### At the End—Youth

If I had created men and women, I should have framed them on a type widely different from that which has actually prevailed—that of the highest mammals. I should have made men and women, not to resemble the great apes as they do, but on the models of insects which, after a life as caterpillars, change into butterflies, and for the brief final term of their existence have no thought but to love and be loved. I should have set youth at the end of the human span.—From "The Garden of Epicurus" by Anatole France.

In the case of Wallowa county vs. Geo. P. Faught, which was concluded earlier in the week, the jury awarded Faught compensation to the amount of \$1625 and lawyer's fees of \$325. The costs of the case, which it was estimated would amount to nearly \$2,000, including attorney's fees, must be met by Wallowa county. ## G-E Fans Refreshing as a Summer Shower

Dear Sir or Madam:  
Your pleasure depends on the enjoyment of your guests.

Good things to eat are expected as a matter of course. Likewise, excellent service. But in summer there is one other very important consideration—

Your dining room must be COOL!  
At trifling expense for current, G-E electric fans will create in your dining room, even in the hottest weather, an atmosphere of coolness that will please the most exacting guest. And the fly nuisance will be eliminated.

We have a complete line of these fans, including desk and bracket types (both oscillating and non-oscillating), ceiling fans, and ventilating outfits. Economical, noiseless in operation, attractive in appearance, G-E fans meet every requirement of the modern restaurant or dining room.

We shall be pleased to submit to you recommendations for a G-E fan equipment. You will be placed under no obligations whatever.

## Some Comedy

We note that our competition is maintaining a comic section in the form of an ad. You should read it; we especially recommend that the single ladies read it—it's great!

We don't maintain a beauty parlor or a matrimonial agency, but we have a fine crew of experienced men (all married—don't know if their clothes are tailor-made or hand-made—don't know if they know how to cook or how to wash their faces) but we do know that they know how to wash their faces and sell it for LESS.

Phone Main 32, we'll deliver it promptly at reasonable cost.
