Reason for Accidents

Too many accidents spoil the melody. It's true they may keep you unsettled, but they also keep you unsettled. And again it is the same with life. Men of judgment treat accidents for what they are worth. But they also live to live to its regular course. Some lives are ruined by a love for the exceptional. They seem to be unable to follow the necessary routine of life. So the wise man aims to keep life sweet and normal, knowing that he best serves himself and his fellowmen by meeting daily needs with the best that's in him.

Your Own Hands!

YOUR FUTURE depends on YOUR VISIONS OF TODAY—If you are contented merely to make money, without careful calculation of the amount you should save, then the chances are very much in favor of OTHERS CONTROLLING YOUR FUTURE. On the contrary, if you are provident, thrifty, forehanded, you may be reasonably certain of determining YOUR OWN place in the scheme of things—YOU WILL BE YOUR OWN MASTER. The first principle of self-determination, as far as the individual is concerned, is THRIFT—BEGIN TODAY TO SAVE—A dollar saved is a dollar earned—BUY YOUR GROCERIES AT THE BIG, BUSY DOUBLE STORE—assuring you prompt and courteous treatment.

ONE WELL DAY IN 22 YEARS

Mrs. Altenburg Says Tanlac Is One of Greatest Blessings of Life

"I am so grateful for the good Tanlac has done me I consider it a privilege to make a public statement so that other sufferers may learn how I was relieved of nearly a lifetime of suffering," said Mrs. J. D. Altenburg, wife of a well-known stone finisher, 4215 Simpson street, Dallas, Texas, recently.

"When you consider that I have been a sick woman these twenty-two years," she continued, "it seems hard to believe that I have been relieved in less than three months, and any medicine that would do that should be praised the world over. Twenty-two years ago, when I was a sixteen year old girl, I had a severe attack of typhoid fever that left me with a serious stomach trouble that has made my life miserable ever since. My food lay in my stomach like lead and wouldn't digest. I suffered from terrible headaches and had a feeling of weakness—a sort of sinking away, feeling hard to describe. My nerves were shattered and at times I couldn't bear to have anybody in my sight, anyone speaking to me or just moving about the room would irritate me so I'd almost break down and cry. Not a single week passed in all that time I wasn't sick, in bed and often I was totally unable to do a thing. I fell off until I was dreadfully thin, and about the first of this year I was so weak and run down my condition was truly pitiable and I could look forward to nothing but a life time of misery and disappointment. I was forever trying all sorts of medicines in the hope of finding one that would give me the blessing of health, but nothing did me any good till I started on Tanlac.

"It was about the first of April that I began taking Tanlac, and in a little while I felt I was getting better. I gained in strength and weight, and my friends could see it in my face and even they began to tell me how much better I was looking, and, really, I haven't felt so well as I do now in fifteen years. I have felt no discomfort since I began taking Tanlac and very seldom have a headache. My stomach has toned up and I digest my food with ease and I have gained all of eight pounds. I am getting stronger all the time and I can now do some kinds of work that I haven't been able to do in years. My improvement has been the talk of the neighborhood, and I believe that Tanlac is one of the greatest blessings ever had. I feel that I owe my life to a little white pill that I can carry in my pocket and take when I feel the first sign of my old trouble coming on."
