A MEDICINE THAT HAS GONE IN FOUR YEARS TO THE TOP OF THE PROPRIETARY LIST
By HARRISON VAUGHN.
ATLANTIC, Ga., May 9.—(Special Correspondence)—This is a story of Success—the kind everybody likes to read. Surprising interest always attends the telling of how a great business has been built. This city presents a very striking instance of remarkable business success, which has been achieved in a very short space of time.
The announcement has just been made here that Tanlac, the well-known medicine, which readers of this paper have seen mentioned in the advertising columns, is today the most largely sold medicine of its kind on the American market; that in little more than four years' time it has attained a definite position of pre-eminence among proprietary medicines. Without doubt this statement will be read with the keenest interest, not only by druggists but by the general public as well.
Briefly summarized, the outstanding incidents in this story of success are: The discovery of Tanlac; the perfection of its formula by painstaking study, extensive research and exhaustive tests; the exhaustive tests; then followed by its manufacture in a small way; the instant demand for the product created by successful use, and finally the establishment of the large and magnificent laboratories at Dayton, Ohio, occupying more than 60,000 square feet of floor space, to supply the ever-increasing demand for Tanlac. The daily capacity of 30,000 bottles at this plant has at times, in fact, been found insufficient to supply the trade requirements. A branch laboratory with 8,000 bottles daily capacity has been established at Windsor, Canada, in order to supply the Canadian demand.
The marvelous expansion of this business will easily stand comparison with any of the remarkable business achievements of recent times. As one of the largest drug jobbers of the United States said recently, it requires some effort of the imagination to realize the amount of business that is now being done by this concern, adding his belief that the nation-wide popularity of Tanlac gained in such a short time is nothing less than phenomenal.
This latter statement was made following the announcement in the daily papers that over twelve million bottles of Tanlac has been sold in four years, up to Jan. 1st, 1919, and that during the first ten weeks of the present year over one million bottles had been distributed—thereby establishing a record which has perhaps never before been equaled in the history of the drug trade.
The statement that Tanlac is now the most popular preparation and the biggest seller among all ready made medicines is declared to be neither a surmise nor an estimate, but is based upon careful investigation and is supported by the signed statements of scores of the largest drug jobbers of the United States and Canada: This new famous remedy has become just as well known

States.
The broad and progressive policies and the splendid selling organization originated and perfected by Mr. G. F. Willis, international distributor of Tanlac, are among the best examples of method and system yet produced in business and they have been closely followed by many other enterprising and successful concerns.
The Tanlac people have always maintained that the best advertisement is a satisfied customer, and to that end have always sought to make customers—by mere sales—and to build up that character of public confidence which means business integrity and spells lasting success. Yet like all concerns doing a nation-wide business, they have also recognized the value and necessity of a general presentation of their preparation by the use of a clean, reliable newspaper advertising.
But Tanlac advertising "copy" is essentially different from most others. It consists almost wholly of the direct, signed statements of those who have used the medicine. These people are distinctly identified by name and address. They tell very plainly what was the matter with them and what Tanlac has done for them. Tanlac advertising has been happily free from the "quips-and-all" exaggeration. Instead of advancing extravagant claims as to what their preparation "will do," its manufacturers and distributors prefer to let those who have used Tanlac tell in their own way what it has done.
Their sensible business philosophy was briefly but forcefully stated by one of the Tanlac executives recently when he said: "With all due regard to the value of newspaper space publicity alone would not create nor maintain the lasting strength and popularity of this preparation, Tanlac undoubtedly has merit and extraordinary power as a medicine which have confirmed its value in the minds of the people. No matter where you go Tanlac is a household word and is one of the most widely talked of medicines in the world today."
SANDRIDGE INVESTMENT.
A fine tract of land on a main road, close to a warehouse, all summer-fallowed this year; owner has too much land. This is a splendid investment. We have a renter, a good farmer who will give half the crop as rent each year. Some man with money ought to buy this; there is no safer investment than Sandridge land. Corns, Calluses Quit Quick!
Two Drops of "Gets-It" Will Do It
Ever had-cure your toe with a knife? Ever use greasy ointments that rub off on your stockings? Ever use sticky tape that gets locked off when you pull your stocking off? Kind of foolish, when 2 or 3 drops of "Gets-It" on any corn or callus gives it a quick, painless, peaceful, dead-end removal. Why putter and suffer? "Gets-It" stops corn pain, it lets you work, smile and dance, even with corns. It's the common-sense way, the only simple, easy way—peels corns off like a banana peel. Used by millions. It never fails.
"Gets-It" the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'D by E. Lawrence & Co., Chicago, Ill.

The Eleventh Annual Exhibit UNION LIVE STOCK SHOW Association
Wednesday, Thursday and Friday June 11, 12 and 13, '19
There will be an unusually fine stock exhibit, in many departments superior to any ever shown by this association.
A track and arena program, including relay, chariot, Roman, cow-boy and other races, and wild west stunts of many kinds, will be presented each day, with no tiresome waits.
Music will be furnished by the O.-W. R. & N. and Elgin bands.
One of the largest carnival companies on the coast, with a varied assortment of attractions, will provide amusement at night.
Stock exhibits from a wide territory tributary to Union and from points outside are certain.
This is the year when all should see the big show. All roads lead to Union at Stock Show time.
For Classification Books and further information, address, STOCK SHOW SECRETARY, Union, Ore.
DON'T FAIL TO ATTEND — YOU ARE EXPECTED.

MODART CORSETS Front Laced

WHY LOOK OLDER THAN YOU ARE?
It is astonishing how many women through lack of attention are wearing corsets that give a more mature appearance to the figure than it should have, and consequently they appear to be five or ten years older than they are.
It is possible to readily improve that condition if you will come to our corset department and get a trial fitting of the MODART front laced corset.
Pauline Lederle
