Here on the Auto Trip—F. E. Hamilton and wife of Los Angeles were in La Grande last evening having come from North Powder where they have been visiting Harley Laughlin and family. Mr. and Mrs. Hamilton are taking what seems to be the longest touring trip in an auto recorded in the northwest. They went from Los Angeles over the Santa Fe trail to Socorro, New Mexico then crossed the Rio Grande to El Paso; from there to San Antonio, to Houston and Galveston, east to New Orleans, then to Birmingham. From Birmingham through the Carolinas to Washington, D. C., then to Baltimore, Philadelphia and New York. Leaving New York they went up the Hudson river to Albany and then Niagara. Journeying from Niagara they visited Buffalo and then Ohio and Indiana and to Chicago. From Chicago they went to Milwaukee then to St. Paul, to Fargo, North Dakota, then to Missoula and to Wallace, Idaho visiting Spokane. From Spokane they came to Pendleton and then to La Grande. Some very bad roads were encountered but the trip was very successful and has lasted since early in May. They will return by car to Los Angeles adding another fifty hundred miles to their speedometer.

City is Filled With People—Just where the traveling public will sleep in La Grande it things continue as they are a mystery that no one seems willing to hazard a guess upon. Last night every hotel and rooming house was filled and it was stated by competent judges that not a bed in a public place was left unoccupied. Clerks at hotels are compelled to smile and tell the new arrivals that all rooms are taken and then the canvas begins for rooms outside.

O. M. Castleman Locates Here—Returning to the scenes of his earlier life O. M. Castleman, who has been in the drug business in Portland, has located in this city and will be connected with the Wallowa Milling and Grain Company. Mr. Castleman was a former resident of this city and wandered away several years ago to the bright lights of the city. After serving the public there for some time he wanted to get back where the air is pure and mountains are big and friendly, so he has come back to renew his old friendships and make new ones among the people of the Grande Ronde valley.

No Fruit from Eagle Valley Yet—Several La Grande people who make annual pilgrimages to Eagle valley to procure peaches, tomatoes and other good things to eat, have learned that the peaches and tomatoes are a little late and two weeks from now it will be possible to secure such delicacies. The roads to Eagle are no as bad as might be expected, according to those who have been over lately.

No special cause was assigned for the death but the show people were very blue over the loss of their striped pet.

Cool Night Brings Joy—The temperature fell last night, after a long campaign of hot weather, including warm nights, and as a result all La Grande reclined in the arms of Morpheus in a most satisfactory manner. Although there is no indication of rain the cool nights are welcomed.

Ira Kennedy Threshes Good Crop—One of the best fields of grain threshed in the valley this year was on the John McAllister ranch east of La Grande which is now under lease and operated by Ira Kennedy. On a fifty acre field Mr. Kennedy threshed out 1750 bushels of No. 1 wheat. It was spring wheat and was of excellent quality. The one hundred and ten acre farm will bring in this year between five and six thousand dollars. Who would not have confidence in a Grande Ronde valley ranch, is the opinion of Mr. Kennedy.

Concerning Swanking—"Swank" is bombastic behavior or talk accompanied by ostentatiousness of manner. A "swanker" is a pretentious person who strives to impress others that he is superior to others, or something different from what he really is. The word "swank" is not a modern term; it dates back to the early years of the last century and has been found in Thomas Bachelors' "Orthopaedic Analysis of the English Language" as occurring in Bedfordshire dialect. The book was published in London in 1809.

The old wall as rebuilt by Nebemiah about 445 B. C. is thought to have been something more than 150 feet high and at least 250 feet high at the corner towers.

Good Way to Clean Pipe. The following is one of the simplest methods of cleaning a tobacco pipe: Cut one-half inch from the end of an ordinary cork and fit it tightly into the bowl of the pipe. Then with a knife cut a hole through the cork wide enough to admit the nozzle of a water tap with a little pressure; turn on the water gently until the flow through the stem is sufficiently strong, and let it run until the pipe is cleaned.

Floppy Gelatin. An Englishman has discovered a process whereby iridescent and mother-of-pearl effects can be given to sheets of gelatin, useful for many purposes.

Simply Had To. A little girl was in the hospital following an operation for appendicitis. Her people lived out of the city, so she was lonely, and cried a great deal. Finally a nurse gave her a nickel not to cry. In a short time she called to the nurse: "Please take your nickel, I've just got to cry."

J. G. PARKER GIVE UP WORK

Had No Hope of Ever Being Well Again—Gains Fifteen Pounds Taking Tanlac.

"I have not only gained fifteen pounds since I commenced taking Tanlac, but for the first time in four years I am able to eat three square meals a day without suffering afterwards," said James G. Parker, who lives at Mt. Cloud, Cal., and who is connected with the Mt. Cloud Lumber Co., of that place, while in the Owl Drug Store in Portland, in the owl day.

"When I commenced taking Tanlac," continued Mr. Parker, "I had been in bad health for four years, and hadn't been able to do a lick of work for over three months. I had been suffering from stomach trouble all this time, and had reached the point where everything I ate would give me indigestion and cause gas to form so bad that I would be in misery for hours at a time. I just got weaker all the time, and finally got to where I was hardly able to go at all. Then, last January I had a severe attack of the 'flu' and after getting over that, my stomach was in worse condition than ever, and I also found my kidneys were in bad condition. I suffered so much with pain in my back that I could hardly sleep at all, and could not turn over in bed without assistance. The different medicines and treatment I had didn't do me any good at all, and I finally had to give up work altogether, and had given up all hope of ever getting well again.

"Well, I decided to make one more effort and give Tanlac a trial. I had read so much about the good it was doing others who suffered as I did, and I saw no reason why it should not help me just as it had these people. Why, it turned out to be the very thing I needed, and I commenced to pick up right away, and I just continued to improve until all my troubles were overcome. I have been in perfect health ever since, and am now as well and hearty as any man. I went back to work and have been steady at it until now and I am taking a vacation during the rainy season. I never have the least sign of stomach trouble any more, and my kidneys seem to be in perfect condition. Tanlac is a wonderful medicine, and I praise it everywhere I go."

Tanlac is sold in La Grande by Silverthorn & Richardson Drug Store; in Union, by L. A. Wright; in North Powder, by L. A. Russell; in Elgin, by Scott E. Harris, and in Telocaset, by Telecaset Grocery Co.—Adv.
