

An Institution

—With quality, service and time, any advertised product will make its maker an institution. The retailer's trade name is his trademark. It therefore becomes a very valuable asset in his business.

—Our trade name has always been associated with quality goods and superior service.

For this reason we ask you to look upon our label as a guarantee.

—We stand back of everything sold and if goods purchased should happen to be unsatisfactory, we ask for the privilege of "making good."

—Our store is an institution in this community—one with a reputation for fair dealing, honest goods and superior service.

"SERVICE IS THE THING."

ABOUT TO GIVE UP HIS WORK

OAKLAND MAN COULD FIND NOTHING TO HELP HIM—"TAN-LAC MADE LIFE WORTH LIVING."

treatments for my trouble, but nothing I ever took gave me the relief that Tanlac has," said Ezra D. Shreve, of 2908 Harrison street, Oakland, Cal., to a Tanlac representative, recently. Mr. Shreve is employed by the Southern Pacific railroad in Oakland and has been in his present position for the past five years.

"When I started taking Tanlac I had been having a good deal of trouble with my stomach," he continued. "I didn't have any appetite to speak of and it just looked like nearly everything I would eat would sour and form gas and I would feel like I had a knot of some kind in my stomach. It certainly was a miserable feeling and

would have a dull, heavy headache and would have a dull, heavy headache and would be so nervous at times that the least little thing would upset me completely and I would be awfully irritable. This gas in my stomach would also get up around my heart and cause it to palpitate so badly that I would have a smothering feeling like I could hardly get my breath, and I wouldn't be able to sleep good, either, and when I would get up in the morning I would feel so tired and no account that I could hardly keep going. I took all sorts of things in the hope of finding some relief, but nothing seemed to reach my case and I got to where I realized that if I didn't find something pretty soon that would help me, I would just have to lay off from my work.

"It was while I was feeling this way that I began taking Tanlac and it seemed to give me relief almost from the start, so I kept on taking it, and certainly have a mighty fine appetite now and nothing I eat hurts me the least bit. I am seldom bothered with gas on my stomach and hardly ever have a headache and my nerves are in good shape again and I can sleep like a log and get up feeling fine and ready for work. For forty years I had been troubled with ma-

lars and when I went down in Mexico about eleven years ago as a mining engineer and geologist his trouble got worse and it also bothered me a lot after I got back to the states, about after the Tanlac got my stomach in good shape. I was surprised to find that every sign of the malaria just seemed to have disappeared. Tanlac has simply made life worth living to me now and I am glad to recommend it to others that may be suffering like I did."

Tanlac is sold in La Grande by Silverthorn & Richardson Drug Store; in Union, by L. A. Wright; in North Powder, by L. A. Russell; in Elgin, by Scott E. Harris, and in Telocast, by Telocast Grocery Co.—Adv.

MEETING OF MUSICIANS.

The charter has arrived for Musicians' Protective Association, No. 736, of La Grande, Oregon. A meeting will be held at Rex hall, Tuesday evening, August 12, for the purpose of perfecting the local union, and all musicians, whether having signified intention to become members of the same or otherwise, are requested to be present at the meeting.

ANDREW LONEY, Secretary.

RUSSELL TAYLOR.

The community was shocked when they learned of the sudden death of Mr. Russell Taylor Wednesday noon, August 6. Mr. Taylor had been ailing since the 19th of April with heart trouble but his relatives and friends did not realize that the end was so near.

Mr. Taylor was born April 6, 1855 in Pike county, Illinois. His early education was acquired in schools of Illinois, later going to Valparaiso College, Indiana. In 1879 he moved to Missouri, the following year he was married to Mary L. Chapman of Memphis, Kansas. In the fall of 1897 he came to the Grand Ronde, making this place his home since that date. The death occurred at the home two miles east of Island City, where they have lived for the past nine years.

