

"Tall Aches From Little Toecorns Grow"

—This is not quite the way we used to write it in the old copy book at school, but nevertheless, it clearly expresses the feeling of hundreds of those who suffer untold agony every day with an incurable corn or callous.

—To these sufferers, we say, come to us and we will show you an absolutely new method for relieving and curing those ACHES. It costs only 25c, and we guarantee it to give satisfaction or money refunded.

"THE MAN OF MIGHT," Episode No. 11.

We have JUST TUMBLED to the fact that every STIFFY business concern, in a more or less camouflaged way, is inflicting the public with the qualities and abilities of its sales force. This is doubtless a good thing, as we want to get in on it. We understand that an expert is usually employed to "get by" with the end of advertising, but we will try to do it alone.

The above cut is a striking likeness of Mr. A. L. Clark, who eluded the authorities in Idaho, and who joined our force. He is not only an extraordinary two-handed meat gutter, but is a "handsome thing" besides. We are completing arrangements to have his counter space marked "Reserved for Ladies. Come Early and Avoid the Rush!"

P. S.—We have the most complete line of ORESEALs in Eastern Oregon. Our quality is right—Our service is right—Our prices are RIGHT.

MELVIN SAYS HE SPENT HUNDREDS

Wife Had Suffered Twelve Years—
She Gains Fourteen Pounds
on Tanlac

"I spent hundreds of dollars on medicines and treatments for my wife but nothing she ever took helped her like Tanlac," said George Melvin, of 404 Algonquin at Portland, Ore., while in the Owl Drug Store recently.

"About twelve years ago my wife had a fall that made an operation necessary and from that time on she was in miserable health," continued Mr. Melvin. "She lost weight, she only weighed fifty-eight pounds, had no appetite and had to die, but even that didn't seem to do her any good, and she would complain that what she did eat just seemed to lie in her stomach in a lump and often gas would form and press so around her heart that she could hardly get her breath. She was nervous, too, and didn't sleep well and suffered a lot with terrible headaches. She was also troubled with dizzy spells and got to where she was so weak and worn out, she was hardly able to do any of her household work."

"I had been reading so much about Tanlac that I asked her to try it, but she had taken so many things without getting any relief that she didn't have any faith in it; but I got a bottle anyway and urged her to take it. Well, Tanlac has so fairly proved a revelation in her case. She has a good appetite now, eats anything she wants and never complains of having a bit of trouble with her stomach afterwards. She isn't nervous like she used to be and sleeps just like a child at night and isn't troubled with headaches or dizzy spells any more and is able to do all her own household work. She has gained about fourteen pounds in weight, her cheeks have filled out and she is as easy as a healthy girl's, and right now she is in better health than she has been in years. Not long ago I had a touch of rheumatism in my leg and took one bottle of Tanlac and I haven't a sign of the trouble now. My wife and I certainly think Tanlac is fine and will gladly tell others what it did for us."

Tanlac is sold in La Grande by Silverthorn and Richardson Drug Store; in Union by L. A. Wright in North Powder by L. A. Russell and in Elgin by Scott E. Harris and in Telocast by Telocast Grocery Co.—Adv.

Curious Plant.
Among the curiosities of the desert of Sahara is a queer-looking scrubby plant, always yellow with the sand, called the "coughing bean." In the long dry heat its pores become choked and it would die were it not for a powerful gas which accumulates inside and explodes with a sound like a human cough.

Juvenile Debut.
Little five-year-old Mary, who had great kindness of heart for all the animal creation, saw a hen preparing to gather her chickens under her wings, and shouted earnestly: "Oh, don't sit down on those beautiful little birds, you great big, ugly, old rooster!"

Optimistic Thought.
The tale of calumny which has no foundation in truth cannot long retain its power to injure.

Keep Fit

To be in perfect physical condition, to be well and strong, to have energy and vigor—to keep fit—is the joy as well as the duty of every person.

If you want to keep fit, don't neglect the first symptom of kidney trouble. Act promptly at the first sign of puffiness under the eyes, floating specks, backache, pains in sides, swollen or stiff joints, rheumatic pains.

Deranged kidneys fail to do their work properly, and as a result waste and poisonous matter is permitted to pollute the blood stream instead of being expelled from the system.

FOLEY KIDNEY PILLS help overworked, weak or deranged kidneys and bladder by their tonic, invigorating, healing action. They are made of the purest and best medicines procurable and are compounded in strict conformity with National and State pure food drug laws. They have helped thousands of men and women.

Col. F. P. Cobham, Erie, Pa., writes: "As a chemist I am not prone to the use of drugs, but I must say that I have been forced to yield in favor of Foley Kidney Pills which have done me so much good I cannot recommend them too highly. I thank you for the results derived."

Statement That Counts.
Do not let the man who says, "This is the year when I am going to show you how to farm it," think that he will have all clear sailing. He will meet wildcats and bears at every turn, and he may consider himself lucky if he gets off with a whole hide. The big thing is to stand on the far end of the field when the harvest is gathered in and be able to say, "I did what I said I would!"—Exchange.

Protect the Milk Snake.
The milk snake, instead of stealing the farmer's milk, makes constant war upon rats who annually cost the country millions of dollars in the destruction of cereals. They like to live under barns and porches, and can follow through a rat hole where a ferret couldn't go, and eat the young rats. They eat meadow mice and field mice also.

WHERE YOU DO BETTER

A wild auto race against death, in "The Light of Western Stars," at Arcade Friday and Saturday.

A GOOD FRIEND
A good friend stands by you when in need. La Grande people tell how Doan's Kidney Pills have cured the test. Mrs. S. E. Lyman of 1503 Monroe St., La Grande, endorsed Doan's five years ago and again confirms the story. Could you ask for more convincing testimony?

"I can in all earnestness recommend Doan's Kidney Pills," says Mrs. Lyman. "I have used them at different times with the best of results. I have never found anything that acts so quickly and surely on the system and regulates the kidney action like Doan's Kidney pills. I truly believe they are the best of all kidney medicines." (Statement given November 26, 1912.)

On May 26, 1916, Mrs. Lyman said: "My estimation of Doan's Kidney Pills hasn't changed in the least since I gave my recommendation four years ago. The lasting

into they give me proves they are a reliable medicine." Price 60c, at all dealers. Don't get Doan's Kidney Pills—the same cheaply ask for a kidney remedy—that Mrs. Lyman had. Foster-McBreen Co., Mfgs., Buffalo, N. Y. 6-25-14

The Place You Get Everything You Want Every Day, at the Price You Like to Pay.

Boquets

Our competitors delight in handing themselves "bouquets"—they claim leadership in everything—except this one thing—the most important of all—it's this, lowering the selling price. Understand, we don't admit that they lead in a lot of other things they claim, but we want to emphasize the fact that

WE!!

are the ones that lower the prices of meat in this city and valley; Mr. Customer, WE are the first to lower and the LAST to raise our selling price, when the decrease or increase price of livestock admits or demands a change.
