## LOCAL HAPPENINGS

J. W. Childers, a well known citizen of Willowa, is in the city today.

A. R. Cox, a resident of Browned Ferry, Baker county, is here on business.

Corinne Bue, formerly of Hilgard, but now of Union, is a Savoy hotel guest today.

Itan Sheehan, one of the leading attorneys of Enterprise, is registered at the Foley.

Mrs. Don Sargent left today for Hot Lake, where she will remain for some time to regain her health.

Jake Bauer, of Enterprise, who for many years was one of the many popular hotel men of Eastern Oregon, is spending today in La Grande on business.

Roger Deal, who had been ill at Hot Lake Sanatorium for some time has recovered and with Mrs. Deal has returned to his work at Palmer's Camp No. 7.

Wm. Johnson returned last night from Enterprise, where he had been busy helping harvest the spring wool crop for the past few weeks.

Mr. and Mrs. August P. Nelson left last night for The Dalles, to spend a couple of days in that city. Mrs. Nelson, while there, will attend the Women's Relief Corps convention.

Mr. and Mrs. Ray Williams, of Portland, have arrived in La Grande to spend a short time visiting at the home of Mrs. Williams' parents, Mr. and Mrs. C. E. Happerest.

Miss Hargett Young has closed her music studio in Pendleton for the season and has returned to her home here for the summer vacation.

C. D. Emmlinger, manager of the Oregon Grocery Company returned yesterday from Portland, where he had been a visitor part of last week.

Among the fishermen who are out in Willowa county, trying to deplete the trout supply Ed Ford, of the Arcade, and Al Cain, of the Palace confectionery, are at the head of the list and reports are that they are landing their limit each day.

Mrs. F. R. Williams and daughters, Mrs. Mabel Robbins, arrived in the city last night from Monmouth, where they had made their home during the winter and spring. Mrs.

Robbins attended normal school at Monmouth and came home upon concluding her studies.

William Heisner, of Portland, is in La Grande for a short time. He was called here by the death of Mrs. Al Heisner.

Mrs. Verna Johnson, who has been enjoying the California climate for the past four months, has returned to La Grande. Mrs. Johnson went to San Francisco for the benefit of her health, following a severe illness of influenza, and she has returned greatly benefited by her stay there.

Mrs. Colon R. Eberhard has gone to Portland in answer to a wire stating that her sister, Mrs. A. W. Shaup, of Joseph, is very ill. Mr. and Mrs. Shaup were attending the Rose Festival when she became ill and it was necessary for her to undergo an operation, from which she is not recovering satisfactorily.

Rev. G. A. McKinley, of Salem, father of Mrs. Wm. Miller, of this city, is a guest at the Miller home at present. He will spend two or three weeks here. Another guest of the Millers is Mrs. John Miller, of Erie, Pa., who will remain here for the balance of the month.

Mrs. D. J. Kimmell and Ed Meyer-erick returned last night from Portland, where they had been visitors for several days. They stopped off to visit Pendleton friends for a day on their way home. Mrs. Kimmell visited at the home of the R. Jorgensen wife in the Rose City.

Mr. and Mrs. F. D. Hobbs returned yesterday from Columbus, Ohio, where Mr. Hobbs had been attending at the Trainmen's convention. They were both glad to reach La Grande because of the extremely hot weather in the east and besides La Grande in their home. Mr. Hobbs will return to Chicago sometime during the next month to attend the Western Association meeting.

Mr. and Mrs. L. Knapper, accompanied by the two children of Mr. and Mrs. A. W. Shaup, will arrive in La Grande this evening from Joseph on their way to Portland to be at the bedside of Mrs. Shaup, who is very ill.

Mrs. Lot Snodgrass has gone to Yakima, Wash., to spend a week or ten days visiting at the home of her sister, Mrs. Dalton, who was formerly a resident of La Grande. While there Mrs. Snodgrass will also have the pleasure of seeing her brother, Carl Satterberg, whom she has not seen for eight years. Mr. Satterberg's home is in Lower California.

Pat Foley left last night for The Dalles, where he will go into the hotel business again. Mr. Foley's family are getting ready to follow him to the town where they are to make their new home.

