Licenses 82.00
Electrical permits 3.00
Building permits 1.00
Rents 32.29
Phone toll 1.95
Total \$566.69
Disbursements
Imp. Bonds paid 2000.00
Special interest 250.00
Park entrance 55.00
Total \$2305.59
From the fire department, no fires for the week.
From the police department, arrests for the week 8; 2 for drunkenness, 1 for having liquor in possession, 5 for traffic violations. Fines collected \$80.00; pound fees, \$5.
The street lots, in addition to the regular routine work, hauled one load of brick for camp stoves at the park, gravel and sand for repairing Fir and Spruce streets and removed rock and cobble stones from these and other streets. One man was also employed for part of one day making signs for tourists. The water superintendent went to Beaver creek intake on Monday June 23 and with a force of men closed the well at the dam. This was necessary to save the water in the reservoir as the valve at the bottom of the well became clogged in some way and could not be closed. We still have the large opening at the bottom of the dam which can be used to let out the necessary supply of water or for emptying the reservoir. The water in this reservoir is still clear and apparently free from algae or other impurities. The supply of water entering the lake is still ample for the city's requirements.
Respectfully submitted,
JOHN COLLIER, Manager.

Onions a Disinfectant.
Much has been said about the virtues of the onion, but few know of its use as a disinfectant.
An onion cut in half and set in a room will attract to itself all manner of germs, leaving the air sweet and pure; it is therefore most valuable in cases of infection. You should take care, however, to burn the onion afterward.
No part of an onion should ever be used for domestic purposes after having been allowed to lie about overnight. The eating of raw onions is a great personal protective in time of epidemic, and if taken with cucumbers the breath is left innocent of any objectionable odor.

Beecher's Poetic Fancy.
I like best a forest of mingled trees, oak, maple, oak, beech, hickory and evergreens with birches growing along the edges of the brook that carries itself through the roots and stones toward the willows that grow in yonder meadow. It should be deep and somber, in some directions running off into shadowy recesses and coverts beyond all footsteps. In such a wood there is endless variety. It will breathe as many voices to your fancy as might be brought from any organ beneath the pressure of Handel's hands. Handel and Beethoven always remind me of forests.—Henry Ward Beecher.

Jade Imitations.
Chinese jade is so successfully imitated by manufacturers in Europe that the artificial frequently is mistaken by experts for the genuine.
Temptation is not always disguised. It knows pretty well who is waiting for the chance to be tempted.

AIRPLANE STUNTS ON FOURTH, OVER CITY

(Continued from Page 1)
there will be given at the fair grounds a short musical program, as follows:
Music by the O-W Band.
Singing by the Community Chorus.
Reading of Declaration of Independence, H. E. Dixon.
Singing by Community Chorus.
Address to Service Men, by Rev. G. L. Clark.
Singing, "The Star Spangled Banner," by Mrs. A. L. Richardson.
Address, Rev. William A. Sunday.
After Mr. Sunday's address, picnic lunch will be held at the Riverside Park, where visitors in town may take their baskets and receive free coffee and cream to go with their lunch. The Elgin band will spend the noon hour at the park, furnishing music.
Afternoon Program.
The afternoon program of motor races will begin at 2:30 o'clock at the fair grounds. The first race will be a five-mile motorcycle race, next will

come a novelty race, and then a free-for-all automobile race for a purse of \$400. The returns from the Willard-Dempsey championship prize fight, at Toledo, Ohio, will be received and announced from the speaker's stand at the fair grounds during the course of the battle.
The races will conclude the official program for the afternoon, and until the Chautauque entertainment at 7:30 in the evening, opening the ten-day season, people will have an opportunity to visit around and get rested up. Starting at 9 o'clock there will be dances held at the various halls in the city, and at 9:30 the boxing matches will commence at the fair grounds. A full story on these matches will be found in another column of the Observer today.
With all of the above the celebration will be comprised. There is no doubt but that it is going to be one of the best La Grander have ever witnessed, and even though it has proved to be an expensive undertaking for the city, there will be no charge to anyone for any of the attractions except the chautauque entertainment, which is not really a part of the celebration program. The finance committee has been doing some canvassing the last few days and has an eminently satisfactory report to make when the big day is past and gone.

INSTALLATION OF REV. J. A. SMITH

INDUCTED INTO PASTORATE OF PRESBYTERIAN CHURCH
Service Well Attended and Congregation Hears Fine Sermon by Rev. William Westwood
The installation of Rev. James Albin Smith as pastor of the Presbyterian church was conducted last night as arranged for by the Session of the church. There was a good

representation of the congregation present. Rev. Wm. Westwood of Balboa acted as Moderator and preached a sermon on "The Glorious Church," which was deeply appreciated by the congregation. The charge to the congregation by Mr. Clark was interesting and timely. At the close of the service the congregation came forward and greeted Rev. and Mrs. Smith in a most cordial manner, assuring them that they were welcome to the city and that all were delighted to receive them as pastor and wife. The whole people pledged their undivided support and co-operation.
The church is delighted at the prospects of good work under Mr. Smith's leadership.

Spending or Using

DO YOU USE MONEY, OR DO YOU MERELY SPEND IT?

—The difference in these terms is the difference between "Thrifty" and "Thriftlessness." Using money means buying the things you need at the LOWEST MARKET PRICE; and ability to use money only comes to those who KNOW MARKET CONDITIONS. Thrifty people are readers of advertising, because it keeps them informed. THEY KNOW what is in the market and where it is sold to the best advantage. When they buy, they do so with a certainty that they are getting a full money's worth. Business is good with us—we enjoy the presence of happy, contented customers.
