**NEW SCHOOL BOOKS IN OREGON.**  
All people having children of school age will be interested in school books. As usual, the school book concerns are placing the distribution of these new books through the school book dealers in all Oregon towns and cities. These books are owned, and the prices controlled by the book manufacturers, and will be sold only for cash. All persons having second hand books or books they have been using in Oregon may exchange them for new books and pay the difference. We notice at Silverhorn's Drug Store a large stock of these new books, and each book now being marked with the price adopted by the state of Oregon, with price of the old book that may be returned in exchange, so that each cus-

tomers wanting school books may see at a glance what they will cost. We may state that the prices for all new school books adopted will be no more than the old prices, though all material is costing the publisher of books much more than before the war prices. 8-21-19

**MODART CORSETS**  
Front Laced

**WHY LOOK OLDER THAN YOU ARE?**

It is astonishing how many women through lack of attention are wearing corsets that give a more mature appearance to the figure than it should have, and consequently they appear to be five or ten years older than they are.

It is possible to readily improve that condition if you will come to our corset department and get a trial fitting of the MODART front laced corset.