D. Richardson, deputy assessor for the North Powder country, has sold his holdings and moved to Clarkston, Washington. Mr. Richardson is one of the good citizens of this county and it with considerable regret that he is leaving to locate elsewhere. The health of his family and his own personal health

### RAINBOW VETERANS GIVING BIG DANCE THURSDAY EVENING

An event that will make the La Grande society rejoice is the Rainbow Division Veterans' ball to be given in the Rex hall June 19, which is the first dance in the fact the first social function of that honored division of returned service men.

La Grande's deep appreciation of the Rainbow Division is wholly genuine and for this reason it is believed that the largest turnout that has ever been known to attend a dance in this city will mark the occasion of the division's first social function.

Special arrangements have been made to make this a delightful occasion. Lindsey's Jazz orchestra will render special jazz music. An invitation is extended to the public, and doubtless the response will be heavy.

### Gasoline Boiling Point Is the Only Way For An Efficient Test

Contrary to the opinion held by a great many people, the real value of gasoline is not shown by the old-fashioned gravity test. This test tells nothing about the vaporizing and combustive qualities of the fuel, as has been pointed out by the National Bureau of Standards at Washington. Only the boiling point test is really of value.

Boiling points, of course, mean exactly what the words say. That is, they are points on the thermometer at which a liquid will begin to boil. For a cold engine to start quickly the gasoline must vaporize at a low temperature. To get quick and smooth acceleration somewhat higher boiling points are necessary and for full power and long mileage the fuel must have still higher boiling points.

High quality gasoline must have a complete and continuous chain of boiling points, ranging from the low to the high. Combustion starts with the lowest and flashes on through the uniform chain from low to high with the result that there is full-powered, instantaneous combustion. Eliminate one link and the full power chain is broken. The famous Red Crown gasoline has the complete power chain.

### TRICK PLAYED ON CARDINAL

ROME. (Correspondence of The Associated Press)—Cardinal Merry Del Val laughed over what he termed "a genuine American trick" when a group of American soldiers and sailors visiting the Vatican under the direction of Rev. Father Edward Wallace, of Brooklyn, N. Y., who served with the Eightieth Division, breached aside formalities, ejected the liveried watchman at the Cardinal's palace and gained an audience with the prince of the church without either invitation or announcement.

The men were stigmatized in the Vatican when Father Wallace pointed Cardinal Merry Del Val's residence. "Let's call on the cardinal," suggested a Philadelphia lad serving with the Keystone division.

ed uniform and halberd and made known their mission. "But you cannot call upon the cardinal except by invitation," said the guard.

"We do not use invitations," called upon one another the Americans, returned Father Wallace in Italian. "All of us are Americans and Cardinal Merry Del Val will understand. He knows our customs for he has lived in America."

### OREGON'S PLEDGE TO SALVATION ARMY

Fund of \$250,000 Is to Be Raised in This State June 22 to 30

To pay the debt the Salvation Army has incurred when they went into the front line trenches in France with hot doughnuts and steaming coffee, Oregon has pledged to give to the Salvation Army's Home Service Campaign, June 22 to 30, a fund of \$250,000.

Every cent of this money will be spent in Oregon to construct and maintain maternity and rescue homes, hotels and lodging quarters and to help the poor and needy. This will be the only drive the Army will undertake for a year, which means that the sum total will guarantee the work of the Army for the next twelve-month.

So worthy was the cause and so appreciative of the Army's work in the face of Hun horrors, the Oregon State Association took over the field details of the drive and it is a by word of that national body of live wires that "The Elks never start anything they do not finish."

Every Elk lodge in the state has formed a complete organization and Elks in cities and towns where there is no lodge will take charge of the campaign in such localities.

Since the close of the war, a slogan brought back by the men in France who used it in reference to the Salvation Army's viewpoint toward life has swept the United States. It is "A man may be down, but he's never out." With this motto as its guide, the Salvation Army will use the money to help the man who is down to recover his place in society.

It is imperative that every city and town in Oregon respond to the appeal and with three counties—Crook, Morrow and Wasco—over the top before the drive has been fairly launched, there seems to be no question but what the state will exceed the quota, half of which is raised in Portland.

