## BUDAPEST IS FREE OF ROMANIANS

NOTE FROM PEACE CONFERENCE RELIEVES HUNGARIAN CAPITAL OF OCCUPATION.

## ROMANS UNFAVORABLE TO ARCH-DUKE JOSEPH

Inter-Allied Supreme Council Met In Hurried Session Yesterday Afternoon to Consider Situation—High Commissioner Refuses to Regard Instructions As Orders.

(By Associated Press to The Observer)

AMSTERDAM, Aug. 14.—Roumanian troops are about to leave Budapest, as a consequence of the note sent them by the peace conference, a Vienna dispatch says. The invading army had been occupying the Hungarian capital for several days.

## NO SYMPATHY FOR JOSEPH

PARIS, Aug. 14.—The Roumanian minister here has announced that Roumania in no way favors the installation of the archduke, Joseph, in power in Hungary. "There is no reason for sympathy either for the archduke personally or for the reactionary regime he represents," said the minister.

PARIS, Aug. 14.—The inter-Allied supreme council was summoned Wednesday to meet at 2:30 o'clock to consider the Hungarian situation.

The replies of Premier Bratianu of Roumania to the notes of the supreme council of the peace conference concerning the activity of Roumanian troops in Hungary have reached Paris and were being decoded yesterday by the Roumanian delegation.

While the full and exact texts of the notes are not available, the members of the Roumanian delegation say that they are of a conciliatory nature.

It was not known Wednesday when the notes would be presented to the supreme council.

Constantine Diamandy, Roumanian high commissioner at Budapest, according to a message received yesterday from the inter-Allied military commission in the Hungarian capital, informed the commission that he would not consider its instructions as orders. The Allied generals then telegraphed to Paris asking if they were right in considering instructions from the peace conference as military orders.

The orders, it is learned, were based on instructions from the peace conference to the inter-Allied mission, ordering it to carry out the disarmament of the Hungarians in accordance with the terms of the armistice.

## Scout Airplanes Along Mexican Line Equipped With Wireless Phones

FORT BLISS, TEX., Aug. 14.—Airplanes patrolling the Mexican border in this district may now report by wireless telephones, suspicious bands of armed Mexicans seen on the south side of the Rio Grande. All of the scout airplanes patrolling this border are now equipped with wireless telephone outfits, and the aerial observer may talk with border patrol stations direct or with flying headquarters here. A test was made of the newly installed wireless telephones and Brig. Gen. James H. Erwin talked with the airplane observers flying between Columbus, N. M. and Fort Hancock, Texas.

## BANK ROBBER IS JAIL BREAKER

SALEM, Aug. 14.—Chester Williams Clark, who robbed the Beaverton bank of \$38000 several months ago, escaped from the penitentiary today, when working in the berry fields under armed guard. There has been no trace found yet of the convict. On the 9th of last week, he made his escape yesterday from the hospital gang.

## Viscount Grey Agreeable to Coming to the States as British Ambassador

LONDON, Aug. 13.—Viscount Grey, the former British secretary of foreign affairs, has agreed to represent the British government at Washington pending the appointment of a permanent ambassador.

## Anti-Bolshevik Forces Have Scored Successes in Recent Fighting

LONDON, Aug. 13.—The city of Vinnitsa, in the Ukraine, 12 miles southwest of Kiev, has been abandoned by the Bolsheviks, according to a message from Moscow.

In Volhynia the anti-Bolshevik forces have occupied the railway center of Lutsk, southeast of Kovel. Vienna dispatches say that the fortress of Dobno, in southeastern Volhynia, has been captured from the Bolsheviks by the Ukrainian army.

## KOLCHAK FORCES STILL RETIRING

## BOLSHEVIKI TRY TO SEPARATE COSSACKS FROM THEM

Unless Line Collapses, American Supplies May Reach Him In Time to Avert Disaster.

(By Associated Press to The Observer)

LONDON, Aug. 14.—The retreat in the Ural mountains of Kolchak's forces continues.

