President Says League Covenant Will Be In Every Treaty Made at Versailles—Refusal of States to Approve Special Treaty With France Would Cut French to Heart.

(By Associated Press to The Observer)

WASHINGTON, July 10.—President Wilson, conferring with the newspaper representatives today, gave indication that he is extremely gratified by Germany's early ratification of the peace treaty. The President feels that trade relations with Germany should be resumed as soon as possible, as without trade Germany will never be able to meet the Allies' demands for reparation.

Could Still Cause Trouble.

The President declared that he believes troops should be kept in Germany until the Germans have complied with all the military terms of the treaty. He pointed out that there are several million veteran soldiers in Germany and munitions sufficient for them to operate. The Germans will be required to deliver all their war materials up to the Allies within four months.

League In Every Treaty.

The President stated that the League of Nations covenant will be in every treaty negotiated at Versailles, including the treaty with Bulgaria, with which country the United States was never at war.

The President submitted to the senate today only the treaty containing the League of Nations covenant. The

TAKE CARE TO PREVENT FIRE

FIRE ASSOCIATION BOARD IS- SUES URGENT REQUEST

Prolonged Dry Spell Has Made Danger From Fires Very Real and Public's Aid Is Asked

The regular monthly meeting of the board of directors of the Union and Willamette counties Fire Association was held in the Y. M. C. A. last evening at the Y. M. C. A. to discuss the fire situation in the county. J. H. Minnaugh of Willamette, George E. Hayden of Enterprise, E. N. Jacobs of Union, T. J. Scroggin of La Grande, and George Palmer of La Grande comprise the board of directors. They are making a strong appeal to the public, to be especially careful with their fires, when they are out on picnics and similar occasions. Owing to the very dry weather it is an easy matter to have a large fire in a very short time. Great care should be taken to see that fires are absolutely out before leaving them. If everyone keeps this well in mind it will do a great deal to minimize the danger from conflagrations that are liable to occur at this season of the year.

TO HEAR BRYAN AT PENDLETON

FAMOUS STATESMAN AT ROUND- UP CITY FRIDAY

Efforts to Get Him to Visit La Grande Have Apparently Met With Failure

(By Associated Press to The Observer)

Many La Granderers will be passengers to Pendleton on No. 17 tomorrow morning, to hear the address to be given in the city tomorrow by William Jennings Bryan, former secretary of state in President Wilson's cabinet. Mr. Bryan is on a lecture tour under the auspices of the Ellison-White Chautauque bureau.

When it was learned in La Grande several weeks ago that Mr Bryan was to visit Pendleton, efforts were made to have him appear here while in this part of the state. The price of the appearance was immedi- ately guaranteed Ellison-White, but to date no reply has been received concerning them. It is considered likely, therefore, that the Ellison- White people have found it impos- sible to give Mr. Bryan a date here at this time and that La Granderes who were expecting to see the famous orator will be disappointed.

This made the trip home longer than it otherwise would have been.

After arriving at New York with his men Captain Ingle was station- ed there until they were mustered out or placed in hospitals, as the case may have been and then he was discharged from the service.

"It was a great, great experience," he said to the Observer today. "Vol- unteers could be written on European conditions and I felt that America has done her part in the great cat- astrophe. Yes, I surely am glad to be back in the Grande. Ronde val- ley and La Grande looks mighty good to me."

MEXICAN REBELS WRECK TRAINS

BANDITS CARRY ON CAMPAIGN OF FIERCE DESTRUCTION

Withdrawal of Troops from Central and Southern Mexico to Fight Villa Is Cause

(By Associated Press to The Observer)

LAREDO, Tex., July 10.—With-
drawal of troops from bandit-infested
regions in central and southern
Mexico in campaign against Villa in
the north has led to a new wave of
train wrecking and railway destruc-
tion in that republic according to
reports received by Mexico City
papers printed in this city.

The most striking feat of the rebels was the capture of a train from Mexico City to Puebla at a point only a few miles from the latter city by the forces of the former federal general, Carlos Arana, who revolted at about a year ago. One hundred of the several hundred passengers were seized as hostages, among them an American, Charles Chapman. They were driven for hours on foot over rocky trails to the headquar- ters of the rebel chief, later they were released without being held for ransom and made their way safely to Puebla. The bandits' loot is esti- mated at 100,000 pesos.

This followed close on the heels of the capture of a well known train of Mexico City at a point west known as the Death of the Union, not more than a dozen miles from the capital. The capture, for- mer followers of Zapata, sent the city of the party back to Mexico City for a month of 2,400 men and required they captured with the money was delivered.

More than 100 full-time of P. M. Gandy are expected to have been killed when a train from Mexico City to Laredo was wrecked at Laredo.
