What the Kirschbaum label means in a Suit

The difference between an undifferentiated ordinary fabric and guaranteed All Wool Cloth. The difference in style between the ordinary and the original fashion creations of one of the country's most famous designers. The difference between mere routine workmanship and scientific tailoring.

That, in short, is what the Kirschbaum label signifies and guarantees, whether you choose to pay \$30.00, \$35.00, \$40.00, \$45.00.

Coal in the Ice Regions. Geologists have discovered immense deposits of coal in Spitzbergen, and it is now apparent that, in spite of ice, cold and fog, Spitzbergen is a land fraught with many commercial possibilities. The coal is practically all on the surface, and deep mining is unnecessary.

Promise With a Preview. A Chicago boy of six was being shown through the Art Institute by his mother, who stopped before one of the "old masters" and, after explaining the beauty and value of the picture, said: "Now, dearie, won't you promise to remember all I have told you about this picture?" The young hopeful said: "Yes, I will if you will promise never to bring me here again."

Big Girl for That. That took was certainly annoying. Mrs. C., the primary room teacher of the A school, put her finger to her mouth to discover the cause of this annoyance. Oho, a bright-faced little pupil, no less than the one she had just asked: "Teacher, how old are you?" Choosing to ignore his impertinence she made no answer. He was not to be daunted, however. With an expression of scorn he said: "I know you're over forty, and just think I'm sucking your nose."