It is understood that the main position of Kolchak is not materially worse as a result of the advances of the Bolsheviks, and barring his unexpected collapse the munitions which are on the way from America should reach him in time to aid in his recovery of the lost positions. The reverses administered by the Bolsheviks upon him are nevertheless a serious blow to the policy of the entente.

## HASTEN ACTION ON THE TREATY

WASHINGTON, Aug. 13.—At a stormy session today the senate foreign relations committee finally agreed to expedite the peace treaty. The reading of the disputed sections and the consideration of possible amendments will begin tomorrow. Senator Hitchcock, Nebraska, Democrat, told the committee that unless early action was secured from them an attempt might be made to force a vote on the treaty in the senate. Senator Lodge and others, it is understood, agreed to the proposal to hasten action, but Senator Fall, Republican, of New Mexico, took the position that precipitate action was impossible.

## LABOR COUNCIL MEETS TONIGHT

The Central Labor Council will hold its regular semi-monthly meeting tonight at the K. of P. Hall. Previous to the regular business session of the Labor Council, a meeting of the various committees working on the observance of Labor Day by local unionists will meet and make their reports to the general chairman, Dan Brown, and President J. C. Murphy. The committees have their work well lined up, and on Monday, September 1, which is the wage-earners' national holiday, the main attractions will be staged at the fair grounds, while the Babcock & Ryan Carnival Company, which was contracted to show in this city during the entire week, September 1 to 6, inclusive, will open at night, furnishing the chief amusement features during the week. The Watkins Warner Aero Circus, which has signed a contract to give fight exhibitions during the week, will make the first fight at the fairgrounds on the afternoon of Labor Day. While the local Labor Council assumed a big financial responsibility in order to provide high class features for the first week in September, every labor union man in this vicinity is working with a will that is sure to bring success.

## MEXICANS MAY SET DRY ZONE

TWO MANY AMERICANS FREQUENT GAMBLING RESORTS

American Men and Women Seen in Large Numbers in Cities of Old Mexico.

JAUREZ, MEX., Aug. 14.—Mexico City newspapers are discussing the probability of establishing a "dry zone" along the Mexican side of the Mexican-American border to prevent the Mexican towns opposite the American towns and cities from becoming drinking places for the Americans. If this "dry zone" is established it will reduce the number of visitors to Jaurez daily and will also reduce the income of the many saloons which line Calle Comercio, the principal business street.

Although Sunday is the favorite day for visitors, every day is a busy day in these drinking places. Night and day American women may be seen standing at the bar with the men or sitting at the serving tables nearby. The Jockey Club, to which a key must be obtained to gain admittance, has a second floor cafe for women where they may be served with their escorts. The gambling house which runs openly with the official sanction of the Jaurez authorities, is also crowded night and day. Many American women may be seen playing the various Mexican gambling games and even gather around the more American game of dice which is operated by a Mexican.

The committee also decided that it would call before it E. T. Williams, S. K. Hornbeck and William Bulett, who resigned as advisors to the peace commission because, it was reported, they disagreed with the decisions of the conference at Versailles. A motion to call Colonel E. M. House, General Tasker H. Bliss and Henry White before it also was voted down nine to eight.

It has been decided by the committee that all information secured by it from the President in regard to affairs of peace will be made public.

President Wilson, it is understood, is glad the committee has decided to speed up action on the treaty, but he has not receded from the stand he took against reservations in the pact. The President hopes to start his speaking tour when the committee reports the treaty and may arrive on the Pacific coast early in September.

Peace Commission Advisors Who Resigned Are to Be Called Before Committee—Motion Voted Down to Call House, Bliss and Henry White to Appear Before Session Also.

(By Associated Press to The Observer)

WASHINGTON, Aug. 14.—The senate foreign relations committee today decided to notify President Wilson that it would call at the White House at the President's convenience for free discussion of the peace treaty.

The committee also decided that it would call before it E. T. Williams, S. K. Hornbeck and William Bulett, who resigned as advisors to the peace commission because, it was reported, they disagreed with the decisions of the conference at Versailles. A motion to call Colonel E. M. House, General Tasker H. Bliss and Henry White before it also was voted down nine to eight.

