### FOUND WHAT SHE HAD HOPED FOR

Sought Relief From Trouble For Seven Years—Gains Twenty Pounds.

"Nothing ever helped me until I got Tanlac and that's saying a good deal for I have been trying for seven years to find relief," said Mrs. Peter Broe, residing at 1518 Bigelow avenue, Seattle, Washington, while in the Barlett Drug store, recently. "But, she continued, 'Tanalac has given me everything I had hoped for. I have not only been relieved entirely of all my ailments, but I feel perfectly strong and well and have actually gained twenty pounds in weight. I had suffered terribly from indigestion for fully seven years. I could hardly get my food down until I would begin to have awful cramping pains in my stomach, which were so bad sometimes that I would almost double up. Finally my appetite left me entirely and I would simply suffer agony from what little I did eat. I would blast badly with sour gas and had very disagreeable taste

in my mouth all the time and was extremely nervous. I was constipated all the time and never went through a day in years without a headache. These headaches would almost blind me at times and I would just have to leave my housework and everything and go and lay down. I lost weight continually and felt tired and worn out all the time. My condition gradually became more distressing in spite of all I could do and I became discouraged as it looked like nothing could help me.

"I read so much about the good Tanlac was doing others who suffered the same way that I decided to try it and it certainly has given me that long hoped for relief. It just seemed to tone my stomach right up. My appetite is just fine now and I can eat just anything and enjoy it and never suffer a particle with gas, pain or any other signs of indigestion. I am no longer constipated and have not had a headache since right soon after I began taking Tanlac. I am feeling strong, healthy and well in every way now and am glad to recommend Tanlac to everybody who has any reason whatever to take any kind of medicine."

Tanalac is sold in La Grande by Silverthorn and Richardson Drug Store; in Union by L. A. Wright; in North Powder by L. A. Russell and in Elgin by Scott E. Harris

and in Telocast by Telocast Grocery Co.—Adv.

### 1100 MARINES TO GET NAVAL AIR TRAINING

The Navy department has recommended provisions for 100 officers and 1000 enlisted men in the Marine Corps Aviation Section. During the war the Marine Corps had four squadrons about ready to go overseas when the armistice was signed. One Marine squadron at the Naval Air Station Miami, Florida, operated as scouts and submarine patrol.

The Miami field has been ordered abandoned and two operating fields are being established and the personnel and equipment transferred to them from Miami. Those two fields are at the Marine Barracks, Paris Island, and the Marine Barracks at Quantico, Virginia. The main mission of Marine Aviation will be to furnish air forces for the protection of Naval bases outside of the continental limits of the United States.

There are at present 42 airplanes with the Marines at Haiti and 8 airplanes with the Marines at Santo Domingo. In connection with these Marine Flying Fields, the Marine Aviation Section is educating men in the following trades: electricians, welding, gas engine mechanics, machine shop mechanics and etc. This is a splendid opportunity for men mechanically inclined and also for men working as apprentices at the above mentioned trades to learn all or part at Government expense.

The local Marine Recruiting Station at room 29 Summer Bldg. La Grande, Oregon, since receiving notice that this branch of the Marine Corps is open has transferred several men who enlisted for this duty in addition to several applications. So take advantage now. Don't wait but come up and have a talk with Sergeant Wingard anyway.

### THAT BAD BACK

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—dreadful urticaria disorders? For bad back and weakened kidneys La Grande residents recommend Doan's Kidney Pills. Read this La Grande woman's statement: "Mrs. F. J. Barlett, 603 Adams Avenue, says: 'I know from my own experience that Doan's Kidney Pills are fine for backache. At times, it was in a great deal of misery with my back, more so after I had been on my feet a great deal. Knowing the value of Doan's Kidney Pills, I got a box and used them. I was permanently cured of the misery in my back and since then, I haven't had any backache or other kidney trouble.'

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Barlett had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

The Observer furnishes and prints Butter Wrappers.

### WEALTHY MAN MAKES BEQUEST

Greek Theatre, Hall of Science and an Observatory for Los Angeles.

LOS ANGELES, Cal., July 30—A Greek theatre, a Hall of Science and an Observatory will be built in Griffith Park here and given to the city as the result of bequests in the will of the late Griffith J. Griffith which was filed recently for probate.

Several years ago, Col. Griffith gave to the city a tract of several thousand acres in the northwestern section of the city, skirting Hollywood and located in the foothills, for a public play ground. The park was named in his honor and later he spent large sums in building roads, installing a zoo and making other improvements.

At least \$1,000,000 will be spent in the construction of the theatre, the will reciting that the deceased "desires that the plans I have perfected during my lifetime for such a structure and commonly known as the 'health plan' be used as a basis for the theatre as nearly as possible." Col. Griffith suggests that the theatre be built in Vermont Canyon, one of the canyons running through the park.

The document continues to the effect that the remainder of the trust fund, totaling almost \$1,000,000, is to be devoted to the Hall of Science and the observatory which is to be located on the summit of Mt. Hollywood, a mountain peak rising out of the park. In the Hall of Science and the observatory, according to the will, is to be placed a collection of scientific instruments. The will provides that these buildings be available to the public and that a motion picture theatre be constructed in the Hall of Science. In the observatory, the will provides, a 12-inch telescope is to be installed, the details of which will be besting these improvements concluding:

"When my efforts are fully known they will show the fixed purpose to direct and aid the concentration of thought which lifts one above environment. I am anxious to have these improvements instructive and attractive, fully believing that thereby many people can then be lifted out of the trenches of ignorance and superstition and placed on a higher plane of intelligence.

## Billie Boss Dresses

Something new in Kiddies Dresses, made of best grade Romper Cloth, trimmed in contrasting color. These Dresses are by far the neatest line we have been able to secure for some time; many colors to choose from, in all sizes; Priced at \$1.98. See our display on front table.
