R. H. OKER, Minister.
E. A. HOPE, Chairman of board.
E. W. EASTMAN, Supt. S. S.

CHURCHES PLAN GREAT PROGRAM

SERIES OF SUMMER CONFERENCES OVER NATION

Inter-Church World Movement Set the Way, With Seventy-Six Denominations Working

"The productive capacity of the world would be at least doubled if the health of the Christian races could be brought up even to the level of the health of the Christian nation." That deduction, based on scientific progress everywhere, is the underlying idea in a program for the study of life-conservation to be presented in a series of summer conferences just announced by the Inter-Church World Movement of North America. Americanization of our foreign born citizens is the second plank in the platform for the meetings.

Precisely every organization of any magnitude connected with the missionary and welfare work of seventy-six Protestant denominations will be represented at the conferences, which are to be primarily training schools for leaders of the great interchurch campaign. The series begins with the meeting at Blue Ridge, N. C., June 1 to July 3, followed by Silverdale, N. Y., July 4 to 13; Bates Park, Colo., July 11 to 20; Allamore, Calif., July 25 to 28; Ocean City, Md., July 18 to 27; Lake Geneva, Wis., Aug. 25 to Aug. 31; and Seaboard, Wash.

Missionary training conference. The Missionary Education Movement has given up the Inter-Church Movement all the facilities for the missionary training centers it has conducted in past summers, including the personnel of

field organization, to take effect to day, June 1, and the Laymen's Missionary Movement has taken similar action, according to word given out by national officials of the two organizations. With these combined powers added to the representative forces of the larger group, there is an expanding and diversifying of the scope of the summer meeting that leaves only a slight resemblance to those of other years.

The seventy-six denominations included in the scope of the inter-church movement, with 200,000 separate churches and congregations totaling more than 50,000,000 people, are combining their resources for a systematic effort to improve conditions of life in all parts of the world. By the introduction of Christianity, the modern interpretation as furnished by the interchurch project means the reducing of the benefits of Christian methods of living, in sanitation, child culture, working conditions, housing, clothing, scientific methods of production and manufacture and any other element connected with property, health and general usefulness in the world.

To call for volunteers. In the summer conference, the various phases of the inter-church campaign will be presented by men in charge of the departments. There will be reports of progress made on the detailed surveys now being conducted in the home and foreign fields on which the definite program of the movement is to be based. Volunteers will be raised for to assist in both the home and foreign service, it being estimated that more than 200,000 will be needed in supplement forces now at work. There will be reports on the plans for the educational campaign to be inaugurated leading up to a national evangelistic revival in the first six months of 1920, after which will come a concerted financial drive to the funds to finance the work.

Among those already scheduled to address the meetings are Dr. J. Campbell White, Dr. Fred W. Hazard, R. B. Dittendorfer, David McConchry, Rev. A. M. Parker, Dr. W. F. Doughty, Dr. J. H. Pratt,

Dr. Ernest P. Hill, Franklin D. Cogswell, Bishop Luther B. Wilson, Dr. J. Timothy Stone, Mrs. E. C. Cronk, Mrs. Bertha L. Hill, Miss J. Gladys Hutton, Miss Emily Allerton, E. M. Potat, Dr. Cary Miller, Dr. T. H. P. Sailer, Rev. C. L. Ogilvie and Harry S. Myers.

Y. M. C. A. SUITS FOR POOR GIRLS

Uniforms Worn by War Workers Will Be Given Pennants, Foreign Women Students

Official uniforms of the Young Women's Christian Association, the Blue Triangle, the Association insignia, will be worn next winter by women students who have been awarded in Switzerland during the war and who, because of lack of funds, inability to re-enroll in their native country, or because they have no family to which to return, will remain there next year.

Elizabeth M. Clark, who has been in Switzerland for 18 years under the World Student Christian Federation, has appealed to the National Student Committee of the Y. M. C. A. for clothing for the 100 foreign women students in Switzerland. The scarcity of clothing for these women is a serious problem. They are in need of two girls to share one coat so that only one coat can go to classes at point of departure.

Four large packing cases of all kinds of needed clothing, such as hats, which is in good condition, have been collected locally from women college students in the New England States, Ohio, West Virginia, Pennsylvania, Maryland and Delaware by the Student Committee of the National Y. M. C. A. to be sent over in response to Miss Clark's request. The clothing will be distributed and made over to the students.

In addition to the clothing collected from students in colleges in New York, a mass of uniforms, which have been made in by the Y. M. C. A. for the army nurses who are being sent to the front, are being turned in by our women. These will be claimed by the Student Committee, which will make the best use of the uniforms so that they may be worn by the women who have been forced by world events to remain in Switzerland for several years.

QUEEN SARIE RITES Y. M. C. A. TO RHANIA

Extends Invitation to Congress, Meets in Paris

Paris, April 21.—Queen Sarie Rites, Y. M. C. A. of Rhania, has extended an invitation to the American Congress to meet in Paris. The American Congress is to be held in Paris, France, under the auspices of the Y. M. C. A. of Rhania. The American Congress is to be held in Paris, France, under the auspices of the Y. M. C. A. of Rhania. The American Congress is to be held in Paris, France, under the auspices of the Y. M. C. A. of Rhania.

