A. M. Erskine Was Relieved of Rheumatism—Other Treatments Had Failed

"I have not only been completely relieved of a bad case of rheumatism by taking the Tanlac treatment, but

have also gained eighteen pounds in weight, so you may know by that what I think of the medicine," said A. M. Erskine, of 5120-84th Street, Southeast, Portland, Ore., to a Tanlac representative recently. Mr. Erskine is employed by the Northwest Steel and Shipbuilding Co.

"I began to suffer with rheumatism about ten months ago," continued Mr. Erskine, "I was in Vancouver at the time, helping to build the Blander Shipbuilding plant, and first noticed it in my left knee. The pain felt more like neuralgia than anything else, but it kept getting worse all the time and finally shifted

from my knee to my hip and at times I would have it in my back and then in the muscles of the calf of my leg. That part of my leg seemed to be troubled the most and the muscles just felt all the time like the skin had been torn and like a hot mustard plaster had been put on the spot. At times, I also suffered with sharp shooting pains that would run up and down my leg and I just couldn't walk any distance without my leg giving out entirely. When this would happen I would just have to stop and rest and sometimes the pains would be awfully bad it looked like it would cut off my breath. Sometimes about the only way I could get any rest at nights would be to use hot applications and I suffered such as only for eight months and got in such bad shape that I fell off in weight from 145 pounds down to 120 pounds, and while I kept at work, I was certainly in a bad way and would feel all fagged out when I would get home in the evenings. I took different treatments and medicines but I might just as well have taken so much drinking water for the relief I got.

"I had been reading so much about Tanlac and what it was doing for others, that I decided to try it and I hadn't been taking the Tanlac treatment long until I commenced to feel better, so I kept it up and the treatment relieved me of my rheumatism entirely. I not only got rid of the rheumatism but got back all the weight I had lost and three

found more besides. I am working time every day now and never have that trouble, draggy feeling that used to trouble me. I am certain to give you a statement for the sake of others that are suffering with rheumatism, because I know what Tanlac has done for me. Never will I be sold in La Grande by St. Verthous and Richardson Drug Store; in Union by L. A. Wright; in North Bend by D. A. Russell; in Astoria by Sport E. Harris; and in Tillamook by Telecast Grocery Co.—Adv.

Loss of Appetite
As a general rule there is nothing serious about a loss of appetite, and if you stick a meal or only eat two meals a day for a few days you will soon have a slash for your meals when meal time comes. Bear in mind that at least five hours should

always elapse between meals so as to give the food enough time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you desire and take a reasonable amount of exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation it is often the case that should be corrected at once. A dose of Chamberlain's Tablets will do it.—Adv.

DIDN'T CARE WHAT HAPPENED
"I became a physical wreck from stomach trouble and was a fit subject only for the operating table or graveyard. Being discouraged, I gave way to drink, which made things worse. I got so I didn't care what happened, and wanted to die. May's Wonderful Remedy has cured me of everything. Am now in fine condition and feel 25 years younger. It is a simple, harmless preparation that removes the curdled masses from the intestinal tract and allows the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Druggist Everywhere.—Adv.