### IS BULK HANDLING PROFITABLE PLAN

Important Meetings to Be Held at Portland, Saturday, June 21

During the past year there has been a considerable number of complaints made by farmers of Eastern Oregon that the elevators were not proving financially successful. It was urged that an investigation be made.

The U. S. Bureau of Markets and the Bureau of Organization and Markets of Oregon Agricultural College have made a survey, visiting most of the elevators in Eastern Oregon.

An analysis of the elevator business shows that with the additional service rendered, most of the elevator companies cannot operate on a \$1.00 storage rate and pay expenses and a dividend on the stock. It will probably be necessary for many to increase their storage rates and also the amount of grain handled if they wish to avoid financial loss during the coming season.

It is desirable that the elevator companies adopt a uniform practice for charging for storage and cleaning. As many as fourteen different methods are being now used in the Eastern Oregon elevators when there ought preferably to be but one.

Investigation shows that half of the elevators are under capitalized if they expect to pay for their plants from the proceeds derived from the sale of shares of stock.

In order to bring about uniformity in practices and to prevent further facts as to why the elevators suffered financially and with a view to aiding them in overcoming past mistakes, a conference will be held at the Maitland hotel, Portland, on Saturday, June 21, 1919. At 10 a. m. the U. S. Bureau of Markets will conduct hearings on the proposed rules and regulations of the Federal Grain Inspection Act of August 11, 1918.

Warehouses (elevators included) and warehousemen storing agricultural products to take out a federal license if they handle grain for interstate or foreign commerce, it is very important that elevator managers and many directors as

cool and refreshing drinks served in the most stylish and elegant manner after the close of your dinner in the privacy of your own home. Our malted milks will please you.

possible be present at these two meetings. These hearings will cover all phases of elevator management and may determine the question of success or failure for your company the coming year.

### ERED HOLMES AND PARTY HOME FROM MOTOR TRIP

Mr. and Mrs. Fred J. Holmes, Mr. and Mrs. Grover Grinnell and Miss Nels Grinnell have arrived home from a trip overland which lasted several days. They left La Grande in their Packard car going first to Walla Walla, then to Ellensburg and from there on to Yakima and then to Seattle. After resting in Seattle for a time they drove to Vancouver, B. C. and intended to go across to the Island and visited Victoria and other important points but owing to a strike they were forced to turn back and return to La Grande by way of Seattle and Portland, visiting the Rose show at the latter city. Their trip was a very pleasant one and the worst piece of road they encountered on the whole journey, according to Mr. Holmes' statement today is the road between La Grande and Pendleton.

### MRS. HEISNER PASSED AWAY

Georgia Robbs Heisner, wife of Al Heisner, passed away this morning at 5 o'clock at the home of her parents, Mr. and Mrs. F. J. Robbs, 1820 Sixth street. The funeral arrangements will be announced later.

### IS DELEGATE TO PORTLAND

In order that their society may benefit from the great convention of Christian Endeavor workers to be held in Portland this week, the Presbyterian Y. P. S. C. E. at their meeting Sunday night voted to defray the expenses of sending a delegate to Portland to attend the convention. Miss Bernice Thompson was selected as the delegate. The convention begins Thursday evening and will continue over Sunday. Other members of the society who will also attend the convention are Miss Isabel Miller and Miss Hulda Anderson. Miss Miller is president of the society.

### OXMAN BUILDING NEW HOME

F. C. Oxman has proved to be the pioneer in the building game in La Grande. He has recently purchased a lot on L street and has the

foundations well along for a new home. This is but one of the several homes which are contemplated in La Grande for the season.

## How to Build a Roof, That Lasts

—A Malthoid Asphalt built up roof will turn the water, under our guarantee for 10 years.

—The Portland Roofing Company of Portland, Oregon, who are among the best roofers in this Western country, with records for 15 years, do our work for us. We stand behind the job.

—A built-up roof means the whole roof in one large blanket covering the entire building, and not strips of Paper tacked on with a little daub of tar to fill up the seams. Our roofs are several layers of felt and roofing mopped on with hot asphalt between each layer, and no nails are exposed to the outside.

YOUR JOB GOOD ROOF!
