**Investigating Apple Leaf Roller**  
Leroy Childs, of the Hood River Branch Experiment Station and B. B. Fulton, of the O. A. C., were in town yesterday afternoon and made a trip out to Imbler to look into the apple leaf roller here this year. The roller seems to be not quite as bad this year as in former seasons, and the improvement is credited by many of the Imbler people to the presence of new species of bug that is said to be devouring the roller colonies of the insects. It is said, make their home in one tree until they have exhausted the food supply provided by the roller, and then they take up their abode in another tree. Messrs. Childs and Fulton returned west last night.

**United States Railroad Administration**  
Plan your vacation to visit one or more of them, where the days are cheerful and the nights bring refreshing sleep.  
**Old Ocean** is a summer-time delight. Its invigorating salt-laden air and the splash of its surf temper your nerves, redden your blood, whet your appetite, restore your wasted energy, bring new vim and health.  
**Up in the Mountains**  
You get equally beneficial stages of recreation. You leave behind the pollution and hurried change of daily business life. The air is pure, the scenery is beautiful, the water is clear. The altitude is healthful and invigorating. Nature's gifts are yours. You can "bake" your skin in the sun, or you can "soak" in the water. You can "hunt" for trout, or you can "fish" for bass. You can "ride" the horses, or you can "walk" the trails. You can "camp" in the woods, or you can "stay" in the hotels. You can "enjoy" the view, or you can "forget" all your cares. You can "rest" your mind, or you can "refresh" your body. You can "have" a good time, or you can "get" a good deal.  
**Can You Resist Such an Offer?**  
Ask the local ticket agent to help plan your trip. He will tell you just what the fare is, and give you other helpful hints. It is the aim of the United States Railroad Administration to extend every possible aid in making vacation travel convenient and satisfying to the public. The National Parks have all been greatly improved and were never so appealing as they are now. Beautifully illustrated booklets giving minute information of their delights and wonders have been issued by the Administration and are free for distribution. Ask your local agent for any of them.
