back to the State of Washington, but I really didn't think I would get back there. I had about exhausted my money, so I went back to my trade on Baker, but wasn't able to keep at it and I told my wife it was no use. I might just as well be dead as to feel like I did.

"She suggested that I take Tanlac, and said that so many people were recommending it that there must be some good in it so I let her get me a bottle, and I want to say right now that by the time I had finished my second bottle I was feeling nearly a hundred per cent better and I kept on taking it until now I feel as sound,

SPENT MUCH SEEKING HEALTH

Gratz Traveler Far and Wide But Got No Better Gains 45 Pounds Taking Tanlac.

"I spent thousands of dollars and traveled over nine states and even into Mexico and Canada trying to regain my health, but nothing ever helped me until I started on Tanlac and that not only completely relieved my troubles but actually helped me to gain thirty-five pounds in weight," was the enthusiastic statement made by Michael Gratz, of 1042 South Sheridan St., Tacoma, Washington recently.

"For about twenty-five years I tried to curiously with my stomach and I don't believe any man living went through the tortures that I went through. Mr. Gratz, "I think you started by drinking Tanlac and you were working about the

hot ovens naturally kept me thirsty all the time and I used to drink a lot of iced tea. Anyhow my stomach gradually got in such a bad fix that it wouldn't digest anything and everything I would eat just seemed to ferment and form gas, and sometimes this gas would press so around my heart that I could hardly stand it. I finally stopped trying to eat any solid foods and I really don't understand how I managed to keep up at all. I even tried starving myself and would go for maybe forty-eight hours without eating a thing, but that didn't seem to help me any. My head would ache so terribly sometimes that it would feel like it was going to split and I was in so much misery all the time that I hardly knew what it was to get a good night's sleep. I took all kinds of medicines, but nothing gave me any relief and, after giving up business I had at different times in Pennsylvania, Arizona, Los Angeles, California and Billings, Mont., I started traveling for my health. I went from Mexico to British Columbia through nine states—just everywhere that I heard there was treatment of any kind that might help me, but I didn't find any relief and then I started

and healthy as a man can be. I have a splendid appetite, eat everything I want and never suffer a bit afterwards. I sleep like a log the whole night through, am never troubled with headaches anymore and can do as good a day's work as any man. I have gotten back every bit of my strength and weigh 175 pounds which is thirty-five pounds more than I weighed when I started on Tanlac. If anyone would offer me ten thousand dollars to go through for a what I went through before I took Tanlac, I would refuse. I am in such good condition now that while in Seattle a short time ago I had a physician examine me and he said I was one of the healthiest men for my years in the city. When I think of all that Tanlac has done for me, I not only feel like a new man, but I do my duty as well, to recommend and endorse it every chance I get."

Tanlac is sold in La Grande by Silverthorn and Richardson Drug Store; in Union by L. A. Wright; in North Powder by L. A. Russell and in Elgin by Scott E. Harris and in Telocaset by Telocaset Grocery Co.—Adv.
