Cut Metal With Smooth Disks.
Not so very long ago the discovery was made that metals could be sawed easier and quicker with rapidly revolving smooth disks of steel than with toothed circular saws. It was found that the cutting was done by the heat generated by the friction of the edge of the disk against the metal. The metal is melted at the point of contact while the steel of the disk, being cooled by the air, does not reach the melting point. The disks need no sharpening and do not wear out so quickly as the toothed saws heretofore used for cutting metal. The faster the disk revolves, the greater the amount of heat generated and the quicker the job.—Popular Science Monthly.

Oil and Helium in Canada.
Canadian commercial enterprise is again before the British public in the form of two announcements, the first being that exploitation of the oil fields of Western Canada on a large scale is in contemplation.
The second announcement refers to the discovery in large quantities in Western Canada of helium, the lightest known gas after hydrogen, which is more valuable than the latter for filling airship envelopes, as it is non-inflammable and nonexplosive.

Trade With Nicaragua.
Declared exports to the United States from Bluefields, Nicaragua, amounted to \$2,715,222 in 1918, an increase of \$1,290,422, compared with the value of the 1917 exports. Cigars were the chief article of export, the value of those shipped being \$1,161,000 in 1918; a large increase over the 1917 shipments of \$344,500.

A Great Remedy.
The merits of Chamberlain's Colic and Diarrhoea Remedy are well known and appreciated, but there is occasionally a man who had not acquainted with them and should read the following by P. H. Dyer, a hotel man at Dupuyer, Mont.: "Four years ago I used Chamberlain's Colic and Diarrhoea Remedy with such wonderful result that I have since recommended it to my friends."

Make the Best of Today.
Anticipating tomorrow's opportunities and regretting yesterday's failures is scarcely a fair way to spend today. It is dividing the present and bestowing it upon two periods that have no right to it.

The Observer—The only paper in the valley that is published daily. It is the only paper in the valley that is published daily. It is the only paper in the valley that is published daily.

THOMAS FREEMAN, Executor.
Dly. 7-25; 8-1-8-15-22.

An Old Fault Finder.
An irritable and fault finding disposition is often caused by indigestion. A man with good digestion and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels.

Division of Samoan Islands.
By the agreement of December 2, 1899, among the United States, Great Britain and Germany, the Samoan Islands were divided between the United States and Germany, Great Britain retiring and accepting compensation for her retirement in the form of colonial concessions elsewhere in the world. This agreement ended a long series of outbreaks and disorder in the islands amounting to a state of civil war, due, it was charged at the time, to the intrigue and aggression of the Germans.

Use for Waste Lands.
Every state in the union has some part of the swamp and wet lands that for the entire country have an aggregate area of 102,800,000 acres—larger than Iowa, Illinois and Indiana combined and three-fourths as large as France. The agricultural value of these lands varies considerably, but specialists of the United States department of agriculture believe that large areas, if properly drained and cleared by public or private co-operation, could be transformed into productive farms.

La Grande Review No. 27, Woman's Benefit Association of the Macabees meet the first Thursday afternoon and 2:30 and the third Wednesday evening at 7:30 of each month at the K. of P. Hall. Visitors cordially welcomed.

ELECTRICALLY STARTED

Oldsmobile Economy Truck

Do you like to crank a car? We venture you do not. Then why buy a truck without a starter?

Oldsmobile Trucks have a complete electric starting and lighting system. Shut off your motor when you stop your truck—There is no need allowing your motor to run to avoid cranking. These and many other advantages are incorporated in the Oldsmobile.

G. Washington's COFFEE

AT THE TABLE

The reason why people drink 1,000,000 cups of G. Washington's Coffee every day, is because G. Washington's Coffee is the richest of pure coffee. It is a substitute. It is absolutely pure. That is the explanation of its delicate aroma. Makes delicious iced coffee. Ready—instantly—when you pour on the water, hot or cold. DON'T USE A COFFEE POT!
