### COMMISSIONERS SEE NEED FOR DETENTION ROOMS

Matters Taken Up at Meeting Include Consideration of Letters from State Water Master.

La Grande's chief of Police has been displeased for some time by his inability to offer proper and decent accommodations to women whom circumstances make guests of the city, and recent arrests he has been called upon to make have brought the need of improvements around the jail prominently to the fore again. The commission took up the matter at their meeting this week and after talking it over for some time decided to refer it to the city manager who will have the plans for the needed alterations prepared.

Another matter of importance was the reading of a communication from the state water master newly appointed in this district. The water master, whose letter is published in full in the Observer today, informed the city board that should there be another water shortage next year he would under no consideration permit the city to take water from the Grande Ronde river in contravention of the prior rights of other water users. The committee decided to await the report of their special engineer, L. C. Kelsay, before taking any action in regard to the water situation.

A petition from M Avenue residents for the paving of their street from Fourth street west was received and was laid over until the commission should secure fuller information regarding the property holdings of the signers of the petitions.

A request from the Moose Lodge for a license for a street carnival company coming here under their auspices was granted, in consideration of a license fee of \$100.

A possibility of settlement of a long standing suit against the city in which the Pioneer Flooring Mill Co. were plaintiffs, was seen in the proposition made the city by the company that they would have the suit dismissed if the city would reciprocate by cancelling certain improvement assessments against them.

The paving of the streets which join up with the new state highways being built was taken up again and the city manager instructed to discuss the matter with the O-W-R. & N Company regarding the part of the expense they will bear. The railway company is the chief property holder along the route by which the highway approaches the city.

A resolution was passed by the board instructing the city recorder to notify all property owners in the district that assessment arrears must be paid. Those willing to pay their arrears up to date will be allowed ten years in which to pay the balance less the time which has elapsed since their payments first became due.

The board accepted a bid from T. J. Lilly for the construction of sidewalk on M Avenue and Ninth street.

## DOCTOR ADVISED HIM TO TAKE IT

A. F. Roberts, Successful Cattle Dealer Gains 10 Pounds in 60 Days Taking Tanlac.

"One of the best doctors in Colorado advised me to take Tanlac, and it has not only overcome my troubles but I have gained sixteen pounds since I began taking it sixty days ago," said A. F. Roberts, who lives at Rocky Ford, Alberta, Canada, a few days ago.

Mr. Roberts is one of the largest cattle dealers in this section of the country, and before moving to Canada a short time ago, he had spent most of his life in Colorado, U. S. A.

"I can now understand why Tanlac enjoys such wide popularity both in Canada and the United States," continued Mr. Roberts, and "since it has done me so much good, I know that it is a very dependable medicine and deserves all the praise that is being given it. For the past two years I have suffered from stomach trouble and when I commenced taking this Tanlac, it was almost impossible for me to retain anything I ate. I was very nervous and never got a good night's rest and finally got so weak and run down that I was hardly able to get about. I often had dizzy spells, and was bothered a great deal with constipation.

"My physician, knowing what he was doing when he prescribed Tanlac for me, for it has done the work for me, as I am as strong and healthy now as I ever was in my life. In fact it has done much more for me than I expected it would do. I have a fine appetite and everything I eat goes off with me perfectly, and I never have the slightest bit of stomach trouble of any kind. I am no longer bothered with constipation, and never have those dizzy spells any more. I have regained all my strength, and that nervousness has left me, and I am now enjoying perfect health again.

and I give Tanlac credit for it all."

Tanlac is sold in La Grande by Silverthorn & Richardson Drug Store; in Union, by L. A. Wright; in North Powder, by L. A. Russell; in Elgin, by Scott E. Harris, and in Telocast, by Telocast Grocery Co.—Adv.

### MEMORIAL PARK PROPOSED

Just what form of memorial will be chosen is still a matter of conjecture, according to Senator Brown. It has been proposed that a monument be erected in Washington, D. C., and also that a memorial park be established at Oyster Bay or Sagamore hill, the home of the Roosevelt family for several years prior to his death.

The raising of funds will not be a difficult matter, according to Brown. No attempt will be made to urge contributions and the purpose of the organization is solely to afford opportunity to all who wish to share in the building of the memorial. Committees have been appointed in all the states and wide publicity is being given the movement.

### Use fan Electric Fan in Closet.

An electric fan has not fulfilled all its obligations when it has cooled your house. Set it revolving in a dark, airless closet; it will bring in its wake ventilation, if the door is left open during the process. In addition it will dispossess the moths.
