MODART CORSETS
Front Laced

WHY LOOK OLDER THAN YOU ARE?

It is astonishing how many women through lack of attention are wearing corsets that give a more mature appearance to the figure than it should have, and consequently they appear to be five or ten years older than they are.

It is possible to readily improve that condition if you will come to our corset department and get a trial fitting of the MODART front laced corset.

SAVAGE PRACTICE BY CUBAN FANATICS

Many White People Also Said to Take Part in Religious Meetings—Many Wierd Objects Used

HAVANA, Cuba, July 22 — (Correspondence of The Associated Press) —With the recent sudden outbreak of cannibalistic practices by Voodoo worshoppers, which have resulted in the deaths of at least three innocent children and a half dozen of the Voodoos, the latter by the application of "lynch" law for the first time in this country's history fathers and mothers are living in constant fear that their little ones may be spirited away by the superstitious negroes to be offered up in sacrifice to "Chango," the god of the "Brujos," as they are called in the Castillian language.

The Voodoos are divided in various sects, each with its separate god. The latter include "Babagueye" god of sickness; "Elecpa," god of injury, "Olorrun," god of misery, and "Chango," the terrible god, to whom human sacrifices are made.

"Chango," according to the Voodoo belief, was the son of Olorrun and Anaragua. He was slain by Elecua, the "god of injury," and ascended into Heaven from a Ceiba, or god-tree, in the month of May. It is in the month of May therefore, that the "Brujos" observe their Holy week when Chango is expected to make a weekly visit to the earth, descending by the Ceiba, his sacred tree, always on Monday.

The followers of Elecua do not directly offer human sacrifices, although their healers sacrifice the lives of some patients, by giving them poisonous concoctions, supposedly a mysterious cure for some ailment, in order to restore to health some other patient. Elecua, being the "God of injury," his followers believe that good can come to one person only through injury to another.

Voodooism is not practiced by the negroes alone. Many white persons also are said to secretly take part in their religious meetings and accusations have been heard in various quarters of the difficulties encountered by officers seeking to break up their temples because of the obstacles placed in their way by persons of influence.

An active campaign by the authorities in Havana and other parts of the island have resulted in the capture of numerous "Brujos" and the seizure of many curious and weird objects used by them.

MAZOLA
The Perfect Oil for Cooking and Salads

OIL — GROUND FLOOR OIL OPPORTUNITY — OIL

To Prospective Investors:

Many are familiar with the large returns from successful oil operations. The fortunes that have been made are fabulous and no greater have been made than will be made in the near future.

There is a chance for a number of Oregon men to join in a ground-floor proposition. A lease has been secured in a positively proven field. Oil wells now producing border the lease. The oil in this field is high grade, selling at present at 75 cents more for each barrel than other oils.

It is in a field that requires a 2800-foot depth to reach the oil sand, and the wells are pronounced long-lived. Pipe lines are in and market is positive as soon as oil is struck.

To those who would like to invest, here are a few things to be remembered —things that are seldom obtainable in oil investments:

First.—The field is proven. The lease adjoins oil production at the present time.

Second.—This is not a company to sell stock, but a chance for a number of people to pool capital and put down a well, benefitting from what returns come from the venture.

Third.—The lease and drilling will be under supervision of a man who has had years of experience in the oil business and has drilled in some of the best wells in the field. He is a man thoroughly honest and is known to Eastern Oregon people, capable of giving references that would satisfy anyone. He is financially interested now and will give the work his individual attention.

Fourth.—All money invested will be placed in an Oregon bank and perfect accounting will be kept, rendering statements at all times.

Fifth.—No salaries are to be paid except for the labor in drilling the well and no expense will confront the investment except the essential expense necessary to the drilling and the lease as it is developed.

If you have ever had an inclination to invest in oil you could get no better opportunity than this ground-floor proposition, for it will be handled by people who are reliable in every way. Usually the investor buys stock in a company not knowing its officers, its manager and unmindful of oil experience of anyone connected. In this case there are no officers at present, for this is an invitation to people who honestly want to drill for oil to come into an investment which will be officered later and organized in whatever way those now investing see fit.

The drill is at hand, ready to work, but it will not be moved on the lease until $20,000 is secured, for there is no intention of having a half-drilled well.

If you feel interested and want to join square people in an effort to make money out of oil, now is your opportunity.

The oil field is one of the big producing sections of the mid-continent field. It is no experiment and no one is asked to assist in bringing in a new oil zone. With oil being produced in large quantities adjoining this lease, with pipe lines in, the only chance that is being taken is to drill in an oil well, which certainly looks more than promising when the surroundings are considered.

Please address, stating the amount you are willing to invest.

GRAIN and STOCK FARM WANTED

One large combination farm, or two separate farms will be considered. Two prosperous Montana ranchers, who have two of the best producing ranches near Lewistown, Montana, are traveling with me and are ready to trade their well paying plants for going properties in Eastern Oregon. One of the ranches is similar to the best farms near Summerville, sub-irrigated; the other resembles "Sandridge" farms, "dry farming system."

I have other clients who have city and farm properties in the Willamette Valley and Walla Walla Valley to trade for properties here. Exchanges made on strictly conservative cash basis. State price and describe accurately and fully, addressing
