PHYSICALLY FIT AT ANY AGE

It isn't age, it's quality that counts. You can't buy a pair of shoes that will last you for years unless you buy a pair of shoes that are made of good material and are made by a good maker. The shoes that are made of good material and are made by a good maker will last you for years and will give you the most comfort and the most protection for your feet. When you buy a pair of shoes, you should look for the name of the maker and the name of the material. The shoes that are made of good material and are made by a good maker will last you for years and will give you the most comfort and the most protection for your feet.

NEW SENNETT FILM SCREAMING COMEDY

A brilliant production that is guaranteed to drive away the blues. In the new Paramount-Mack Sennett comedy, "Hip and Stuff, Tailors," which will be presented at the Arcade Theatre tomorrow and Saturday. The featured players are Henry Ottemo, Hughie Mack, Alice Vanoy and Myrtle Lind, not to speak of those wonderful Mack Sennett animals, Tedde and Pop.

The story deals with a man who tells his wife, a pretty customer and her husband, there is something here, wifely jealousy and an imposture in which a hair flutters significantly. One of the most reasonable classes ever seen in a motion picture, it shows the comedy is filled with humorous action and the fun is in evidence from start to finish.

FATBANKS IN "ARIZONA"

Marjorie Daw and Kathleen Kuhlman have become especially well-diffused with lipstick Fatbanks pictures, because of their having played in all of his current productions. They play the important female

roles in his elaborate series production of "Arizona" by Augustus Thomas, which will be shown at the Arcade Theatre, Friday and Saturday.

Marjorie Daw plays "Berta" and Kathleen Kuhlman is seen as "Katilla." Both these parts have been played by famous actresses on the stage and screen. Daw and Kuhlman are highly complimented as being selected to play these roles, respectively in the screen production. Mr. Fatbanks plays "Fred" Denton, a part admirably suited to his dashing personality. Theodore Roberts plays "Dante"; Frederick Burton, "Colonel Horgan"; Frank Campbell, "Billie"; and Raymond Hatton, "Tony."

TRUDA BAKA AT SHERRY'S

Way back in the early days of the world when women were known to be that most wonderful thing, a woman, they were found in the streets of the city of Seville, Spain, in the hands of a Spanish nobleman, who was a great admirer of the woman's beauty.

How a Spanish nobleman, who was a great admirer of the woman's beauty, found her in the streets of the city of Seville, Spain, in the hands of a Spanish nobleman, who was a great admirer of the woman's beauty. The story is a beautiful one, and it is one that will be enjoyed by all who see it. It is a story of love and adventure, and it is one that will be enjoyed by all who see it.

Suppose you were a visitor

or a prospective buyer entering your own house. What would be your first impression? A shabby entrance with a porch badly in need of paint? Then why not change it?

B-H Porch Floor Paint is prepared especially for this purpose. Assures an unusually durable finish and helps preserve the porch and steps by saving the wear and tear of walking on them.

MODART Co

WHY LOOK OLDER THAN YOU ARE?

It is scientific how many women through lack of attention are wearing cosmetics that do a more serious harm than the wrinkles themselves. It is possible to improve the condition of your skin and get a real thing of the MODART facial cream.

Pauline Lederle

Some One Has Said....

A Pessimist is a human pill, who is sea-sick during the entire voyage of life.

Don't be a Pessimist! Roll up Your Sleeves and Build a Home. BECAUSE--

The best way to get a home is to build it. A home is a place where you can be happy. It is a place where you can be safe. It is a place where you can be comfortable. It is a place where you can be proud. It is a place where you can be happy. It is a place where you can be safe. It is a place where you can be comfortable. It is a place where you can be proud. It is a place where you can be happy.

A Hot Spot Chalmers Holds Every Drop of Gas to Account

It takes gas to move weight. And in a car like the Hot Spot Chalmers, which is 300 pounds above the "light-weight" class and 400 pounds under the "heavy-weight" class, gas has more than passing attention.

The trick is to move this weight at the minimum effort. Therefore, the Hot Spot and Ram's-horn play a great part in the Chalmers.

The Hot Spot holds every drop of gas to account. It sends up into a "dry vapor powder" the raw gas just as the gas enters the Ram's-horn and the latter discharges the "vaporized" fuel to the cylinders with lightning like rapidity.

The result is that when the spark plugs "touch it off" every drop (other by far than the naked eye can detect) turns itself into power impulse.

There's little waste, well high tone. And remember that this Hot Spot engine of the Chalmers is the most modern automobile engine of the day.

It has made Chalmers one of the few great cars of the world.
