Hurry Gets Nowhere.

The man or woman who works in a hurry, always at high tension, with no knowledge of the value of relaxation, produces results far inferior to the quiet, composed worker, who knows how to conserve his strength. He can do more, do it better and at less cost of strength and energy than his hurried associate.

Kindness Appreciated.
What a comfort a dull but kindly person is, to be sure, at times! A ground glass shade over a gas lamp does not bring more solace to our dazed eyes than such a one to our minds—Holmes.

"Sa Camille" is superior to any other front lace corset, for without the *Ventile* features no corset can possibly be just as good. It contains the master touch of scientific construction.

You do not sacrifice comfort for style and you do not sacrifice style for comfort when you wear

Why Look Older Than You Are?

It is astonishing how many women through lack of attention are wearing corsets that give a more mature appearance to the figure than it should have, and consequently they appear to be five or ten years older than they are.

It is possible to readily improve that condition if you will come to our corset department and get a trial fitting of the MODART front laced corset.

One Thing You Can Do--

With a driving hailstorm headed your way what could you do to save your crop? And after the storm had passed and beaten down everything you had spent the entire season in raising, what could you do about it, and where could you look for the year's income that had disappeared under your very eyes?

Would you try to preserve your crop from damage? You could not.

Could you replace the crop or get it back into good condition. No.

Could you recover your lost season's income? Certainly you could—if you had the best hail insurance with the STURGEON INSURANCE CO. They write your contracts and give service.

AMONG MANY FLOURS

there is always one that wins women's approbation in a larger degree than the others. We are proud to say that old BLUE STEIN flour is that "one." The test is in the baking and eating. Women with know say it is easier to make good cake with our flour than with any other. A trial will prove them right.