It has been decided by the committee that all information secured by it from the President in regard to affairs of peace will be made public.

President Wilson, it is understood, is glad the committee has decided to speed up action on the treaty, but he has not receded from the stand he took against reservations in the pact. ## CABINET CRISIS IS CONFRONTING SPAIN

MADRID, Aug. 16.—A ministerial crisis is impending in Spain, and the government has summoned all absent deputies to Madrid. The fate of the present cabinet is expected to be determined at the meeting today. The statement given out late Tuesday night at the premier's office said: "The government has completed the task for which it was created. It passed the measures for the budget and that regulating the economic situation. It will give full liberty to the royal prerogative at the next meeting on Thursday. The monarch and the general opinion will decide the cabinet's fate."

## MAN'S SKELETON IS DISCOVERED

BONES OF MAN, MINUS HEAD, FOUND ON SQUAW CREEK

Believed to Belong to Man Who Escaped From State Hospital at Pendleton Last Year.

PENDLETON, Aug. 14.—A pair of shoes, a coat and a heap of bleaching bones found by Robert Bond and Charley Weeks, stock men, form the end of a tale of which at present several chapters are missing. The find was made on a prong of Squaw creek not far from Meacham, and reported for the first time in Pendleton yesterday by Tom Gurdian, former chief of police here and now a sheep tender for Smythe Bros.

A newspaper in the pocket of the coat bears an August 1918 date, says the report from the finders. This is the only clue to the length of time the man has been dead and leads to the belief that the body is that of a man who stopped at Weeks' place, near Meacham about a year ago. He was thought to have been unbalanced on the subject of prospecting and to have perished in the lonely spot several miles from any habitation.

Inquiry at the Eastern Oregon state hospital revealed that the only man who eloped in August 1918 and of whom no trace was found was Ben Tree, committed from Baker county. Tree was a sheep herder, 25 years of age and might have made his way east upon gaining his freedom. The man who stopped at the Weeks' place, however, is said to have been of middle age, which, if true, would indicate that the body is not that of Tree. Records at the state hospital show that William Brockett, from Grant county, escaped December 19, 1918 and has since been missing. He was a homesteader in Grant county and had relatives at Ritter. Hospital officials believe that he would have made his way south instead of southeast.

Identification of the body found on Squaw creek will be difficult, owing to the fact that only the skeleton and a few pieces of clothing remain. The skull of the body was not found, the report says. If it were found, identification would be made easier. No official report of the find was made until today and as soon as possible, Coroner Brown will make the trip to the scene of find to discover, if possible, the identity of the body. So far as known, only two eloped hospital patients are recorded among the missing in this section of the county.

## Strange Character In Los Angeles, the Old 'Messenger,' Is Dead

LOS ANGELES, CAL., Aug. 14.—"The Messenger," known to hundreds of thousands of tourists from all parts of the United States, is dead. In the fifteen years that "The Messenger" trudged through the streets of Los Angeles, probably not more than that number knew his name was Christian Krober.

Hardly a tourist who came to Los Angeles in that period missed seeing the banners he carried—bearing such phrases as "Get Right With God," "Christ is Coming" and "Are You Prepared to Meet Your Saviour?" "The Messenger" walked the streets fifteen hours a day.

Th other day his few intimate friends missed him. They found him in his room. His hands were folded on his breast. A Bible lay beside him and there was a little note: "I am right with God and man."

## QUIET SERVICES OVER CARNEGIE

NO EULOGY AND NO PALL BEARERS AT FUNERAL TODAY.

Body of Millionaire Philanthropist Will Rest in Cemetery at Tarrytown, New York.

(By Associated Press to The Observer)

LENOX, Mass., Aug. 14.—The funeral of Andrew Carnegie, steel magnate and multi-millionaire philanthropist, was held today at his summer home, Shadow Brook. There was no eulogy and no pall bearers attended the body. The last services were as simple as were the tastes and the habits of the man in his life. The only persons present at the services were the members of the household and the intimate friends of the family. The services were conducted according to the ritual of the Presbyterian church, to which the Carnegie family gave allegiance.

