CHRISTIAN CHURCH PEOPLE ARE SORRY TO LOSE WORKERS

A pleasant social gathering of the members of the congregation of the Christian church was held last evening in the church auditorium to pay farewell respects to the members of two families who have been valued and active workers in all phases of the church life. The guests of honor were Rev. and Mrs. Thompson and daughter, Florence, and Dr. and Mrs. S. A. Roe and family. A short program of musical numbers and readings was enjoyed and brief addresses from Dr. Roe, Rev. Mr. Thompson and Mrs. Thompson afterward listened to. Rev. R. L. Coker, pastor of the church, on behalf of the congregation, voiced their regret at losing such worthy friends.

Rev. and Mrs. Thompson have been living near Allice for the past year, resting from their labors in the ministry and drawing health and sustenance from the soil. Their daughter, Florence, was editor of the High School magazine, "The Mimir," this year, and was one of the most popular members of this year's graduating class. When not busy at school she was assistant to Miss Lucia Haley at the Public Library and was a very capable and well liked young lady there. Rev. and Mrs. Thompson have been anxious for some time to get back into the ministerial work and recently the opportunity came to them to take charge of the Christian church at Pocatello, Idaho. They left on an early train today for that city.

Dr. and Mrs. Roe and family have been residents of La Grande for the past twenty months, during which time Dr. Roe took care of Dr. H. M. Houvy's practice here. They are leaving for Lewiston, Idaho, to spend the summer. Mrs. Roe has been a member of the teaching staff at Greenwood school and she will be missed among her colleagues there next year.

PLAN TO PREVENT PERJURY IN COURT

DENVER, Colo., June 3.—Few persons are good enough liars to face an open court room and perjure themselves. When every eye in the court room is focused on one person, who is seated so that he can catch the gaze, the witnesses will tell nothing but the truth.

This fact is declared by Judge Julian H. Moore and Judge Henry Hersey to have been proved in a series of experiments covering several weeks in the Denver district court. As a result, the jury box has been reconstructed so that the jurors sit with their backs to the court room; the witness box is on the level with the platform on which the judge sits and the witness is forced to sit where he can see the entire court room, as well as the judge and jury.

The experiments showed, according to the two judges, that placing of the witness in a chair beneath the level of the judge and jury and in such a position that the witness can see more than a portion of the court room audience has a psychological effect which encourages a dishonest person in perjury. "There is not the slightest doubt in my mind that the moral effect of this arrangement is advantageous to justice," Judge Moore said, in commenting on the new plan. "To place the witness in this prominent position, with every eye in the court room focused on him, increases the atmosphere of solemnity and importance that is connected with the occasion. The witness cannot help realizing the dignity of the law and weigh his statement with care." As a result, all the Denver courts will be arranged according to the new plan.

Summerville People Plan to Erect a New Chapel at Cemetery

SUMMERVILLE, June 4.—(Special.)—Although the weather was quite cold on Memorial day, people from far and near came to decorate the graves of those "gone before." A subscription was taken to erect a chapel at the cemetery. It is planned on being built for \$2000.00, and over \$1000.00 was pledged on Memorial day. The ladies of Summerville served dinner and supper in the Masonic hall, cafeteria style, and took in \$311.70 netting about \$195.00. The ladies deserve much praise for their excellent meals and service in accommodating the extraordinary large number of people.

Miss Leticia Stachan, superintendent of the Joseph schools reports that despite the many handicaps which were in evidence this year, over 90 per cent of the grade pupils passed and practically every high school student made the desired number of credits.

Most of the teachers left Friday, except Miss Stachan, who will mo-

tor to her home at Dufur shortly and Mrs. Forney, who is camping at the lake, Miss Baily, first grade instructor, will spend the vacation at The Dalles; Miss Dean at her home inalla; Miss Wastell, in Hood; Misses Schott and Walker at their homes.
