Do your Jams and Jellies ever "Candy"?

Many women have been so discouraged by this trouble that they have almost stopped putting up fruit.

Yet, there is an easy, simple way to avoid it. Use 1/2 Karo (Red Label) and 1/2 sugar in your preserving syrup, instead of sugar alone.

Karo is a fine, clear syrup, with a natural affinity for the juices of the fruit.

It blends the sugar with the fruit juice—brings out all the "fruity" flavor.

You, too, will obtain perfect results this summer if you will use 1/2 Karo (Red Label) and 1/2 sugar instead of all sugar for preserving.

You will find your jelly clear and firm—your preserves rich with heavy syrup—your jams deliciously mellow and "fruity". Not a sign of "candyng".

For Cooking, Baking and Candy-Making Karo (Red Label) is used in millions of homes. In all cooking and baking recipes use Karo instead of sugar. It is sweet, of delicate flavor, and brings out the natural flavor of the food.

Use 1/2 Karo (red label) and 1/2 sugar

MODART CORSETS
Front Laced

WHY LOOK OLDER THAN YOU ARE?

It is astonishing how many women through lack of attention are wearing corsets that give a more mature appearance to the figure than it should have, and consequently they appear to be five or ten years older than they are.

It is possible to readily improve that condition if you will come to our corset department and get a trial fitting of the MODART front laced corset.