Y. M. C. A. WORKER IS DECORATED.
Miss Sarah Young, a New York City worker of the Y. M. C. A., has been decorated with the American Legion's "Star of Merit" for her many and her spiritual contribution to the war.
For more than four years Miss Young has been at a hospital in France, where, as a representative of the Y. M. C. A., in charge of a nurses' club there.

"I DON'T CARE"

—O, You Word of "Indifference"—The only class of people who cannot be reached with any form of argument are those who "DON'T CARE." Can you, dear reader, think of a more exasperating answer than those two words? You may reason with the intelligent or flatter the gullible, but how about those who "DON'T CARE?" Life does not mean much to that class of men and women, for that matter those who are obliged to tolerate them—they are not interested in our offerings, nor the reasonable prices we daily quote. They will eat the meals that we provide, because they "don't care" to die by the station route. They should be shipped "across" when they came—for a certainty they were not born in this grand climate, or they would do otherwise. We are proud to state we have no customers in this class—and "don't care" to have any. LIVE, KEEN HOUSEHOLDERS—live, keen hustlers—are the ones we like to meet—those who can prompt us to something better, more worth while and more interesting. We shall die a long way short of our goal, but the thought does not slow our steps. FORGET THIS, "Don't Care" Bowery stuff. GET NEXT—gain the progressive procession of "DON'T CARE"—Do YOUR OWN THINKING and don't be deceived. Turn the promise of the beautiful June morning, and "PAY AS YOU GO"—the 20th century mode of living—you will be happier and richer. DON'T PUT IT OFF; resolve TODAY—Read our everyday prices in the following table.

BUY YOUR COFFEE NOW - DON'T PAY MORE.

These Emment Coffee Prices will remain in effect until our present supply of coffee is exhausted, which will probably be in a week or ten days—	2 Hills Bros. Restaurant Special 1 lb. can \$2.25

Any Old Thing

That would be the best monopoly down the street would have you believe that all other markets in town just hand you "any old thing." FACT IS, the case is reversed; we wonder how they get around, or by, with that frozen meat they have been handing you—(that "don't care" old thing, what is it was probably slaughtered last year.)

At the time they were handing you this any old thing, we were serving you FRESH KILLED MEAT, that cost us several cents per pound more yet we BUILT AND BOO AND ALWAYS WILL SELL IT FOR LESS.

Please remember, we have OUR OWN DELIVERY, and we do not charge you for our delivery.

THE STILWELL MEAT CO. M. A. Stilwell and Ed. F. Smith.

Saves Time—Eliminates Drudgery

Davis PORTABLE ELECTRIC SEWING MACHINES

Your work is done in one-half the usual time and with a great deal less effort. No more tired mill drudgery. No three o'clock fatigue. Makes sewing a diversion, a recreation and a joy.

The Davis Portable Electric is light in weight, easy and convenient to carry about. When in use, put the Davis on a shelf in the closet or in any suitable place, where it is out of the way, most convenient when next desired for service.

The Davis Portable Electric, for sale by Nash Electric Company

Poppies Early Attained

Those of us who have seen the poppies that have been raised in the fields of the Y. M. C. A. in the West, will be glad to hear that the poppies are being raised in the East. The Y. M. C. A. of the East is now raising poppies in the fields of the Y. M. C. A. in the East.

The Love of Country

The love of country is a noble sentiment. It is the love of the land that we live in, and the love of the people who live in it. It is the love of the land that we live in, and the love of the people who live in it.

Learn From Failure

When you fail, do not be discouraged. Learn from your failure. Failure is a part of life, and it is through failure that we learn the most. Do not be discouraged by failure, for it is the only way to success.

Use of Sulphur

Sulphur is a valuable mineral. It is used in many ways, and it is one of the most important minerals in the world. It is used in the manufacture of sulphuric acid, and it is also used in the manufacture of many other products.

Rev. W. R. Steele Will Present Lecture Series During Coming Week

Rev. W. R. Steele of Portland will repeat during the coming week a series of lectures on the subject of "The Bible as a Book of Life." The lectures will be held at the Y. M. C. A. in Portland, and they will be held at the Y. M. C. A. in Portland.

King said much from his writing

King said much from his writing. He said that the Bible is a book of life, and that it is the only book that we need. He said that the Bible is a book of life, and that it is the only book that we need.

CYCLONE SILO

NO climatic conditions too severe for Cyclone Silos. Wet or dry—hot or cold—fair or foul—they require no attention after erection. No tightening or loosening of hoops. Can't get smaller at top than bottom. Can't twist out of shape—can't get out of a true circle. Anchored to concrete base—BACED—not guyed. The Cyclone has all the advantages of wood and the permanence of concrete, but with the faults of both left out.

Built to be trusted—not to be busted.
