## To Clean Oil Painting.

Take the picture out of the frame and lay a clean towel soaked in clean water over it. Keep the towel wet with clean water for two or three days. Change the towel two or three times. Wipe the picture with a wet sponge until little trace of dirt is left. Repeat the process if necessary until the picture is clean. When clean, rub dry and apply clear linseed oil.

## Japanese Hairdressers.

The professional coiffeur for men is a much older occupation in Japan than that for women. There are records as far back as the thirteenth century of male hairdressers for men; for the women especially were very particular as to how the hair was done up, though as a profession the coiffeur was of somewhat later growth.

**Ants as Excavators.**  
 Everyone has observed trees that have been hollowed out by ants, and it is apparent that their biting powers are equal to working in the hardest woods. In tunneling and in the earth, and in the holes are known of their tunneling under offices and streams. Indeed, a South American ant is said to have excavated a tunnel under the bed of the Parana river at a place where it is as broad as the Thames at London Bridge.

**Too High to Lend.**  
 Our neighbor, who has a great habit of borrowing, came over one afternoon to borrow some baking powder and I told her I had none. In the course of conversation she mentioned the high price of baking powders, when my brother spoke up: "Look on the grocery bill and see how much they charged me for the can I got this morning."—Exchange.

**Unhappy Family Connections.**  
 I believe that much unhappiness comes from attempts to prolong family connections unduly, and to make people hang together artificially who would never naturally do so. I am certain my father, after he was forty, did not wish to see my grandmother any more. Speaking for myself, I have no wish to see my father again. —E. W. Howe's Monthly.

## A Great Remedy.

The merits of Chamberlain's Colic and Diarrhoea Remedy are well known and appreciated, but there is occasionally a man who had no acquaintance with them and should read the following: "H. H. Dear, a hotel man at Dupuyer, Mont., 'Four years ago I used Chamberlain's Colic and Diarrhoea Remedy with such wonderful results that I have since recommended it to my friends.'" Adv.

## IS A MERRY WIDOW

"Soon after my husband's death 3 years ago I was taken with typhoid fever. Since then have suffered from stomach and liver trouble and constipation. I have doctor-ed a great deal without benefit. Since taking Mayr's Wonderful Remedy three months ago my bowels have moved regularly and I am feeling well again. I am now a happy woman." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince.

**OIL GROUND FLOOR OIL OPPORTUNITY OIL**

**To Prospective Investors:**

Many are familiar with the large returns from successful oil operations. The fortunes that have been made are fabulous and no greater have been made than will be made in the near future.

There is a chance for a number of Oregon men to join in a ground-floor proposition. A lease has been secured in a positively proven field. Oil wells now producing border the lease. The oil in this field is high grade, selling at present at 75 cents more for each barrel than other oils.

It is in a field that requires a 2800-foot depth to reach the oil sand, and the wells are pronounced long-lived. Pipe lines are in and market is positive as soon as oil is struck.

To those who would like to invest, here are a few things to be remembered—things that are seldom obtainable in oil investments:

- First.—The field is proven. The lease adjoins oil production at the present time.
- Second.—This is not a company to sell stock, but a chance for a number of people to pool capital and put down a well, benefitting from what returns come from the venture.
- Third.—The lease and drilling will be under supervision of a man who has had years of experience in the oil business and has drilled in some of the best wells in the field. He is a man thoroughly honest and is known to Eastern Oregon people, capable of giving references that would satisfy anyone. He is financially interested now and will give the work his individual attention.
- Fourth.—All money invested will be placed in an Oregon bank and perfect accounting will be kept, rendering statements at all times.
- Fifth.—No salaries are to be paid except for the labor in drilling the well and no expense will confront the investment except the essential expense necessary to the drilling and the lease as it is developed.

If you have ever had an inclination to invest in oil you could get no better opportunity than this ground-floor proposition, for it will be handled by people who are reliable in every way. Usually the investor buys stock in a company not knowing its officers, its manager and unmindful of oil experience of anyone connected. In this case there are no officers at present, for this is an invitation to people who honestly want to drill for oil to come into an investment which will be officered later and organized in whatever way those now investing see fit.

The drill is at hand, ready to work, but it will not be moved on the lease until \$20,000 is secured, for there is no intention of having a half-drilled well.

If you feel interested and want to join square people in an effort to make money out of oil, now is your opportunity.

The oil field is one of the big producing sections of the mid-continent field. It is no experiment and no one is asked to assist in bringing in a new oil zone. With oil being produced in large quantities adjoining this lease, with pipe lines in, the only chance that is being taken is to drill in an oil well, which certainly looks more than promising when the surroundings are considered.

Please address, stating the amount you are willing to invest.

**GRAIN and STOCK FARM WANTED**

One large combination farm, or two separate farms will be considered. Two prosperous Montana ranchers, who have two of the best producing ranches near Lewistown, Montana, are traveling with me and are ready to trade their well paying plants for going properties in Eastern Oregon. One of the ranches is similar to the best farms near Summerville, sub-irrigated; the other resembles "Sandridge" farms, "dry farming system." I have other clients who have city and farm properties in the Willamette Valley and Walla Walla Valley to trade for properties here. Exchanges made on strictly conservative cash basis.
