of the occasion. O. B. Robertson, leader of Condon, is at the head of the movement and any who go from here are assured of a better program than advertised, for Robertson is that kind of a sport. He believes in doing a little better than he told you he would.

### ALJES HAIT RUMANIA

GENEVA, May 12.—The Rumanian advance toward Budapest has been halted by orders from representatives of the American and British governments, according to the Rumanian bureau at Buch.

### MEXICAN TROOPS GUARD BORDER AGAINST BANDITS

NOGALES, ARL., May 12.—Mexican troops are being rushed to Agua Prieta and Nogales, Sonora, and other border points to protect them from bandit raids, similar to that which occurred at Cananea. This information was received Saturday night by United States Consul F. E. Dyer at Nogales, Sonora, from Acting Governor Tiza of Sonora, who is at Hermosillo.

Pina's telegram further stated a report he had received from General Plank, in command at Cananea, Sonora, stated that the raid there undoubtedly was carried out by bandits and was not part of a revolutionary movement, as had been reported. General Plank has taken the field in an effort to round up the bandits, leaving only enough troops at Cananea for Lieut. Col. Coango to police the city.

If you enjoy a fine drink of soda water or a sundae drop into Silverthorn's drug store, where they are serving the very best that can be made. 5-12-19

### Silverthorn's FAMILY DRUG STORE LA GRANDE, OREGON.

In 1848 Sir Arthur Garrod proved that in gout (also true in rheumatism) there is definite elimination of the part of the kidneys and the poisons within are not thrown off.

Prof. H. Strauss attributes a pretty attack to the heaping up of poisons where there is an abundance of urea and which is precipitated in the joints and results in inflammation. Before the attack of gout or rheumatism there is sometimes headache or what is thought to be neuritis, or disagreeable conditions, such as lameness pain in the back of the neck, or stiffness. As Prof. Strauss says, "The prevention of urea and its removal is effected by exciting diuresis." Drink copiously of water, six or eight glasses per day, but water before meals, and obtain a certain amount of exercise, for 20 to 30 minutes, the second day, and take three times a day. If you want a fine package send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

"Anuria" (anuria) is a recent discovery of Dr. Pierce and leads more speed than other, for it will eliminate the acid in the blood.

PAULINE FREDERICK IN SARDON'S "FEDORA"

The famous plays of Victorien Sardou, the great French playwright, served as starring vehicles for such talented players as Sarah Bernhardt and late Fanny Davidson for many years. The dramatization of several of the more notable of these plays by the Famous Players-Lasky Corporation with Pauline Frederick as the star, has attracted much attention everywhere, and chief among these is "Fedora," which will be shown at the Arcadi Theatre today and tomorrow.

This is an unusually strong play, and the story affords Miss Frederick one of the finer portrayals of her career in the silent drama. It is a story of Russian love and political intrigue, and, like most of Sardou's creations, the theme is intensely tragic. The story concerns a Russian princess whose name, Count Vladimir Androvitch, is slain by Louis Ipanoff, a jealous husband, and she pursues the supposed murderer to Paris, where she obtains a confession from him, or rather, a complete justification. She had herself in love with Ipanoff, whom she had sworn to marry, to justice only after she had placed the police on his track, and after she had caused the arrest of his brother in Russia as an accomplice.

She weds Ipanoff, but later he learns of the part she had taken in the tragedy of his life, and when his brother is drowned in his dungeon and his mother dies from the shock, he attempts to strangle his wife. She chokes him and swallowing poison, dies at his feet. The picture was produced by Director, Edouard Gue and a highly capable cast of supporting players was provided. These include Alfred Hickman, Jere Austin, W. L. Abingdon, and Wilmoth Meryll.

### QUEEN OF THE SEA

The phantom ship of "The Flying Dutchman" is presented with perfect illusion for the first time on stage or screen in "Queen of the Sea" at the Sherry Theatre. This is only one of the numerous wonderful scenes, made in aquatic photography by the William Fox submarine camera, with Annette Kellerman, the swimmer star, last night today at the Sherry Theatre. As a sensational show Miss Kellerman makes a record dive of eighty-five feet from a wire into the boiling surf. One can hardly believe, without seeing that she could do it without breaking her neck. "Queen of the Sea" is a water-tight show which delights so do not miss it.

Also Little Rhoda's in a comedy.

### "JOHNNY ON THE SPOT" IS RAPID-FIRE COMEDY

"Johnny on the Spot," the latest Metro picture in which the dynamic young actor, Hale Hamilton will be the attraction at the Sherry theatre tomorrow and Wednesday is a play of rapid-fire comedy-drama which gives this noted star a role particularly suited to his alert and vivacious capabilities.

The play was originally written by Mr. Hamilton for Shamus Eric and adapted for the screen by James Mathis. The story is that of a young man who, for some time, believes that everything comes to him who waits—that eventually he will win the girl he loves who is always on the spot in thrilling scenes in this play which will appeal to all ages.

Also "The Human Shield" Chapter No. 5 "The Man of Might"

There will be no deliveries all day Wednesday, owing to rain at the boys. LA GRANDE DELIVERY COMPANY.

### THE BEST PLACE TO TAKE YOUR CAR IF IT DOES NOT WORK

is at the Standard Auto Repair Shop, corner Blaine and Fir. C. J. Cyr, Prop.

## Air Experience Without Risk

Now man has made a spinning top look foolish in the perfection of an indoor whirling device which is to furnish extreme airplane training in the least possible risk. William C. Ruggles, its inventor, is ready to be put to the test in three different directions—once by Colonel Oscar Westover, controlling the leaves in the foreground. Ruggles can also control the machine from the rear and it is his duty to fight the plane after being whirled until he has seemingly lost all sense of direction.