The body of Mr. Carnegie will be interred in Sleepy Hollow, near Tarrytown, New York.

## Athletic Events On the Picnic Day Program Working Up Interest

It is a very extensive program the O.W. employees will participate in Saturday at their big picnic in Riverside Park. The committee has arranged for nearly every novel stunt they ever heard of along with the old time favorites like the tug-of-war and the relay races. Interest in the whole program is right on the surface among the men in the shops and the offices. The soap men have a relay team working out with the idea of showing up the fleet-footed clerks in that event, and the clerks are counting confidently on burning the hands off the brawny boiler-makers and blacksmiths when they get hold of the rope in the tug-of-war. The crowd of friends will wait the day with keen anticipation to see the issues decided.

## B. A. Benham to Stay On With the La Grande Investment Company

The change in the membership of the La Grande Investment Company announced in the Observer yesterday, by which Sherwood Williams succeeded W. H. Sargent in partnership with J. K. Wright, will not disturb the association of B. A. Benham with the company. Mr. Benham has been very active and successfully connected with the company for the past fourteen years, handling a great deal of the outside work done by the company in the way of local real estate deals.

## CONVEYS THREAT TOWARD MEXICO

WASHINGTON, Aug. 14.—Warning that there would be a radical change in the policy of the United States government regarding Mexico if Carranza continues to fail to protect Americans in that country, is contained in a note sent to the Mexican foreign office on July 22.

## DETERMINED TO PUNISH PROFITEERS

ATTORNEY-GENERAL PALMER EMPHASIZES INTENTION OF PUSHING PROSECUTIONS.

## FEDERAL REGULATION OF COLD STORAGE NEEDED

Resolution Is Introduced Regarding \$100,000,000 European Relief Bill—Oregon Senator States Belief That Food Bill Is Sufficiently Extensive to Cover Present Conditions.

(By Associated Press to The Observer)

WASHINGTON, Aug. 14.—Attorney-General Palmer today told the senate agricultural committee that he intended to prosecute all dealers in the necessary articles of life who are selling above the prices which have been or may be determined by the price-fixing committees in various cities and counties as fair and just.

The attorney-general asked that the provisions of the Food Control Act which relate to profiteering be extended so as to embrace all necessities. Senator McNary, of Oregon, said that he believed the bill now was sufficient to reach any conceivable case.

A resolution was introduced into the house today asking the President what use is being made of the hundred million dollars appropriated for the relief of destitute Europeans.

WASHINGTON, Aug. 14.—Federal regulation of cold storage of food was urged in the senate yesterday by Senator McKellar, Democrat, of Tennessee, as a certain means of reducing the cost of living and as the only remedy for "the most outrageous piece of profiteering that can be imagined."

The meat packers were charged by the Tennessee senator with using cold storage facilities to fix food prices. Explaining his bill, Senator McKellar said it would limit the time foods could be held in cold storage, and has been vigorously opposed by the packers.

Citing recent statistics of the federal trade commission of food held in cold storage, Senator McKellar said they showed vast increases over the amounts stored last year. He compared retail prices, secured from the manager of the senate restaurant, showing large increases in prices despite the increased supplies in storage.

"Some middlemen," said Mr. McKellar, "are making 60-2-3 per cent profit on eggs alone. The only possible way in which these prices can be manipulated is through the medium of cold storage. Put a limit on the time in which these goods can be held and the packers will be compelled to sell. Eggs particularly," the senator asserted, "are monopolized. They are in the hands of the most giant monopoly there is in the world. The price the packers pay and the price at which they are sold is out of all proportion, and they never will come down until eggs are stamped and storage is regulated."

## SERIOUS FOREST FIRES ARE REPORTED AROUND EUGENE

EUGENE, Aug. 14.—Serious forest fires are reported in the McKenzie river region in Lane county today.