He leaves to mourn his loss, a loving wife and five children, three daughters and two sons, O. H. Taylor, and Mrs. Mamie Quigley, living in Missouri who were unable to be present at the funeral but were called here in May because of the serious condition of their father at that time. Mrs. Katie Eyles, Mrs. Abner Thomas and John H., living in this valley. He also leaves two sisters and one brother in Illinois, one sister in Texas and a sister in Vermont. The family have lost a loving and affectionate husband and father and have the heartfelt sympathy of a host of friends.

The funeral was held at the Island City Church August 8, conducted by the Rev. Mr. Leitch and services at the cemetery were conducted by the Blue Mountain Grange, of which he was a member. The many beautiful floral offerings were evidences of the esteem and love of his friends.

POWDER PEOPLE GET NEW WALKS

NEIGHBORING TOWN DESIRES TO IMPROVE STREETS.

Crops in District Turning Out Well —Some On Dry Farmed Land Yield Thirty Bushels.

NORTH POWDER, Aug. 9.—(Special to the Observer)—Hal Teien had the misfortune to lose his auto by fire some time ago. The barn caught fire and as the car was in a garage close by it burned also. Mr. Teien has purchased a new Dora car through the garage here. He finds that an auto is a money-saver for the farmer as well as in other lines of business.

The city council has voted to do away with board walks and have them replaced through the main part of town by cement. This has provoked a lot of adverse criticism from different ones who are opposed to it. However the walks in this town are very bad and is surely a step in the right direction when the city council will have cement walks to replace them. We need new waterworks, and then we can say we are waking up.

The stork has been busy around North Powder lately. Mr. and Mrs. Ben Blosser are the proud parents of a baby girl, and Mr. and Mrs. Robert Jacobson report the birth of a son.

Miss Ina Hess sustained painful injuries about the arms by an explosion of gasoline. She was cleaning some clothes when the accident occurred.

Mr. and Mrs. C. J. Forstrom are spending the week in Portland attending the Buyers' Convention. They will go to California and spend some days there before they return.

Paterson, the bee man, is moving his bees over to Eagle valley. He sent them over by auto truck.

A number of ranchers are cutting their second crop of hay. The yield is reported as very good considering the dry weather.

The farms in this vicinity are yielding better grain per acre than was counted on for some time. Mr. Watkins has thirty bushels to the acre, although on dry land, and other fields are reported as yielding twenty bushels per acre. This shows up fine when we consider the long dry season.

Ben Evans and wife have returned from their wedding trip. They visited several points and report a good time.

John Gilkinson has returned to his company after spending two weeks at home, and writes that he is on duty once more on the Mexican border.

M. R. Shourds is busy installing a motor in the warehouse. This will be used for power in running their machinery instead of a gasoline engine.

J. E. Lehart was a business visitor in the city a few days ago.

Archie Holt is working for his uncle.

The Best Physic.

When you want a pleasant physic try Chamberlain's Tablets. They are easy to take and mild and gentle in effect. They are highly prized by people who have become acquainted with their good qualities. They only cost a quarter.

FORMER LOCAL GIRL MARRIES.

A telephone message last evening to the bride's parents in this city brought the announcement of the marriage at Trinity church, in Portland, at 6 o'clock Saturday, of Miss Gladys Romig, daughter of Mr. and Mrs. J. K. Romig of this city, and Albert M. Kidwell, only son of Mr. and Mrs. James A. Kidwell of Portland. The announcement will be a surprise to the young couple's many friends in the city, as the wedding had previously been planned for early fall.

Miss Romig, who is one of Baker's most charming and talented young ladies, is a graduate of the local high school and a daughter of Mr. and Mrs. J. K. Romig, prominent residents of this city.

The groom only recently returned from 18 months' service overseas as a member of the field artillery. He served on the front for five months, and upon his return entered into business with his father under the firm name of Kidwell & Son. His

father is one of the most prominent of northwest cattlemen, and with Mrs. Kidwell, are well known and respected residents of Portland.

Following a brief honeymoon the young couple will make their home in Evinston in a residence presented to them by the groom's parents.

Baker Democrat.

The bride was a resident of La Grande before going to Baker and has many friends here who join in wishing her husband and herself success and happiness in the future.
