When the Boy Comes Rapping In—
 ravenous after his strenuous play, there is nothing better for him than a good thick slice of bread and butter or jam. That is, if the bread is light and toothsome. It will always be so if made with our **BLUE STEM FLOUR**. Bread made from it is a bone, flesh and blood builder. Fine for growing kids, fine for everybody. Try a sack.

I want to remind you about that small chew of this good tobacco.

It tastes better because it's good tobacco. Its quality saves you part of your tobacco money. It goes further and lasts longer.

MODART CORSET
 Front Laced

WHY LOOK OLDER THAN YOU ARE?
 It is astonishing how many women through lack of attention are wearing corsets that give a more mature appearance to the figure than it should have, and consequently they appear to be five or ten years older than they are.
 It is possible to readily improve that condition if you will come to our corset department and get a trial fitting of the MODART front laced corset.
Pauline Lederle

A TRIAL WILL CONVINCE YOU.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

The Science of Being Useful

Business is the state of being busy.

American business is the entire American people in the business of providing itself with a living.

Only through the usefulness of all can everything be done which must be done, and everyone rewarded who does it.

Swift & Company, with other great American businesses, interprets its mission as more than the mere Science of Making Money.

It realizes the surest way to make money is to prove its usefulness; that the more useful a business is the more successful it must be because it is a greater benefit to mankind.

Today's success of Swift & Company is a measure of the quantity and quality of its usefulness—of the number of people it helps, and the number of ways and the degrees in which it benefits them.

Let us send you a Swift "Dollar". It will interest you. Address Swift & Company, Union Stock Yards, Chicago, Ill.

One Thing You Can Do--

With a driving hailstorm headed your way, what could you do to save your crop? And after the storm had passed and beaten down everything you had spent the entire season in raising, what could you do about it, and where could you look for the year's income that had disappeared under your very eyes?

Would you try to preserve your crop from damage? You could not.

Could you replace the crop or get it back into good condition. No.

Could you recover your lost season's income? Certainly you could—if you had taken out fire insurance with the **SECURITY INSURANCE AGENCY**. They will give you the same old service.
