### That Is May Not Have Been In Vain.

For the last four years Memorial Day has made us catch our breath at the contrast between the past and the present. Today it finds us almost incredulous as we turn from that past to our certain future.

And yet the difference is on the surface. The deeps run over the same. A handful of old men march today,

### Backache? Rheumatism?

Those of us who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in the arteries, veins and joints. We often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. There is no longer the slightest need of this, however, as the new prescription, "Annie," is found to give immediate results as it is many times more potent than lithin, or rubbing the impure blood of its poisons by way of the kidneys. It can be obtained at almost any drug store, by simply asking for "Annie" for kidneys or backache. It will overcome such conditions as rheumatism, dropsical swellings, cold extremities, scalding and burning urine and sleeplessness due to constant arising from bed at night.

Send to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a 10c. trial package.

MADISON, CAL.--"I recommend Doctor Pierce's Annie very highly. I have suffered for the last three years with catarrh of the bladder, having tried every remedy I heard of but without relief. I saw Annie advertised in the paper, and this morning I bought a trial package at a drug store and I would try it also, which I did with great success, as it relieved me almost immediately. Before I had taken all of the trial package, and having great confidence in the remedy I immediately sent to the drug store and bought a full-size package. I can say to all suffering from any disease of the kidneys or urea and troubles try this remedy and suffer no longer. I have great faith in Dr. Pierce's medicine."--G. T. HANCOCK.

and by tokens of remembrance upon the graves of their comrades. A half century ago these veterans were fighting their brothers of the South or North, in their own land. These new veterans who walk with so steady a step, so gay, so young, so forward-looking--they, too, have fought but against scientific savages in an alien land. It seems a long way from that to this--from Gettysburg to the Argonne, from the cannon ball to the shell and poison gas, from the Monitor to the submarine, from the slow passing of messages by courier to the wireless and the airplane.

But these are nothing--mere trifles of methods, after all. What binds the veterans of old to those of today is the eternal basis of principles and

ideals. Slow has been the struggle, often marked by blood and tears, of the race towards human freedom and brotherhood. But on it moves. Each terrible contest brings it that much nearer to the goal.

"Your young men shall see visions, and your old men shall dream dreams; your sons and your daughters shall prophesy."

Upon the shoulders of us all lies the burden, as we honor the glorious dead, to see that they may not have died in vain.

Now they are talking about flying to Mars. But after all this war trouble, who wants anything to do with Mars?

It's really easier for both sides to have the President and congress communicating with each other across the Atlantic.

Daily Thought. Look, then, into thine heart and write.--Longfellow.

## Swan's Down Cake Flour

Swan's Down is especially prepared for cake-baking. It makes lighter, whiter, finer cakes. The amount of Swan's Down used in a cake costs but a few cents; yet has more to do with the success of the cake than any other ingredient.

The use of Swan's Down cake flour prevents curdling and the waste of costly materials. The cake falls perfectly per package.
