

The Store That Has No Substitute For Nationally-Advertised Products

The druggist who recommends a "just as good" substitute, stakes the consumer's business against a few cents extra profit, and eventually he loses both.

Unadvertised products have no demand and must depend upon the assistance of the substituting dealer for existence.

At our store you will always find high-grade goods—the kind advertised in your favorite magazines.

If you wish to save time and worry these warm days, call Main 40, and make your wants known. You'll receive just what you order and not "something just as good."

"SERVICE IS THE THING."

We had a nice shower Sunday afternoon but it was not hard enough to damage the grain as was feared. Most of the wild hay is good this year and is nearly all in the stacks now. Wheat and oats are going to thresh out much heavier here than in many other places in the valley. Some are in the shock now and the rest will likely be in perhaps ten days.

Mrs. Dick Peobler has every reason to be happy these days, as her sister, Mrs. Lizzie Walker Larsen, whom she has not seen for a number of years is here from Kansas City on a visit, and her daughter, Frankie Peobler Fulton and husband arrived last evening from Minneapolis after an absence of three years.

Mr. and Mrs. Luther Geiger are the proud parents of a son, born Sunday, August 3.

Mrs. J. Austin was a delightful hostess to the Get-to-Gether Club, July 24, all enjoyed the afternoon. Mrs. William Banton will be the next hostess when the club meets at her home Thursday.

Miss Belle Goussell has returned from Caldwell, Idaho, where she spent a week with her cousin, Miss Lulu Kinney. She accompanied the Kinneys who had been visiting here, in their car, returning on the train.

Mrs. L. E. Scott, mother of Mrs. Mary L. Council, who is visiting here, is in very poor health and is taking treatments of Dr. Phy at the Lake.

Despite the action of President Wilson in vetoing the effort to do away with the daylight saving law and despite the fact that all parts of the county are an hour ahead of the sun, Condon clocks have been turned back. The action was taken Saturday at 5 p. m. as the result of a petition, signed by practically all business men of the city. Farmers of Gilliam county, almost without exception, have been going by the sun in their daily routine, and it was considered best to aid them in carrying on business in the city, by making the change.

Two lots of Umatilla county wool of the 1919 clip, totaling 99,000 pounds, have been sold at Boston, within the last week. Forty thousand pounds of fine staple wool from the John Ross sheep at Pilot Rock, brought 59 cents a pound and 59,000 pounds of medium wool, from Johnson & Pearson at Juniper brought 52 cents.

ENGAGEMENTS IS ANNOUNCED

An announcement of interest to many La Grande and Pendleton people is that of the engagement of Miss Jean Olive Jacobs to Harry Richardson, which was announced recently in Portland, where Miss Jacobs lives with her parents, Mr. and Mrs. Geo. Jacobs. Miss Jacobs taught in the Pendleton grade schools a few years ago, and has since her departure from here lived in Portland. She is a graduate from the Lincoln high school in Portland and later attended the Oregon State normal. Mr. Richardson is a well known La Grande man and recently received his discharge from service, after being stationed for a year at Kelly field. The wedding will take place August 12, at the home of the bride's parents. The guests will include close friends and relatives. The young couple will make their home in La Grande.—Pendleton Tribune.

State News

Thirteen tons of poisoned grain have been distributed through the county agent's office in Baker county by the 1209 farmer co-operating in rodent control. At the same time five tons were spread by agents of the federal biological survey on the adjacent government lands. County Agent Fred distributed 225 gallons of poisoned oats to 41 farmers of the Wingville district. Dead squirrels were found by the thousands.

Hogs which neither chew the cud nor cleave the hoof deposit themselves in the pen kept by John Russell a farmer living at Yonkum. Russell's swine, unlike their kin, have a solid hoof, not dissimilar to that of a mule. They are known as a mule-foot hog.

As a result of a journey to Granite on Sunday, local authorities are in possession of a complete still, six gallons of finished moonshine pruned whiskey and between 40 and 50 pounds of mash found in the cask.

A total of 522 accidents were reported to the state industrial accident commission during the week ending July 31, of which seven were fatalities.

MARRIAGE LICENSES ISSUED.

The following parties have been issued marriage licenses at the county clerk's office:

To Walter Cole and Nettie Bradley, of La Grande, on August 2.

To Charles Ray Wright and Vivian R. Mayfield, of Union, on August 4.

To Harry Newberg and Bessie Curteman, of La Grande, on Monday, August 4.

To Peter Obiadue, of Harney county, and Dolly Deering, of Union, on August 4.

To Claude Privett, of La Grande, and Mary Hull, of Union Junction, on Monday, August 4.

ARMED MEN LARK NEAR CLEMENCEAN

PARIS, Aug. 6.—Two laborers, one of whom had two revolvers and the other a large knife, were arrested today near the residence of Premier Clemenceau by detectives, who said their manner excited suspicion.

As they were being taken to the police station, a detective said, the men offered money for their release. They gave their names as Ernest Valle and Alexander Bonnard. They said they had an engagement with friends and relatives at a cafe in the street where M. Clemenceau resided.

The possession of weapons they explained by saying that some one whose name they did not know commissioned them to sell the weapons for him. The men were held for trial on charges of carrying concealed weapons, and attempted bribery.

Observer advertising will bring results.

LADD CANYON YOUNG MAN SPRINGS A SURPRISE

Eugene Banton Returns From Service—Crop Outlook satisfactory—Mrs. Larson Visiting

LADD CANYON Aug. 6.—(Special)—Eugene Banton, son of Mr. and Mrs. William Banton is greeting friends, having arrived home from overseas early Friday morning, completely surprising his folks by getting off the train at Hot Lake and walking up at four o'clock in the morning, instead of going to La Grande as they expected he would. He went to Camp Lewis the 23d of July, 1918, where he remained two months, going on to France where he spent ten months in the Medical Corps or what is known as the Replacement Battalion, being absent from home a year. He experienced the "flu" twice, but is looking fine now, and of course as glad to get home again as we all are to see him back once more. Reginald Heryford is the only one of "our boys" who hasn't returned yet, although he was the first one to enlist two years ago. We all feel that he will surely be coming back long.

As a result of a journey to Granite on Sunday, local authorities are in possession of a complete still, six gallons of finished moonshine pruned whiskey and between 40 and 50 pounds of mash found in the cask.
