NEW SCHOOL BOOKS IN OREGON. All people having children of school age will be interested in school books. As usual, the school book concerns are placing the distribution of these new books through the school book dealers in all Oregon towns and cities. These books are owned, and the prices controlled by the book manufacturers, and will be sold only for cash. All persons having second hand books or books they have been using in Oregon may exchange them for new books and pay the difference. We notice at

Silverthorn's Drug Store a large stock of these new books, and each book now being received with the price of the old book that may be returned in exchange, so that each customer wanting school books may see at a glance what they will cost. We may state that the prices for all new school books adopted will be no more than the old prices, though all material is costing the maker of books much more than before the war prices. 8-21-19
